

"Equality of the Races."

The Patriot calls attention to the fact that if a white man unaccompanied by a lady, (no matter how much of a gentleman he may be,) attempts to enter a railroad car devoted to ladies and their escorts, he is stopped by the conductor or brakeman, and sent to a car devoted exclusively to men.

For all these "blessings," good ladies and gentlemen of Pennsylvania, you are indebted to the Radicals of the Legislature, who passed the bill, and to John W. Geary, who signed it.

It is generally conceded among sagacious politicians that the Democracy of Pennsylvania will not nominate a candidate for Supreme Judge.

Politicians and newspapers that make such statements as the above may be "sagacious" according to some notion they may have of sagacity, but they are not truthful; for all such statements are coined and published to deceive the people.

The "Grand Army of the Republic."

The members of this Radical secret society may be interested in the perusal of the following extract from the records of a Philadelphia court.

"District Court—Judge Sharswood.—James Struthers vs. Louis Wagner. An action of trover. Before reported. Defendant was commander of Camp William Penn. A brother of plaintiff was put in the guard house by Colonel Wagner, and in doing so the Colonel, it is charged, took from him a gold watch and chain belonging to the plaintiff.

Louis Wagner is the "Grand Commander of the Grand Army of the Republic in Pennsylvania," and James Struthers is or was a negro soldier.

An Excellent Idea!

"Public men who have been derelict in their duties or dishonest in their official positions, should be dropped by the people without ceremony, and new men be sought to fill their places."

We second the motion! As nearly every Republican official, from Lincoln down, has proved derelict in duty, or corrupt in office—let them all go out, and let the good old Democratic party be reinstated!

Affairs in the Indian Country.

The Indians west of the Mississippi seem determined upon a general war against the whites. All the tribes have been harangued by leading chiefs in the war interest, and the action of the different parties show that a perfect understanding exists on the question of hostile opposition to the authority of the general government.
