

COUNTY AFFAIRS.

Democratic Committee Meeting.

At a meeting of the Democratic County Committee held in Montrose on the 4th of July, it was unanimously resolved, That the Democratic voters of the several election districts in Susquehanna County are hereby requested to assemble at the usual place of holding their primary meetings, on SATURDAY, JULY 21st, 1866, and form Clubs, for the purpose of securing a thorough organization of the party.

Resolved, That when the call is issued for the County Convention to nominate a ticket, the officers of the respective clubs be authorized to attend and take usual charge of the primary meetings for the election of delegates.

In towns where meetings may have been held and clubs partially organized, the Democrats will meet under this call, for the purpose of completing their organization.

The hour of meeting, whether in the afternoon or evening, was not fixed by this committee; but it was left to the members of the committee, and others, in each town, who shall fix such hour as shall be deemed most convenient, and give due notice of the same.

By order of the Committee. A. J. GERRITSON, Chairman. J. L. MERRILLMAN, Secretary.

Democratic Club.

The Democratic Club of Montrose and Bridgewater will meet in Montrose on Saturday evening, July 21st, 1866, at 7 1/2 o'clock, in the second story of Cushman's building.

Broke Jail.

Montrose was thrown into considerable excitement on Tuesday last, about 10 o'clock, by the report that a couple of prisoners had broken jail and escaped. They were seen running down the old Chenango pike, north of the Court House, and chase was at once given by a number of citizens, on foot and otherwise. The two proved to be—Quinliven and T. F. Dunn, who were confined on the first floor of the jail.

The former, who appeared to be the best runner, reached the edge of the piece of wood on the east of the road near O. S. Beebe's residence, where he climbed a tree; but was discovered and brought back.

Dunn was not found until some hours later, when he was found concealed under some hay in a barn upon the premises of J. B. McCollum, Esq. The fact that but one fugitive was seen by some one on a road beyond that locality, and some remarks made by his companion, led to the suspicion that he had not reached the wood; hence the search and discovery.

Dunn is fleshy, and being encumbered by the iron upon his ankles—of which he had broken or cut a connecting link, and stuffed into his bootlegs—evidently judged that he could not reach the wood before being overtaken; and, being hidden from his pursuers at that point, by the sharp hill behind him, no doubt entered the barn thinking that those in chase would suppose him to have reached the wood.—And this idea did prevail, until, as above stated, suspicion led to a search of the barn in that vicinity.

An examination of the jail window showed that the grates had been filed or sawed off; and reports has it that a padlock upon the inner cell door had also been filed ready to be forced open.

Both fugitives quietly returned to quarters, and the excited multitude soon dispersed, all agreeing upon one thing only: that both were captured; but sundry reports of an exaggerated, and on some points, of a contradictory and unreasonable character were current.

Harford Fair.

We give the Premium List of the Harford Agricultural Society a second insertion on fourth page this week.

Penitentiary.

Attention is directed to a speech of James Stephens, "Chief Organizer of the Irish Republic," on first page of this paper. It will be seen that he holds that the Roberts faction committed an error in getting up the half-prepared invasion of Canada, and that certain leaders in that faction are not true to the best interests of their native land.

Church Benefit.

An Ice Cream and Fruit Festival will be given at the National Hotel on Thursday evening, July 19th, for the purpose of fitting up the grounds, and painting the outside of the Methodist Church in Great Bend.

Robbery.

Mr. Henry Harris, of Vestal, Broome county, N. Y., just opposite Union, was robbed of a splendid span of young horses on Sunday, the 24th ult. The property was valued at near a thousand dollars. The thieves were tracked to Binghamton, thence to Montrose, and were afterward heard of on the road to Scranton. Mr. H. is in swift pursuit, and announces his intention of following them until captured.

Worth Knowing.

Inquire at this office and learn how to purchase a Piano direct from the factory, with makers warrant, at \$50 less than cash price; or a Melodeon or Organ at less than cost. Also how to buy an Empire Shuttle or a Finkle & Lyon Sewing Machine at \$10 less than cash price.

—The other day, while a large crowd were gazing at the objects floating down the swollen waters of the Cuyahoga, at Cleveland, something unusual attracted the attention of a lady. It turned out to be a cradle, and when it was drawn to the shore, was found to contain a beautiful child fast asleep, and happily unconscious of the perils of this rough commencement of its voyage of life. She took it home as her own, if not called for.

