## FOR GOVERNOR:

HIESTER CLYMER, OF BERKS COUNTY.

#### Mominated by Acclamation.

The Hon. Charles Denison, as stated by us last week was nominated on the 28th by acclamation, by the Democratic Convention of this county. On Monday last years. the other county composing this district, likewise nominated him by acclamation. This tribute of the Democracy to one who has already been elected for two terms is one of which Mr. Denison has just reason in October. to feel proud. It is rare that an occasion like the present occurs in a district where a nomination is equivalent to an election. The reason of the remarkable unanimity in this instance is, that Mr. Denison has been tried and not found wanting. He, has made a record which receives the unqualified endorsement of his constituents and he will be re-elected by an overwhelming majority. The name of Denison in connection with that position has become a watchword, and the honest and intelligent voters delight to honor one who has been so true to their interests .- Scranton Register.

#### HIESTER CLYMER.

Our glorious candidate for Governor is vindicating the wisdom of the Convention that put him in nomination. He is making the most thorough and most brilliant canvass ever made in Pennsylvania. It is but two weeks since he opened the campaign at West Chester, and yet in this brief period his clarion voice has rang out the battle-cry of the Constitution and the Union along the shores of the Delaware, up the banks of the Susquehanna, on the top of the Alleghenies and in the valleys of the Youghiogheny and the Monongahela. On Monday he spoke at Somerset, on Tuesday at Uniontown, on Wednesday at Waynesburg, on Thurs- 26th. Similar resolutions were adopted day at Washington, yesterday at Beaver, on the bank of the Ohio, and to-day he speaks at Newcastle.

In this one week's work we have a sample of all the rest. When it is remembered that the points above mentioned are not connected by railroad, and that Mr. Clymer has to travel from thirty to fifty the magnitude of his self-imposed task will be appreciated.

It might with reason be feared that a candidate who undertook to do so much speaking and so much travelling, would break down before the end of the campaign. Even those best acquainted with Clymer's mental and physical powers of endurance—those who best knew what he Appointments of the Democratic Canhad courage to attempt and the ability to perform—were not without anxiety when they read over his unparalleled list of appointments. But the result thus far indicates that Clymer's confidence in his own ability to perform this prodigious labor was not misplaced. Our advice from the points he has spoken at represent him as going through his work triumphantly. He is speaking with great power to large assemblages of his fellow citizens. His arguments are inking deep in the public mind, and his eloquence is stirring up a degree of enthusiasm such as has not been witnessed for many years in Western Democratic newspapers please insert. Pennsylvania.

Go on, noble champion of the Right! Your reward will be a great commonwealth redeemed from the rule of the corrupt and imbecile, and a glorious Union JOHN MILLER, rescued from the deadliest peril.-Lancaster Intelligencer.

### Geary for Negro Equality.

General Geary the disunion candidate for Governor of this State, was a delegate to the negro-rights convention, which met in Philadelphia, last week. He and the negro, Fred. Douglass, marched in the same procession, on Monday. He has evidently changed his mind in reference to the time when "negro equality is to be settled," and has determined to show that be is in favor of it now.

## Republican Preference.

miral Farragut and others, in company nity! with the President, when they passed through Philadelphia; and even refrained from personal attendance at the reception given by the people. But when the Negro Douglass and the white advocates of beyond a doubt. Bradford, Wyoming, We suggest that they dub themselves the negro suffrage visited the city, those offisiels made haste to give a public recep-

tion. Thus we see that the radicals heap inand amalgamationists.

#### Our Mass Meetings.

The Democracy and other Union men of this county should bear in mind that our candidate for Governor-Hiester Clymer-has not his superior in Pennsylvania as a public speaker, and that every effort which can be made to bring out a large attendance will be amply repaid.

The reputation of Montgomery Blair is too well known to receive more than a notice from us : and we doubt not that all who attend the meetings will go home satisfied that their ability and eloquence exceeds that of any speakers who have visited this part of the State for many

Let the people come out in their strength and listen to a manly discussion of the great issues of the day, so as to be better prepared to vote understandingly

Arrangements should be made in every town to give those a ride who wish to at

Democrats and Republicans-men of all shades of opinion-ought to attend and hear the speeches.

#### The Radical Convention.

The Convention of negroes and negro uffrageites, gotten up under the auspices of the Republican party, and attended by many of its leaders, has been in stormy session in Philadelphia during the past er Union men are especially invited to atweek. We have no space to devote to it | tend. to day; but its full endorsement of negro suffrage and negro equality nails that issue fully upon the Republican flag, and he who trains in that company and votes their ticket, votes direct for negro voters, negro jurors, and negro equality general-

#### Republican Falsehood.

The Montrose Republican says that the copperheads"—as it calls the Democrats -never uttered a word in favor of President Johnson's restoration policy until after his 22d of February (1866) speech.-We distinctly remember writing a resolation endorsing said policy, which was adopted in the Democratic Convention held in Montrose in September, 1865, and published in the Democrat of Sept. everywhere by the Democrats; yet the Republican man denies what he knows to ion to their sentiments, they assembled be a fact familiar to all.

