

COUNTY AFFAIRS.

Lecture. The second Lecture in the Course to be delivered before the Young Men's Literary Society, is expected to be delivered by Prof. John W. Fowler, of Poughkeepsie, N. Y., on the evening of Oct. 31.

Beat it Who Can. On Monday, Oct. 15th, 1866, Bentley F. Bedell, Isaac B. Fisher and Charles Williams, of Tioga, Tioga county, N. Y., threshed one hundred and twenty bushels of buckwheat with the old fashioned fall.

Simple Mode of Computing Interest. A new method of computing interest on any number of dollars at six per cent. appears very simple. Multiply any number of dollars by the number of days of interest desired, separate the right hand figure, and divide by six; the result is the true interest for such sum for such number of days at six per cent.

Naturalization Papers. Every alien who has been a resident of the country three years or more, and has not filed his declaration of intention to become a citizen, should do so at once, so to enable him to become a voter for President in 1868.

Protecting the toes of children's shoes from wear by Metal Tips, has proved a most important and useful invention. But until lately a great mistake has been made in applying them chiefly to the coarser grades of shoes.

The Democracy of Pennsylvania have gained eight votes on joint ballot in the Legislature. The disunionists had forty one majority last winter, but will have but thirty three next winter.

The case requiring a stamp on malt liquors, went into effect on the 1st inst. The stamp is a large one, and is required to be placed over the bung hole. John H. Surratt, the principal confederate of J. Wilkes Booth in the assassination plot, is now living in a friendly European country. Charles Dougherty, Esq., of Wilkes-barre, has received the appointment of United States Consul at Londonderry, Ireland. Mr. D. is a young Irish American of more than ordinary ability, and is a staunch Democrat.

Lancaster city—the home of Thad. Stevens—has done her full share in repudiating that old Disunion miscegen. Her majority for Clymer is 335—a gain of 286 over Woodward's of 1863, and 138 over McClellan's, of 1864. Her Democracy deserves great praise, indeed.

Messrs. Seward and Riddle, as counsel for General L. C. Baker, E. J. Conger, and L. B. Baker, have entered suit against Morgan, Smith, Dougherty, and others, who received the government reward for the arrest of the assassination conspirators. The object of this suit is that the parties interested may come into court, and the equity of their claims to portions of the reward of \$20,000 offered by the corporation of Washington may be determined on.

There have been intimations in newspapers and in political circles that the President will probably modify his restoration policy and recommend the constitutional amendment, but there is no truth for the statement. South Carolina has repealed the black code and has conferred all civil rights upon the negro except the right of voting and sitting on juries. This is not enough; it will be necessary, before the State is admitted into the black republican "union" not only to allow the negro to vote, but to so arrange it that he shall vote only the straight "loyal" ticket.

The story about ex Senator Green, of Missouri, having degenerated into a drunken loafer, is contradicted by Missouri papers. Mr. Green is said to be strictly temperate, and to have a good legal practice. Attorney General Stanberry has decided that Secretary Harlan's contract, selling 800,000 acres of Cherokee lands to a Connecticut society for \$1 per acre, is invalid, and it will probably be ignored.

PATENTED MAY 29, 1866. This is an article for washing without rubbing, extra light rub, and unlike other preparations, does not stain, but leaves the clothes, but will leave them much whiter than ordinary methods, without the usual wear and tear. It removes grease spots as if by magic, and softens the fabric by soaking, and that rinsing will in ordinary cases entirely remove it.

CAMPAIGN OF THE ARMY OF THE POTOMAC. BY WILLIAM SWINTON. The Standard History of the Grand Army. The greatest Work on the War. Universally endorsed by army officers and the press. The author says: "I shall have to record what the army did and suffered in ten campaigns and two score battles. I shall have to chronicle the unwavering loyalty of this army, that oftentimes when the bond of military cohesion failed, held it, unshaken of fortune, to a duty self-imposed."

This is the only American critical work on the late war, and it is thoroughly critical, and entirely divested of all political bias or tone. This is the only History of the "Grand Army," and no one who has borne a part in its career, or is interested in its grand achievements, should be without it. This work is self-telling. The people are tired of political and partisan histories, and are anxious for an official source. We have agents clearing over \$200 per month. Send for circulars, and see our terms and proof of the above assertion in the Ladies' Specialty. Address: NATIONAL PUBLISHING CO., Oct. 9th 4, 267 Minor St., Philadelphia, Pa.
