Bible Society Meeting. At a meeting of the managers of the Susquehanna Bible Society held in Montrose, May 13th, 1867, the following resolutions were passed: Resolved, That it is expedient to canvass this county at this time for the purpose of supplying its inhabitants with Bibles and Testaments, according to the rules of the Pennsylvania Bible Society.

Resolved, That Rev. S. S. Kennedy, the accredited agent of the Pennsylvania Bible Society, be recommended by the managers of the Susquehanna Bible Society to the attention of the patronizing churches in this county, with the view of securing funds to aid in carrying out the object of the first resolution; and that he be authorized to draw from the needed Bible and Testaments from the Pennsylvania Bible Society, on account of this Society, to the amount of funds collected for the purpose; and that he also be requested to report from time to time to the Secretary of the Susquehanna Bible Society the result his labors.

Rev. H. A. RILEY, Pres't. Rev. J. G. MILLER, Sec'y.

Outrageous. A case of unjustifiable cruelty occurred at Saratoga, a few days ago. A little boy of eight years, son of a man named Baile, was shut up over night in a coal vault by a storekeeper of that place named Blake and his assistant named Holzgate, on a plea that the child had attempted to steal a ball. The child's story is that he merely took the ball towards the door to see whether his companion approved his selection, when he was seized, beaten, thrust into the cellar and threatened with having a stick put in his mouth if he shouted or made a noise. This occurred at 8 o'clock in the evening, and the child was left in his dungeon for the night.

After spending a terrible night in the wet and dirt, fighting the rats off his person, the child succeeded, about 4 o'clock in the morning, in making his way out upon the pavement through the coal hole, and soon sank insensible into the arms of his mother, who had been wandering the streets all night in search of her boy. Strange to say, the father has compromised with Blake for \$500. The latter says he gave his clerk orders to let the boy out at 9 o'clock, but it was not done. Yet he feels justified in retaining the services of the clerk. It is quite likely, however, that there will be little use for a clerk hereafter. It is alleged that, whilst the child was fighting the rats, the storekeeper was at a prayer meeting.

Bridgewater Schools. The following Resolution was adopted by the Bridgewater Board of School Directors, April 20, 1867: Resolved, That we adopt the following Text Books for the Schools under our charge: Sander's Union Readers and Spellers; Robinson's Arithmetics; Fitch & Colton's Geographies.

The Books are left with A. N. Bullard, where new ones will be exchanged for old ones, if not soiled too much. These Text Books are furnished at introductory prices. Teachers are requested to use no other kinds in their schools. By order of the Board. C. J. CRETIS, Sec'y. Bridgewater, May 14, 1867.-2

To School Directors. There appears to be a general negligence on the part of School Directors to publish the account of their receipts and expenditures of their respective districts as required by the Act of Assembly. The State Superintendent of Common Schools states that this section of the law is as obligatory upon the Board of Directors as is the section requiring them to keep open schools, and a neglect to perform this duty according to the law subjects Directors to removal by the courts, the same as the neglect of any other duty required by law.

Bounty Statements. It may not be generally known that a general law of the Legislature, approved April 11, 1866, requires the bounty accounts of every district to be carefully audited by the Township Auditors, and "prepare a condensed statement of the condition of these finances, and publish the same at the cost of the district, for three successive weeks in the two papers having the largest circulation in the county."

It not only requires this duty to be performed by the Township Auditors, but imposes a penalty of fifty dollars upon each Auditor, who refuses to comply, one half of which goes to the prosecutor, and the other half to the school fund of the district. It provides, also, that the Auditors shall notify the School Directors or other parties having disbursement for the purpose of enabling the Auditors to close up the bounty accounts of the township for the fiscal year. Auditors should see to this matter forthwith.

Struck by Lightning. Robert W. Gere, of Brooklyn, was struck by lightning on Monday of last week. The lightning demolished the chimney and stove-pipe, struck him on the side or back, passing down his leg and tore the boot open. His leg was badly burned and his clothing set on fire. He is severely injured, but not fatally.

Publication of the Laws. It is almost impossible to find out what Acts of the Legislature have become laws. By the present absurd mode of publishing the laws, the public do not get to know what laws have been passed, for six or eight months after the adjournment of the Legislature, when the Pamphlet Laws make their appearance. And even then, in this shape, they only reach county officers and justices of the Peace whilst the people who are bound to obey laws, never get to see them in print. All the general laws should be published in the newspapers of the different counties, and all local acts should be published in the same way, in the localities to which they apply. We hope the next Legislature will pass an act requiring the publication of the laws in the newspapers, so that the people may learn what laws have been passed.

Important to Soldiers. Congress has provided by law that soldiers, sailors and marines, who were captured during the war and held as prisoners, shall be allowed, as a commutation for their rations, the sum of twenty-five cents per day. This money is paid by the Commissary General of Prisoners at Washington, and it is necessary that the names of the claimants shall appear on his books. The act of Congress only permits the payment to be made to privates in the land and naval forces. Officers are not entitled to it. Notwithstanding this fact many of the latter have applied for commutation, and others may yet apply. To save trouble, it is proper that the conditions of the law should be understood.

As there are soldiers, marines and sailors, who have not made application, they should do so at once, before the payments are closed.

ABEL TURRELL is continually receiving new supplies of Groceries and Medicines, which will be sold as low as at any other Store in Montrose.

DR. SCHEENCK'S PULMONIC SYRUP. This great medicine cured Dr. J. H. Sorensen, the Proprietor, of Pulmonary Consumption, when it had assumed its most formidable aspect, and when speedily dead seemed to be inevitable. His physician pronounced his case incurable, when he commenced the use of this simple but powerful remedy. His health was restored in a very short time, and no return of the disease has been apprehended, for all the symptoms quickly disappeared, and his present weight is more than two hundred pounds.

Since his recovery, he has devoted his attention exclusively to the cure of Consumption, and the disease which are usually complicated with it, and the cures effected by his medicines have been very numerous and truly wonderful. Dr. Scheenck makes professional visits several of the largest cities weekly, where he has a large concourse of patients and it is truly astonishing to see poor consumptive patients to be lifted out of their carriages, and in a few months healthy, robust persons. DR. SCHEENCK'S PULMONIC SYRUP, SWEETENED TONIC, and MANDRAKE PILLS are generally all required in curing Consumption. Full directions accompany each, so that any one can take them without seeing Dr. Scheenck, but when it is convenient it is best to see him. He gives advice free, but for a thorough examination with his Respirator, his fee is three dollars. Please observe, when purchasing, that the two likenesses of the Doctor—one when in the last stage of Consumption, and the other as he now is, in perfect health—are on the Government stamp.

Sold by all Druggists and Dealers. Price \$1.50 per bottle, and 50¢ for the half dozen. Letters for advice should be directed to Dr. Scheenck's Principal Office, No. 15 North 6th Street, Philadelphia, Pa. General Wholesale Agents: Demas Barnes & Co., N. Y.; S. H. Bance, Baltimore, Md.; John D. Park, Cincinnati, Ohio; Walker & Taylor, Chicago, Ill.; Collins Bros., St. Louis, Mo. (Ed. w. ca no. 172)
