The County Committee.

The Democratic County Committee committee adjourned to meet at the call of intention of moving on this spring. the chairman.

Internal Revenue.

The President nominated Caleb E. Wright for Collector, and Hiram White for Assessor, last week, but both were rejected by the Senate-being the fourth Collector and the fifth Assessor rejected for the District. H. C. Tyler, Deputy Collector for this county, and acting Collector for the District since March 4th, has resigned, and closed the offices on

Saturday last. This suspends all collections for the District, and should the Senate not adjourn soon, it is feared that it may have the effect to force a compromise by which walk up to the rack and see that the old a loyal Leaguer may get the office of Col. man has justice done him. lector or Assessor, against the wishes of the President and his friends. In the meantime, however, business goes on at the Assessor's office as heretofore stated, without interruption.

Teachers Wanted.

It is expected that C. I. A. Chapman Esq., of Pittston, Pa., will lecture in Montrose sometime during the present week.

"The Soldiers' Friends."

It is announced that James Wilbur, a gallant soldier, who lost a leg in the service, has been rejected by the Senate as Postmaster at Towarda. The office is now Fire in Wilkesbarre. vacant; and the "soldiers' friends" in the Senate prefer to let it so remain, rather Wilkes Barre has ever than give it to a crippled soldier, nominated by the President.

Verily it seems true, as the "Grand Army of the Republic' says, that "there is a conspiracy against the soldiers"—but it is among the hypocritical. Radicals in the Senate and elsewhere.

W. W. WATSON, April 2, 1867. County Sup't.

A circumstance occurred in the town ship of Springville, last fall as follows: A colored man having a large family, met on the 8th, D. Brewster in the chair. and quite destitute, made a contract with J. Blanding was nominated for Representione of the Drinkers, as I understand, for tetive Delegate, and there being no other a piece of land having on it some improvecandidate, he was declared unanimously ment and a sort of a house. He paid elected. On motion of A. Carpenter the \$100, or \$140 all he could raise, with the

> Within a few weeks past a lot of fellows went during the night and completely demolished the house, and now the colored man has no where to put his family and is completely destitute.

Now then many (a large majority) in this town profess the greatest sympathy for the black man, and what will they do? We have not heard of any one making a move.

We will see whether works will bear witness. Now these desperadoes ought to be prosecuted, and punished, to the full extent of the law. And we think if the sympathy professed for the black man is genuine, that his friends will every one

The Gt. Bend Lottery.

The following item is clipped from the Northern Pennsylvanian, published at Great Bend:

"Notice-Notice is hereby given that the United States licensed me to engage in the lottery business on the 6th of Janurry, 1867. I have sold only 13 tickets myself, do not know how many other parties sold. But all tickets with my name on I will refund the money. I shall be at the Barnum house from the 15th to the 30th, call and get the money for your tick-

P. S. I will pay \$1,00 dollars to any responsible man that will cause my arrest for being engaged in a lottery that the Uni-

ted States granted me to deal in. J. E. ATWOOD," It is proper to state that the United

States has not licensed Mr. Atwood to engage in the lottery business. The Government does not now "license" any person to do any business; it simply assesses a special tax upon those who do certain kinds of business. Under the original law a nominal "License" was given; un-der the present law a "Special Tax" is assessed and a mere receipt given on payment of the tax. But neither the former "license" nor the present tax receipt authorizes any person to conduct business unless such business is allowed by state laws. Certain kinds of business are legalized by the state, when a state or county license has been obtained from the proper authority. For instance: Liquor dealers can do business upon being licensed by the courts and the Government assesses and internal revenue tax in addition. Lotteries are prohibited by our state laws, and those doing a lottery business are liable to indictment, &c. But if any one commences a lottery business, Uncle Sam assesses and collects a tax and leaves the party in the hands of the state law. Every person who sells lottery tickets must pay a special tax of \$100 a year to the Government, also a monthly tax upon tickets sold.

The business places on the north side of Market street which were destroyed were those of Pyle Crayling and Co. clothing:

admit that the limit of improvement can ever be attained.

Before they had brought their Planos to their present excellence, they had submitted them to competition with instruments of the best makers of this country and Europe, and received the reward of merit, over all others, at the celebrated World's Fair. It is but justice to say that the judgment thus pronounced has not been overruled by the musical world.

Still, by the improvements lately applied by them to their Planos, it is admitted that a more perfect instrument has been made. They have accordingly achieved the paradox of making excellence more excellent.—Surely, after this, they are entitled to the motto, "Excelsior."
