The Montrose & Bridge water Democratic Club, water Democratic Cito, will meet in the second story of Cushman's building, on Saturday evening, August 4th, at 71 o'clock.

Organization.

No time should be lost by the Democrats in organizing Clubs in every town, According to the unanimous vote of the County Committee, the officers of the

and all will please send us a close estimate of the vote of each party before August Leng their No G

Fire on the Fair Ground.

On last Saturday afternoon, about six o'clock, it was discovered that the Dairy Hall on the Fair Ground, was on fire; and the whole building, fifty feet in length, was consumed. The loss is about \$150. It was at first supposed to be the work of an incendiary; but it has since become known that the fire was set by accident. Some young men were sitting in the building about two o'clock, smoking, when the fire became ignited from a pipe or segar; and they supposed they extinguished it, but such seems not to have been the case.

Ladies' Fair.

The ladies of the Episcopal Church in Montrose will hold a Fair in the Academy, for the sale of useful and fancy articles, opening Wednesday evening Aug. 8th at following day and evening. On Thursday, from 12½ to 3 o'clock a collation will he served, consisting of cold meats, chicken salad, pastry, tea, and coffee, &c., &c.
Admission, 10 cents. Season tickets 25 cents.

Mowing Machine Trial.

MR. EDITOR: With your permission I will give to the Farmers of this county the results of a Mowing Machine contest, which took place in Apolacon township, on Monday, July 16th, 1866, on the farm occupied by Martin Donley, owned by estate of S. F. Carmalt, deceased.

There were four machines on the ground, which were conducted by their several agents, as follows: Cayuga Chief No. 2, by M. C. Sutton, of Friendsville; the Union Mower, by E. B. Beardslee, of Little Meadows; the Cayuga Chief, by Mr. Briggs, of Owego, N. Y.; and the Shipman Machine, by John Madden.

The ground was uneven, with round stones very plenty; grass, timothy, with stubble and fine grass at bottom, in one lot, and lodged clover in another,-well adapted to test the working qualities of the different machines.

Four Judges were selected, who were disinterested in either of the machines present, viz: Capt. J. C. Morris, O. B. present, viz: Capt. J. C. Merris, O. B. Haight, James Crimmins, and Wm. Buffum, who after a very careful examination of the work done, and the mechanical structure of the machines, their usefulness, durability, &c., decided to give the first award to Cayuga Chief No. 2, hamptactured at Aurora, Cayuga county, N. Y., for width of cut, lightness of draft, Y., for width of cut, lightness of draft, and the ease with which it is managed. The awards on the other machine were in . the order they are named above.

"ONE WHO WAS THERE." Friendsville, July 23d, 1866.

Personal.

We have been requested to publish a reply to Nick Nettle's Scranton letter in the last Republican; but the response is too severely personal, and gives Nick's gossip more notoriety than it is entitled We therefore decline publishing it; but will suggest to Nick and others, that when the Democrats meet in Convention they may claim the right to select their candidates; and it will not matter who is counted in or counted out by the loyal leaguers. All the speculating negro leaguers who assume to decide who shall be our candidates may yet learn that they and the Democrats are quite likely to differ materially in choice of representatives; and most especially do we advise Nick that his lonely run of one week as "independent candidate for District Attorney," in this county, last year, showed him to be a poor judge of candidates for even a small office; and that he only exhibits great ignorance, or something worse, in his effort to prophesy who are to be Democratic Congressmen.

The Fruit Law.

A gentleman who has suffered considerable annoyance, procures the publication of the part of a law passed in 1855, and still in force, that all persons may be warned of the consequences of trespass-

ing upon his premises:

"The wilful taking and carrying away of Fruit Vegetables, Plants, Fruit or orand punished as such, under the laws of at1,45 p.m. this Commonwealth, and, on conviction

this Commonwealth, and, on conviction thereof, in the Court of Quarter Sessions of the proper county, shall be fined, not exceeding fifty dollars, and imprisoned not exceeding sixty days.

New Skirt for 1866. The Great Invention of the Age in HOOP SKIRTS.

J. W. BRADLEY'S New Patent DUPLEX (double) ELLIPTIC SPRING SKIRT.

experienced particularly in all crowded assemblies, Operas, carriages, railroad cars, church pews, arm chairs, for promenade and honse dress, as the skirt can be folded when in use to occupy a small place as easily and conveniently as a slik or muslin dress.

A lady having enjoyed the pleasure, comfort and great convenience of wearing the duplex cliptic steel spring skirt for a single day will never afterwards willingly dispense with their nac. For children, misses and young ladies they are superior to all others.

The Hoops are covered with 2 ply double twisted thread and will wear twice as long as the single yarm covering which is used on all single steel hoop skirts. The three bottom rods on every skirt are also double steel, and twice or double covered to prevent the covering from wearing off the rods when dragging down stairs, stone steps, etc., ctc., which they are constantly subject to when in use.

All are made of the new and elegant corded tapes, and are the best quality in every part, giving to the wearer the most graceful and perfect shape possible, and are announcestionably the lightest most desirable, comfortable and conomical skirt ever made.
