The Committee and Secretary have an

Judges are requested to meet at 10 o'clock  
of the second day, when their names  
will be called and vacancies filled; and  
they will enter upon their duties and be  
ready to report in writing at 2 o'clock  
of the same day. It is hoped that all persons  
appointed on Awarding Committees  
will be present at that hour. The Judges  
can resort to the office for instructions and  
to make out reports.

Exhibitors wishing to compete for pre-  
miums, must have their articles or ani-  
mals entered on the Secretary's book the  
first day of the Fair, if possible; and a  
Card, which will be received from the  
Secretary, C. W. Tyler, must be placed on  
the animal or article to be exhibited.—  
They must be all on the ground for ex-  
hibition by 10 o'clock a. m. of the second  
day, or they cannot receive a premium.  
No animal or article can be removed be-  
fore the close of the exhibition, except by  
permission of one of the Executive Com-  
mittee.

It is very desirable that all vehicles en-  
tering the enclosed ground should be kept

known by their official badges.

A sufficient police force will be in at-  
tendance, day and night, to protect the  
property of exhibitors.  
Arrangements are made for all stock

at the entrance of the Fair Grounds to  
direct all persons driving in stock over  
night.  
Stock can be entered ten days previous  
to the Fair by calling on C. W. Tyler,  
Secretary.

No provision will be made for stalling  
stock over two years old.  
No premium will be awarded to any  
persons exhibiting animals or articles not  
entered in the name of the bona fide owners.  
Premiums not called for within six  
months will be considered donated to the  
Society.  
Those driving in stock can be accom-  
modated with pasture, as follows: From  
the North and New Milford, at R. S.

Searle's; from Brooklyn, at Wm. Jessup's;  
from Springville, the Wyalusing and the  
West at J. S. Tarbell's farm.

**Daily Order of Arrangements.**

AVERY FRANK, }  
JOHN C. MORRIS, Pres't.  
C. W. TYLER, Sec'y.

A correspondent, after many an ar-  
duous escape from the Indians, has collected  
the following characteristics of the differ-  
ent tribes:

A litigious tribe—the Sioux.  
Boasting Characters—the Crows.  
Half civilized—the Semi-noles.  
Industrious classes—the Diggers.  
Sharp fellows—the Cheyennes.  
Good Pastry Cooks—the Putes.  
Individuals of civility—the Sacs.  
Holding to their pledges—the Pawnees.  
Sly fellows—the Foxes.  
A sluggish race—the Creeks.  
A foul mouth set—the Chick-saws.  
A filthy tribe, offensive in warm weather—the Black-feet.

Energetic men—the Kick-apoos.  
Men of letters—the Wyandottes.  
A striking evidence of civilization is the  
number of clubs that are found among the  
Indians. Some of them were in quite a  
destitute condition. The Crows had eaten  
all their corn and were unable to get even  
an Indian meal. Our correspondent had  
a little brush with the Foxes and was  
nearly bagged by the Sacs, besides being  
peppered by the Cheyennes. Many of  
them wear rich ornaments, and he has  
had the warwhoop ring in his ears quite  
often.—Boston Commercial Bulletin.

**NOVEL SUIT FOR DAMAGES.**—A Mil-  
waukeean has sued a young married wo-  
man, who had received his attentions  
while engaged to some one else, for a bill  
of one hundred and four dollars and  
twenty-five cents, the amount he had paid  
in her behalf in taking her to concerts, op-  
eras, picnics, rides and ice-cream saloons.  
As an offset he credited her with sundry  
kisses valued at sixteen dollars thirty-sev-  
en and a half cents; an unreturned pho-  
tograph and a ring—making a total of  
thirty-seven dollars and seventy-five cents.  
He recovered the bill, the Judge allowing  
the plaintiff the kisses at his own valua-  
tion. The case is to be carried up.

—The negroes in one of the wards in  
Richmond, Virginia, have decided on run-  
ning a colored candidate for Mayor, and  
Council ticket composed of three negroes  
and two white men. This is practical  
Radicalism cropping out. Once let the  
negroes understand they can overmaster  
the whites at the polls, and they will do  
so beyond all question.

—The Louisville Democrat's New York  
correspondent, speaking of the great num-  
ber of invalid clergymen, says:  
We do not read that Paul, or Peter, or  
James, or Andrew, or John, or any of the  
apostles were ever troubled with bronchi-  
al affections in the spring of the year.—  
They did a good deal of traveling, to be  
sure, but it wasn't to see the world's  
fairs.

—A swell, while being measured for a  
pair of boots, observed, "make them over  
the calf!" "Impossible!" exclaimed the as-  
tounded bootmaker, surveying his custom-  
er from head to foot; "I have not leather  
enough!"

Mr. SHANKS, of Indiana, applauds the  
butchery of Maximilian, and Mr. Tipton,  
of Kansas, advocates the offering of bounty  
for Indian scalps. These are representa-  
tive men of the Radical party.

**GROVER & BAKER'S**

**SEWING MACHINES**

WERE AWARDED THE  
**HIGHEST PREMIUMS**

At the State Fairs of  
New York, Illinois, Virginia,  
New Jersey, Michigan, N. Carolina,  
Vermont, Wisconsin, Tennessee,  
Pennsylvania, Iowa, Alabama,  
Ohio, Kentucky, Oregon,  
Indiana, Missouri, California.

At the Fairs of the  
American Institute, Franklin Institute, Maryland In-  
stitute, Massachusetts Mechanics' Association,  
Penn. Mechanics' Institute, St. Louis  
Agricultural and Mechanics'  
Association.

And at numerous Institute and County Fairs, including  
all the Fairs at which they were exhibited the past  
three years.

First prizes have also been awarded these machines at  
the exhibitions of  
London, Paris, Dublin, Litz, Besancon,  
Bayonne, St. Dizier, Chalons,

and they have been furnished by special command  
to the

Empress of France,  
Empress of Austria,  
Empress of Russia,  
Empress of Brazil,  
Queen of Spain, and  
Queen of Bavaria.

The Grover & Baker Elastic Stitch Sewing Machines  
are superior to all others for the following reasons:  
1. They sew direct from the spools, and require no re-  
winding of thread.  
2. They are more easily understood and used, and  
less liable to derangement than any other machines.  
3. They are capable of executing perfectly, without  
change of adjustment, a much greater variety of work  
than other machines.

4. The stitch made by these machines is much more  
firm, elastic and durable, especially upon articles which  
require to be washed and ironed, than any other stitch.  
5. This stitch, owing to the manner in which the un-  
der thread is introduced, is much the most plump and  
beautiful in use, and retains the plumpness and beauty  
even upon articles frequently washed and ironed until  
they are worn out.

6. The structure of the seam is such that, though it  
be cut or broken at intervals of only a few stitches, it  
will neither open, run, or unravel, but remains firm and  
durable.

7. Unlike other machines, these fasten both ends of  
the seam by their own action.

8. With these machines, while silk is used upon the  
right or face side of the seam, cotton may be used upon  
the other side without lessening the strength or dura-  
bility of the seam. This can be done on no other ma-  
chine, and is a great saving upon all articles stitched or  
made up with silk.

9. These machines, in addition to their superior merit  
as instruments for sewing, by a change of adjust-  
ment, easily learned and practiced, execute the most  
beautiful and permanent embroidery, and ornamental  
work.
