Teachers' Convention.

The attention of teachers is called to the convention to be held this week, Friday and Saturday. All have an equal interest in the location of the County Institute, hence every section should be repreented, not only by those appointed as delegates, but by all interested. See nouce in another column.

Burglary.

We learn that the store and post-office of A. A. Beeman, of Brookdale, was entered by burglars on Friday night last and some letters, money and goods stolen-amount not known. Look out for these ecoundrels, who are now prowling through all parts of the country.

Produce Brokers.

The appended decision of the Commissioners of Internal Revenue, will interest many readers:

A dealer may purchase and sell agricultural and farm products at the place of business designated in his special tax re-ceipt without thereby rendering himself or any member of a firm of dealers, not having paid a special tax as a commercial to the highest and best bidder, on Friday broker, cattle broker, or pedlar, travels about the country purchasing such products in the manner of a produce-broker, he should be taxed as a produce-broker, if his sales do not exceed ten thousand dollars per annum; if his annual sales exceed that sum, his liability is that of a commercial broker, both as to a special tax and the tax of one-twentieth of one per centupon the amount of his sales made elsewhere than at his place of business as a dealer.

The Negro Bureau officials are engaged in transferring to Tennessee from other States all the vagrant negroes that can be picked up, in order to make them voters for Brownlow. Northern taxpayhis sales do not exceed ten thousand dol-

voters for Brownlow. Northern taxpayers are thus made to support perhaps thousands of darkies in idleness for weeks and months in order to secure the election of that old reprobate. Will such infamous doings never cease?

CONSUMPTION CURABLE BY DR. SCHENCK'S MEDICINES.

TO CURE CONSUMPTION, the system must be pared so that the lungs will heal. To accomplish this, the liver and stomach must first be cleaused and an appetite created for good wholesome food, which, by these medicines will be digested properly, and good healthy blood made; thus building up the constitution. SCHENCK'S MAN-DRAKE PILLS cleams the stometh of all bilions or mucous secumulations; and, by using the Sea Weed Tonic in connection, the appetite is restored.

SCHENCK'S PULMONIC SYRUP is nutricious as well

as medicinal, and, by using the three remedles, all impurities as medicinal, and, by using the three remedies, all imparities are expelled from the system, and good, wholesome blood made, which will repel all disease. If patients will take these medicines according to directions, Consumption very frequently in its last stage yields readily to their action. Take the pills frequently, to cleanse the liver and stomach. It does not follow that because the lower and stomach. not follow that because the bowels are not costive they are not required, for sometimes in diarrhea they are necessary. The stomach must be kept healthy, and an appetite created to allow the Pulmonic Syrup to act on the respiratory organs properly and allay any irritation. Then all that is required to perform a permanent cure is, to prevent taking cold. Exercise about the rooms as much as possible, cat all the richest food—fat meat, game, and, in fact, anything the appetite craves ; but be particular and masticate well. [2nd w. ea. mo. 1 vr.

This Institution has one of the most desirable loca-tions in the Wyoming Valley, easy of access from all parts of the country, and within a day's ride by rail from New York, Philadelphia and Baltimore.

THE ACADEMIC YEAR

Is divided into TWO SESSIONS, the First of which consists of Eighteen Weeks, commencing SEPT. 5711. The Second consists of Twenty-Four Weeks, commencing JAN 9711. 1868. At the middle of each session classes will be formed to accommodate those destring to enter then.

It is highly desirable, however, that all, who can possibly do so, should etter at the opening of the Sessions; and it is especially requested that Students come THUKSDAY, the day of commoneing, nor will it be contenient to receive them any earlier.

Heretofore the authorities of the Institution have been compelled for want of room to refuse admittance to a large number of applicants every Session. They hope now, however, by the addition of "CENTENARY HALL." to be able to accommodate all who may apply. The Dormitories, Reclintion Rooms and Public Halls. The Dormitories, Recitation Rooms, and Public Halls are Well-Furnished, Warmed and Ventilated. No pains have been spared to make all the appointments of the Institute.

THE HOWE MACHINE CO'S SEWING MACHINES,

· NEW YORK.

FOR FAMILIES & MANUFACTURERS.

THESE WORLD RENOWNED SEWING MACHINES Were awarded the highest Premium at the World's Fair in London, and six first

premiums at the New York State Fair of 1866, and are Celebrated for doing the best work, using a much smaller needle for the same thread than any other machine, and by the introduction of the most approved machinery we are now able to supply the very best machines in the world.

These machines are made at our new and spacious Factory at Bridgeport, Conn., under the immediate supervision of the President of the Company,

Elias Howe, Jr., the ORIGINAL INVENTOR OF THE SEWING MA-

CHINE. They are adapted to all kinds of Family Sewing, and to the use of seamstresses, dress makers, tailors, manufacturers of Shirts, collars, skirts, cloaks, mantillas, clothing, hats, caps, corsets, boots, shoos, harness, Saddles, linen goods, umbrellas, paraeols, etc. They work equally well upon silk, linen, woolen and cotton goods with silk, cotton or linen thread. They will seam, quilt, gather, fell, cord, braid, bind, and perform every species of sewing, making a beautiful and perfect stit h, alike on both sides of the articles sewed.

The Stitch invented by Mr. Howe, and made on this Machine, is the most popular and durable, and all Sewing Machines are subject to the principle invented by him.

J. Thomas' Patent Atmospheric

CHURN DASH! Patented May 7, 1867.

The most Important and Valuable Invention of the 19th Century.

1. This Dasher is superior to any other, by being as simple as the old Dasher, and combining the atmospheric principles therewith, and the Butter Gatherer 2. It is superior to all others, inasmuch as the same power applied to this in like mechanical operations will make one fourth more reciprocations.

3. It is superior to all others, inasmuch as it produces the Butter in a much shorter time.

4. It is superior to any other, inasmuch as it produces a much better quality of Butter.

5. It is superior to any other Patent Churn, inasmuch as it is 340 per cent, chesper than any other.

It is well known to Dairymen and others, that Butter is contained in minute globules or eacks, covered with a membrane, and requires the action of air to prepare the covering to be removed by friction. The Scientific American says:

American says:

"If cream is dashed against a hard substance, or mashed between bars or rollers, it breaks the globules and becomes oily, by destroying the grain. It should be thrown into currents and counter currents by the action of air, causing a friction by the action of air, causing a friction by the action of the currents against each other, removing the covering without breaking or bursting the globules."

This is the principle which the inventor of this Dash endeavored to keep in view, and the result shows a much larger yield of Butter obtained in less time than by any other Dasher.

Experiments have proven that any other method except pumping air,through the cream, will not penetrate sufficiently to expenie, all the globules preparator; to concentrating the Butter. Throwing it into the air by claupers or old fushioned Dashers, does not sufficiently expose it to the air to bring out the Butter.

expose it to the air to bring out the Butter. The above Patent Dasher has been purchased for Susquebanna County by the undersigned. The process of churning can be seen at any time, in a Glass Churn, at Baldwin, Alten & McCain's store. An agent will canvass the county soon as possible, to sell the Dasher for individual rights; also township rights will be sold.
