History of the War.

A History of the War between the States-tracing its origin to original causes and results-by Hon. Alexander H. Stephens, late Vice President of the 'Confederate States," is now in press, and will soon be issued by the National Publishing Co., No. 507 Minor street, Philadelphia. This work will doubtless be a dignified and impartial history of those four years of terrible strife. The writer's acknowledged capacity, his facilities for the acquisition of facts from sources which have been almost closed to northern book-writers, with the fact that he always gave his voice and influence on the side of peace and unity, renders him the fittest man for the accomplishment of the work, perhaps in the country.

The book will be sold by subscription. Agents wanted to canvass every neighborhood-to whom liberal commissions will be paid. Address National Publishing Co., No. 507 Minor street, Phil'a.

J.W. Bradley's celebrated Patent DUPLEX ELLIPTIC

(OR DOUBLE SPRING) SKIRT

The wonderful flexibility, great comfort and pleasure to any lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowdenssemblies, Operas, carriages, raliroad cars, church pews, arm chairs, for promenade and house dress, as the skirt can be folded when in use to occupy a small place as easily and conveniently as a slik or musilin dress, an invaluable quality in crinoline, not found in any Single Spring Skirt.

A lady having enjoyed the pleasure, comfortand great convenience of wearing the duplex elliptic steel spring skirt for a single day will never afterwards willingly dispense with their use. For children, misses and young ladies they are superior to all others.

They will not bend or break like the Single Spring, but will preserve their graceful and perfect shape when three or four ordinary iskirts will have been thrown aside as useless. The hoops are covered with double and twisted thread, and the bottom are not only double springs, but twice (or double) covered; preventing them from wearing out when dragging down stoops, stairs, &c.

The Duplex Elliptic is a great favorite with all indies, and is universally recommended by the Fushion Magazines as the standard Skirt of the fashionable world.

To enjoy the following inestimable advantages in Crinoline, viz: superior quality, perfect manufacture, stylish shape and finish, lexibility, durability, comfort and economy, inquire for J. W. Bradley's Duplex Elliptic Steel Springs" upon the waisthand—none others are genuine. Also notice that every Hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength, and a combination not to be found in any other skirt.
