#### Teachers' Meeting in Brooklyn.

Mr. EDITOR: - The School Teachers of Brooklyn district met at the Centre School House, June 30th, 1866, by request of Mr. Watson, County Superintendent, and our Board of Directors, for the purpose of interchanging views on the practice of teaching, and to adopt some definite system of instruction throughout ending July 14, 1866

The meeting was called to order, when A. R. Gere was appointed Chairman, and G. B. Rogers, Secretary. The Chairman stated the object of the meeting, and then introduced the County Superintendent, who made some very appropriate remarks as to the utility of such meetings in creating a unity of effort in advancing the in-terest of our common schools. He then proceeded to drill the class of Teachers in Geography, Grammar, and Reading, and exemplified the best method of imparting instruction in these different branches in our schools.

An adjournment was then had for din-

The afternoon session was opened with addiscussion as to whether there was any difference between an idea and a thought which for the few minutes it continued

was quite interesting.
The class was then drilled in Orthography and the best manner of teaching it; and Mr. Waison urged upon the teachers the necessity of giving more attention to this too much neglected study in our common schools.

After making some remarks on Arithmetic, Mr. Watson proceeded to address the teachers on the importance of punctuality and system in their schools, and their best efforts for the advancement of their pupils, and in so doing their patrons would be better satisfied and give a more generous compensation for their services.

A few remarks were then made by Dr. E. Kent and G. B. Rogers, Esq. A vote of thanks was given to Mr. Watson for his labors and excellent address on educational matters in our common schools. Brooklyn, July 5, 1866.

L'IKING GUNS IN MONTROSE.

Complaints have been ma'e of the firing of guns within the borough limits and especially upon the Fair Grounds. According to a Borough Ordinance passed in 1853, every person who fires a gun or pistol within the borough, except on the 4th of July and training days, and except for killing worms on trees, and contraband domestic animals, is subject to a fine of one dollar for each offense.
