#### A New Book by Mrs. Emma D. E. N. Southworth.

T. B. Peterson & Brothers, Philadelphia, have in press and will publish on Saturday, Dec. 15th, a new book by Mrs. Emma D. E. N. Southworth, entitled "The Bride of Llewellyn," which will, beyoud all doubt, prove to be most popular and successul work that has ever been written by her, for she is beyond all question the most powerful female writer in America, if not in the world. No one ever read a chapter of one of her books without admiring the rare genius of its author, and wishing that she might soon write another. Her scenes are like lifepictures, her incidents are founded on tacts, and her sentiments are characterizand expression. She has the rare faculty of saying what she means, and of saying it in such a manner that her meaning can not be misinterpreted. In short, she possesses in an eminent degree those qualifications which are the peculiar prerogatives of a good writer; and white she delights the reader's imagination with her descriptive beauty, she applies home truths to his understanding with the force of rational conviction. The "Bride of Llewellyn" will be welcomed by all ed by a singular purity both of conception such readers especially; and those who have never read the works of this gifted woman should not fail to buy and read this new novel by this gifted American

-The Louisville Journal (Prentice) says: this one thing we may all know. President Johnson, in whatever troubles may be before us, will keep his eye upon the star that now guides him. No power of earth can shut it out from his soul's vision. The oceans may thunder, the whirlwinds may mar, earth and heaven may mingle their black wrath; but the star, the star of duty, the star of bravery, the star of patroitism will beam upon his spirit as clearly, as brilliantly, as gloriously as if all the elements of the universe were at peace.

-The late John Van Buren was noted, like Falstaff, for an "infinite jest." It is told of him that he was once angrily accosted by a suitor whose case he had overthrown, with, "I believe, sir you would take a fee from the greatest scoundrel on earth." "Softly, my dear sir," half whispered Van Buren, with well aff cied concern; "walk aside with me, if you please. Now, sir," presenting his ear to the man, "tell me what you have been doing!"

-The proposition of the Chicago Times to join the wooleyheads for negro suffrage meets the unbroken opposition of the Democratic party. The ignorant and debased may go with the admirers of wool, but intelligent and respectable men do not abandon their manhood so readily.

-An intelligent colored man, who wants to take a trip East, wishes to know if there is any danger that he will be picked up on the road and sent to some Legislature amongst rascally wite trash. He says he has a pretty good reputation and don't want to keep bad company.-Louisville Democrat.

-A Radical paper says: "Confederate notes are again coming into circulation in the remote South, and the lost cause' is so far revived in North Carolina that storekeepers advertise they will receive them as currency." We can add that Mobile wood dealers will take them even-cord for cord. If this be treason, make the most of it .- Mobile Times.

Live men buy their Goods and get the highest price for Butter, Grain, and Cheap Store.

On Monday evening last the Radicals of Boston held a caucus to nominate a candidate for Mayor. They nominated H. S. Frost. His principal compeitor was a nigger named H. W. Morris, who came within 102 votes of beating the forn the facts, and we will put them in mer. Next year the darkey will win.

-The government has good reason to believe that Colonel Lynch, the Fenian, will not be hung by the Canadian authortrict, has appointed Henry C. Tyler as ities in December but will be commuted. or, what is better, pardoned. The Governor General has his case now under consideration.

-The death of the Hon. Jacob Fry, of Montgomery county, is a serious loss to the Commonwealth. This sad event occurred on Wednesday night last, just as p'e. Mr. Fry was a gentleman of the olp school. He was an ardent politian of the Democratic faith, and a firm believer in the drinciples of popular government.