—The Democracy of Cambria, at their county convention on the 27th, nominated Lt. Col. John P. Linton for the Assembly, to succeed Hon. Cyrus L. Pershing. The Colonel's nomination is equivalent to election.

—The Democracy of Green county appear to be fully awake upon the issues of this campaign. Meetings are being held in every part of the county, which are attended by large crowds of all parties, and addressed by men of ability. J. A. J. Buchanan, Esq., for years past the leading Republican speaker of that county, is upon the stump in support of the Johnson policy of reconstruction, and pronounces the most withering exposures of the hypocrisy and corruption of the Radicals in Congress.

—We understand that No. Prefix Geary during his visit to York, had a custard pie thrown into his face by an indignant soldier in response to Geary's declaration that the York soldiers were "Hesians, deserters and bounty jumpers." It is said that the gigantic "hero" rode off swearing he would come back there again.

—Horace Greeley says in the Tribune, June 4th: "When President Lincoln, on the surrender of Fort Sumpter, called 75,000 men to arms, there was not the shadow of a statute to justify his demand. Down to the meeting of Congress in July, he scarcely did a Constitutional act."

For saying just that, Democrats were threatened with hanging at the time Lincoln committed his illegal deeds, and many were thrust into prison for no other "offense."

—The York Gazette learns that, although one Disunionist paid for five hundred votes for Geary, at the Mechanicsburg festival, and that seventy votes for him were sent from York, the vote recd.—Clymer 2,300—Geary 1,400—Clymer's majority 900. The correct margin was really 960. This little election shows how Geary stands in his own county—right at home, in fact.

—An old gentleman remarked the other day that in 1776, we went to war on account of the Stamp Act, and got the nigger; while in 1861, we went to war about the nigger, and got the Stamp Act.

—Counterfeit 10's, lettered "A" of the Highland National Bank of Newburgh, N. Y., have been put in circulation by the counterfeiters of New York. The general appearance of the engraving on these notes is rough, but they are well calculated to deceive the public.

—Major Noah G. Ruhl has been appointed postmaster at Shrewsbury, York County, Pennsylvania, in place of McDonnell, removed.

—There is no probability of the Senate making any provision to prevent removals from office during the recess.

—Democratic newspapers do not defend deserters from the military service, but they defend the sacred laws of the land which declare that no man shall be punished for a crime until found guilty after a fair trial by a jury of his countrymen or competent court martial under the regulations of the army. It is law which demerit upholds—not desertion or crime.

—Every vote cast for him will therefore be a ballot in favor of negro suffrage. If this is disputed by the radical journals, let them define the position of their accepted leader.

—The city auditor of St. Louis has absconded, leaving many creditors in the lurch. He has also left three wives to mourn his loss.

—Five murderers in the Effingham county, Illinois jail, waiting to be hanged, became impatient and left.

—Recently, in St. Louis, a woman who had been married to three husbands, and divorced from two, was the cause of her present one being shot by the second.

—The friends of negro suffrage in Pennsylvania will all vote for General Geary. He is known to be in favor of that measure, and is thoroughly indorsed by all the advocates of negro equality in the State.

—It was the prayer of an excellent and useful minister, that God would fill his head with schemes for His glory, his heart with love, and his hands with work.

CAMPAIGNS OF THE ARMY OF THE POTOMAC. BY WILLIAM SWINTON. THE STANDARD HISTORY OF THE GRAND ARMY. The greatest Work on the War. Universally endorsed by army officers and the press.

THE AUTHOR SAYS: "I design in this volume to record what that Army did and suffered in ten campaigns and forty battles." "I shall have to celebrate the unswerving loyalty of the army, that defied every odds, and through winter and rough weather, the Army of the Potomac never gave up, but made a good fight, and finally reached the goal."

THE ARMY AND NAVY JOURNAL SAYS:—"This is the only American critical work on the late war, and it is thoroughly critical and entirely devoid of all partialities and tones." "This is the only History of the 'Grand Army,' and no one who has borne a part in its conflicts, or is interested in its great achievement, should be without it." "This work sells itself. The people are tired of political and partisan histories, and want something from official sources. We have agents clearing over \$200 per month. Send for circulars, and see our terms and proof of the above assertions."
