Frst prizes have also been awarded those machines at the exhibitions of

London, Paris, Dublin, Litz, Besancon, Bayonne, St. Dizier, Chalons,

And they have been furnished by special command to the

Empress of France, Empress of Austria Empress of Russia, Empress of Brazil, Queen of Spain, and Queen of Bavaria.

The Grover & Baker Elastic Stitch Sewing Machines are superior to all others for the following reasons: They sew direct from the spools, and require no re winding of thread.

2. They are more easily understood and used, and less liable to derangement than any other machines.

3. They are capable of executing perfectly, without change of adjustment, a much greater variety of work than other machines. 4. The stitch made by these machines is much more firm, elastic and durable, especially upon articles which require to be washed and ironed, than any other stitch.

5. This stitch, owing to the manner in which the under thread is inwrought, is much the most plump and beoutiful in use, and retains this plumpness and beauty even upon articles frequently washed and ironed until they are worn out they are worn out. 6. The structure of the seam is such that, though it be cut or broken at intervals of only a few stitches, it will neither open, run, or ravel, but remains firm and durable.

7. Unlike other machines, these fasten both ends of the seam by their own operation.

8. With these machines, while silk is used upon the right or face side of the seam, cotton may be used upon the other side without lessening the strength or durability of the seam. This can be done on no other machine and teachers.

chine, and is a great saving upon all articles stitched o 9. These machines, in addition to their superior merits as instruments for sewing, by a change of adjustment, easily learned and practiced, execute the most beautiful and permanent embroidery and ornamental work. made up with silk.

Latest Fashions Demand J. W. BRADLEY'S Celebrated Patent DUPLEX ELLIPTIC (OR DOUBLE SPRING)

SKIRT.

The wonderful flexibility and great comfort to pleasure to any Lady wearing the Duplex Elliptic Stin will be experienced particularly in all crowded Attenblies, Operas, carriages, railroad cars, church persaru chairs, for promenade and house dress, as the thin can be folded when in use to occupy a small place asily or conveniently as a silk or muslin dress, an invaluable quality in crinoline, not found in any single spring skirt.

A lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic steel spring Skirt for a single day will never afterwards willingly dispense with their use. For children, misses, as young ladies they are superior to all others.

They will not bend or break like the single Pping, but will preserve their perfect and graceful shape when three or four ordinary skirts would have been thrown away as uscless. The hoops are covered with doubt and twisted thread, and the bottom rods are tnot only double springs, but twice (or double) covered, prevening them from wearing out when dragging down a stoop stairs, &c.

The Duplex Elliptic is a great favorite with all ladies.

ing them from wearing out when urage in stairs, &c.

The Duplex Elliptic is a great favorite with all idding and is universally recommended by the Fashion Magazines as the standard skirt of the fashionable word.

To enjoy the following inestimable advantages in crinolline, viz: superior quality, perfect manafacture, stylish shape and finish, fixibility, iderability, comien and economy, inquire for J. W. Bradley's Duplex Elliptic, or Double Spring Skirt, and be sure you get the genuine article.

Inptic, or Donble Spring Skirt, and be sure you get it: genuine article.

CAUTION.—To gnard against imposition be particular to notice that *kirts offered as "Duplex" have the red ink stamp, viz: "J.W. Bradley's Duplex Steplers Springs" upon the waistband—none others are graine. Also notice that every hoop will admit a plinking passed through the centre, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength, and a combination not to be found in any other skirt.

For sale in all stores where first class Skirts are to throughout the United States and elsewhere.
