**Latest Fashions Demand J. W. BRADLEY'S Celebrated Patent DUPLEX ELLIPTIC (OR DOUBLE SPRING) SKIRT.**

The wonderful flexibility and great comfort and pleasure to any lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowded Assemblies, Operas, carriages, walks, and in the most arduous arm chair, for promenade and dress, as the skirt can be folded when in use to occupy a small space as easily or conveniently as silk or muslin dress, and its valuable quality in crinoline, not found in any single spring skirt. The wearer enjoys the pleasure, comfort and great convenience of wearing the Duplex Elliptic steel spring Skirt for a single day will never afterwards willingly dispense with their use. For children, misses, and young ladies they are superior to all others. They will not bend or break like the single spring, but will preserve their perfect and graceful shape for three or four ordinary skirts would have been thrown away as useless. The hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered, preventing them from wearing out when dragging down stoops stairs, &c. The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazines as the standard skirt of the fashionable world. To enjoy the following inestimable advantages in crinoline, viz: superior quality, perfect manufacture, light and easy, flexible, durable, comfortable, and economy, inquire for J. W. Bradley's Duplex Elliptic, or Double Spring Skirt, and be sure you get the genuine article. CAUTION.—To guard against imposition be particular to notice that skirts offered by the Fashion Magazines as the standard skirt of the fashionable world, and which are styled as "J. W. Bradley's Duplex Elliptic Skirt" upon the waistband—none others are genuine. Also notice that every hoop will admit a pin being passed through the centre, thus retaining the two (or double) springs braided together therein; which is the secret of their flexibility and strength, and a combination not to be found in any other skirt. For sale in all stores where first class Skirts are sold throughout the Empire, and elsewhere. Manufactured by the sole owners of the Patent. **West, Bradley & Carey,** 97 Chambers and 79 & 81 Bead Sts., New York. May 1, 1867—3m

**THE HOWE MACHINE CO'S SEWING MACHINES,**  
699 BROADWAY, NEW YORK.

**FOR FAMILIES & MANUFACTURERS.**  
**THESE WORLD RENOWNED SEWING MACHINES**  
Were awarded the highest Premium at the World's Fair in London, and six first premiums at the New York State Fair of 1866, and are celebrated for doing the best work, using a much smaller needle for the same thread than any other machine, and by the introduction of the most approved & a history, we are now able to supply the very best machines in the world.

**These machines are made at our new and spacious Factory at Bridgeport, Conn., under the immediate supervision of the President of the Company, Elias Howe, Jr., the ORIGINAL INVENTOR OF THE SEWING MACHINE.**  
They are adapted to all kinds of Family Sewing, and to the use of seamstresses, dress makers, tailors, manufacturers of shirts, collars, skirts, coats, mantillas, clothing, hats, caps, boots, shoes, harness, Saddles, lined goods, umbrellas, parasols, etc. They work equally well upon silk, linen, woolen and cotton goods with silk, cotton or linen thread. They will sew, quilt, gather, fell, cord, braid, bind, and perform every species of sewing, making a beautiful and perfect stitch, alike on both sides of the articles sewed.

**The Stitch invented by Mr. Howe, and made on this Machine, is the most popular and durable, and all Sewing Machines are subject to the principle invented by him. SEND FOR A CIRCULAR. SIBLEY & STOOPS, General Agents, NO. 922 CHESTNUT ST., PHILA. Feb. 26, 1867.**

**NEW FIRM. MUSIC & JEWELRY.**

THE subscriber having formed a partnership with MR. J. A. STEVENS, wishes to make his best to his old Customers, and inform them that the Mercantile Department of the business will hereafter be managed by J. A. STEVENS, who has increased capital and facilities, and has a stock of New Goods in all departments, a store thoroughly refitted, and **Prices Reduced.**  
**The Watch-Making Department** is retained by me, and will receive my personal attention. I have secured the services of MR. C. H. WOOD, B.Y.E., a watchmaker who has worked in the best shops of Europe, and has no superior in the country. I shall therefore be able to do all work within three days from the time it is brought in.  
**The Clock and Jewelry Repairing** will be owned by Mr. Stevens, who will do all work in that line promptly, and in the best style.  
Nov. 27, 1866. O. D. BEMAN.

**OUR STOCK** will consist of a full assortment of the following goods, suitable for this market, which will be sold at low, and many of them lower, than by any one else this side of New York city.  
**Read the Catalogue. CLOCKS & WATCHES. WATCHES.** American, Swiss and English, both gold and silver.

**GROVER & BAKER'S SEWING MACHINES**

WERE AWARDED THE **HIGHEST PREMIUMS** At the State Fairs of New York, Illinois, Virginia, Michigan, N. Carolina, Vermont, Wisconsin, Tennessee, Pennsylvania, Iowa, Alabama, Ohio, Kentucky, Oregon, Indiana, Missouri, California.

At the Fairs of the American Institute, Franklin Institute, Maryland Institute, Mechanics' Association, Agricultural Institute, St. Louis Agricultural and Mechanical Association.

And at numerous Institute and County Fairs, including all the Fairs of which they were exhibited the past three years. They have also been awarded those machines at the exhibitions of London, Paris, Dublin, Litz, Besancon, Bayonne, St. Dizier, Chalons, &c.

And they have been furnished by special command to the Empress of France, Empress of Austria, Empress of Russia, Empress of Brazil, Queen of Spain, and Queen of Bavaria.

The Grover & Baker Elastic Stitch Sewing Machines are the most perfect of the following reasons:  
1. They are more easily understood and used, and less liable to derangement than any other machines.  
2. They are more direct from the spools, and require no re-winding of thread.  
3. They are more easily understood and used, and less liable to derangement than any other machines.  
4. The stitches made by these machines is much more firm, elastic and durable, especially upon coarse work, and requires less thread than any other stitch.  
5. This stitch, owing to the manner in which the under thread is introduced, is much the most plump and heavy even upon articles frequently washed and ironed until they are worn out.  
6. The strength of the seam is such that, though it be torn or broken at intervals of only a few stitches, it will neither open, run, or ravel, but remains firm and durable.  
7. Unlike other machines, these fasten both ends of the seam by their own operation.  
8. With these machines, while silk is used upon the right or face side of the seam, cotton may be used upon the other side without lessening the strength or durability of the seam. This can be done on no other machine, and is a great saving upon all articles stitched or made up with silk.  
9. These machines, in addition to their superior merits as instruments for sewing, by a change of adjustment, will sew, cut, and trim, and will make beautiful and permanent embroidery and ornamental work.

**Manhood: How Lost, How Restored.**  
JUST published, a new edition of **Dr. Culver's Well-Celebrated Essay** on the radical cure without medicine of SPERMATORRHOEA, or Seminal Discharge, Involuntary Emission, Impotency, Mental and Physical Debility, Impediments to Marriage, etc.; also, Consumption, Epilepsy, and Fits, induced by the same, and all extraneous diseases. Price, in a bound volume, only 6 cents.  
The celebrated author in this admirable essay clearly demonstrates, from a thirty years' experience, that the alarming consequences of a false mode of cure without the dangerous use of internal medicine, and the application of the knife, and other modes of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every young and every man in the land. It has been sent under seal, in a plain envelope, to any address. Post paid, on receipt of six cents, or two post stamps. Address the publishers, **CHAS. J. CLINE & CO.,** 127 Bowery, New York, Post Office box 4586. March 19, 1867—13w
