GROVER & BAKER'S

SEWING MACHINES

WERE AWARDED THE

HIGHEST PREMIUMS

At the State Fairs of

New York,	Illinois,	Virginia,
New Jersey,	Michigan,	N. Carolina,
Vermont,	Wisconsin,	Tennessee,
Pennsylvania,	Iowa,	Alabama,
Ohio,	Kentucky,	Oregon,
Indiana,	Missouri,	California.

At the Fairs of the

American Institute, Franklin Institute, Maryland Institute, Massachusetts Mechanics' Association, Penn. Mechanics' Institute, St. Louis Agricultural and Mechanics' Association,

And at numerous Institute and County Fairs, including all the Fairs at which they were exhibited the past three years.

Fret prizes have also been awarded those machines at the exhibitions of

London, Paris, Dublin, Litz, Besancon, Bayonne, St. Dizier, Chalons,

And they have been furnished by special command to the

Empress of France, Empress of Austria, Empress of Russia, Empress of Brazil, Queen of Spain, and Queen of Bavaria.

The Grover & Baker Elastic Stitch Sewing Machines are superior to all others for the following reasons:

1. They sew direct from the spools, and require no rewinding of thread.

2. They are more easily understood and need, and less liable to derangement than any other machines.

3. They are capable of executing perfectly, without change of adjustment, a much greater variety of work than other machines.

4. The stitch made by these machines is much more firm, elastic and durable, especially upon articles which require to be washed and ironed, than any other stitch.

5. This stitch, owing to the manner in which the under thread is inwrought, is much the most plump and beautiful in use, and retains this plumpness and beauty even upon articles frequently washed and ironed until they are worn out.

6. The structure of the seam is such that, though it be cut or broken at intervals of only a few stitches, it will neither open, run, or ravel, but remains firm and durable.

7. Unlike other machines, these fasten both ends of the seam by their own operation.

8. With these machines, while silk is used upon the right or face side of the seam, cotton may be used upon the other side without lessening the strength or durability of the seam. This can be done on no other machine, and is a great saving upon all articles stitched or made up with silk.

9. These machines, in addition to their superior merits as instruments for sewing, by a change of adjustment, easily learned and practiced, execute the most beautiful and permanent embroidery and ornamental work.

J. W. BRADLEY'S Celebrated Patent

DUPLEX ELLIPTIC

(OR DOUBLE SPRING)

SKIRT.

The wonderful flexibility and great comfort and pleasure to any Lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowded Assemblies, Operas, carriages, railroad cars, church pews, arm chairs, for promenade and house dress, as the skirt can be folded when in use to occupy a small place as easily or conveniently as a silk or muslin dress, an invaluable quality in crinoline, not found in any single spring skirt.

A lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic steel spring Skirt for a single day will never afterwards willingly dispense with their use. For children, misses, and young ladies they are superior to all others.

They will not bend or break like the single spring, but will preserve their perfect and graceful shape when three or four ordinary skirts would have been thrown away as useless. The hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered, preventing them from wearing out when dragging down stoops stairs, &c.

The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazines as the standard skirt of the fashionable world.

To enjoy the following inestimable advantages in crinoline, viz: superior quality, perfect manufacture, stylish shape and finish, flexibility, durability, comfort and economy, inquire for J. W. Bradley's Duplex Elliptic, or Double Spring Skirt, and be sure you get the genuine article.

CAUTION.—To guard against imposition be particular to notice that skirts offered as "Duplex" have the red ink stamp, viz: "J. W. Bradley's Duplex Steel Springs" upon the waistband—none others are genuine. Also notice that every hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength, and a combination not to be found in any other skirt.

For sale in all stores where first class Skirts are sold throughout the United States and elsewhere.

Manufactured by the sole owners of the Patent.

The world renowned author, in this admirable Lecture, clearly proves from his own experience that the awful consequences of self abuse may be effectually removed without medicine, and without dangerous surgical operations, bougies, instruments, rings, or cordials, pointing out a mode of cure at once certain and effectual, by which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically. This Lecture will prove a boon to thousands.