-That sheet also says:

" President Johnson compels all his "reconstructed" friends to swear to be ab-oliciousis, and has himself advocated negro suffrage. How can the democrats "supmiles every day by private conveyance, port" him and not be abolitionists and supporters of negro suffrage? Democrats will please explain."

> The Republican has uttered similar slanders before; cannot maintain its assertion, and dare not attempt to.

President Johnson is opposed to negro suffrage and opposes all efforts to force it upon the States.

#### Beman's Cornet Band

Has been engaged to be present at the Montrose meeting, and enliven the occasion with appropriate music.

The Great Slanderer. One of the characteristics of a brave soldier is magnanimity. It but rarely happens that meanness is allied to courage. The history of warfare clearly shows that the true hero is always willing to accord to others the qualities he claims to possess himself. Not so, however, with "General" J. W. Geary, the disunion nominee for Governor. He seems to have reversed the rule, and has denied to his companions in arms the commonest virtnes of the profession to which they belonged. Among the gallant men from Pennsylvania who fought in defense of the Republic were thousands who now repudiate the Radical platform and candidate. In order to give proper expressin convention at Harrisburg. Some of the best and bravest soldiers of the war participated in that movement. We need not enumerate them. Yet all these, without exception, have been claudered in the vilest manner by Geary. At a disunton meeting, held in Baumgardner's woods, near York, he denounced them all as "shysters, cowards, skulkers, and hospital bummers," and added to the gross slander the flagitious statement that "he knew it. because he had driven them from the army himself." This uncalled-for and brutal assault upon the brave men who periled their lives for the Union, has justly excited the most intense indignation, not only among the soldiers and sailors sland, but everywhere throughout the dered, but everywhere throughout the country. Hundreds of Republicans who intended to vote for Geary, now announce their determination to oppose him. Universal disgnst followed the publication of his infamous speech, and he is now reaping the harvest that is always gathered by these who through venom or stupidi

#### The Old Atlantic Cable.

By telegraph from Hart's Content we have the pleasing intelligence that the Telegraphic fleet have succeeded in finding and raising the cable lost in 1865.-The dispatch is as follows:

HEART'S CONTENT, Sept. 2, 1866. The cable of last year was picked up this (Sunday,) morning at 4:40 o'clock, in latitude 51 degrees 52 minutes, longitude 36 degrees 03 m. The splice was made and the cable lowered at 7 a.m. The Great Eastern is now 700 miles from here, paying out. Everything is going on well, and they expect to reach

here on Saturday next. The insulation of the cable is as perfect as when it broke and disappeared from sight, over a year age.

## The Radish Candidate.

Gen. Geary, in his speech in Perry county a few days ago, went into a learned explanation of the word Radical. After tremendous labor, his brain brought forth

the following. He said:

"My friends, we are denounced as Radicals. Now my friends, most of you are plain, unpretending farmers, and may not understand what the word radical means. My farmer friends, it is derived from the Latin word radicus which means a root. My, friends, you all know, a radish is a root therefore they might just as well call us Drugs, Medicines, Chemicals, radishes as Radicals."

How learned this was, and how apt the General was in defining himself! We take him at his word, and dub him the Radish candidate for Governor.

-The Disunionists call the Johnson We suggest that they dub themselves the Fancy Goods, Jewelry, Perfumery, &c. "wool and lip society," and instruct their Butler to "ply his vocation."

Remember that it was the Repubed Fred. Douglass, a negro, as one of its mation convention at Philadelphia.

Jackson, Sept. 4, 1869. body of them attempted to destroy the furniture of the Democratic Club Room, while another large party of rioters at tempted to tear down the American flag suspended at the Democratic and Conservative Soldiers' Club Room. These outrages were only prevented by the interposition of the police.

Mr. Clymer is met and welcomed by immense crowds of citizens in every town of the State which he visits, and commands the greatest enthusiasm. Reports of the cauvass from every quarter are most enconraging.

The report of the harmonious action of the great National Union Convention was circulated all over Europe on Saturday succeeding the event. The result was that in London 5-20's went up to 701, and government bonds have had an upward tendency ever since.

Among the men who are to be imported into this State to prop the falling fortunes of General Geary, is John A. Logan, of Illinois. In a recent speech in that State, Mr. Logan said:
"If they ask me, 'Are you in favor of

making negroes citizens?' I say, 'Yes, I am-I am in favor of all people born here, or naturalized, being citizens, and entitled to the rights and privileges citizens are entitled to."

It can thus be seen by this extract that the prominent supporters of the Radical candidate for Governor in this State, are openly advocating negro suffrage. This is to be the issue for the people of Pennsylvania to decide. Mr. Logan is for negro suffrage, and he is selected to champion General Geary. This commits the Radicals in this State to negro suffrage and equality, and the white men must not let them shrink the issue.

#### Election News.

-Idaho gives over 1000 majority to the Democratic candidate for Congress, instead of 600, as reported. -Vermont voted for radicalism, last

week, as usual. -Wilmington, which has for two years

given from 500 to 900 Republican majority, only gave that party a majority of from 150 to 220 at the recent election. -In Colorado, the Governor has given

the certificate of election to Hunt, the Johnson candidate for Congress. Chilicott, the radical will contest.
