Plowing Match.

The Plowing Match of the Susquehanna County Agricultural Society will be held on the lands of E. Whitlock, in New Milford, on Tuesday, Sept. 3d, 1867.— Headquarters at P. Phinney's. Teams to start at 2 o'clock.

Committee of Arrangements-David Summers, Wm. C. Ward, Wm. Moxley. J. E. CARMALT, A. BALDWIN, Ex. Com.

AVERY FRINK,

Found Dead,

Nathan Case, of Auburn, Susquehanna Co. was found dead near the road, above Meshoppen, on the 29th of June last. Is supposed to have died from the effects of intoxication.

Judge Woodward Declines.

We are able to state upon authority this week, that Hon. George W. Woodward declines to be a candidate for Congress .- Luzerne Union.

Base Ball.

A return match, between the Harmony Club of Susquehanna, and the Montrose Club, was played last Tuesday at Montrose. The Harmony boys were victorious by a score of 39 to 20.

Monument to Father Monahan.

Mr. Epiron:-Will you be kind enough to give publicity in the columns of your valuable journal to the fact that a monuand called upon the friends of the decease gentlemanly in his deportment, steady in once ranquishes the disease and restores the sufferer his friendship, edifying in his conduct, efficient in his calling, and ever attentive to the voice of humanity, who lived in the fear of the Lord and died the death of the just. Time cannot efface the prints of his missionary career, and his memory shall be ever green in the hearts of his numerous and ardent admirers. All who wish to pay their tribute of respect to a good priest and profound scholar, should call upon these Rev. gentlemen and aid to erect a monument which will be a credit to themselves as well as worthy of the determined to the strength of each practical evidence of its merits, I procured a bottle. My wife at this time was so tow with what the physicians termed Seated Consumption that she was unable to raise herself from the bed, coughing constantly and raising more or less blood. I commenced giving the Balsam as directed, and was so much pleased with its operation, that I obtained ano ther bottle, and continued giving it. Before this bottle was entirely used, she ceased coughing and was strong enough to slive. The fifth bottle entirely restored her to health, doing that which several physicians had tried to do, but failed."

Prepared by a neighbor to get one bottle of Balsam for my wife, being assured by him that in case it did not produce good effects, her wild pay for it bimself. On the strength of each practical source with the strength of each practical evidence of its merits, I procured a bottle. My wife at this time was so to was the was unable to raise herself from the bed, compling on the bed, and was so much pleased with its operation, that I obtained another bottle, and continued giving it. Before this bottle was entirely used, she ceased coughing and was strong the bottle, and continued giving it. cient in his calling, and ever attentive to to themselves as well as worthy of the deceased. All arrangements are expected to be made before the second anniversary of his death, viz: Sept. 5th.

Congress Democrats would like to numinate a candidate for Congress who has been a eulogist of Beast Butler, a member of the public and secret branches of the "Loyal League," and who recommended a Negro for admission to the Bar last fall. I trust there will be no attempt to commit such folly, just to please Black. Republicans and a few (very few,) weakkneed Democratic traders who are afraid the radicals will call them "copperheads." Such a nomination could not get through convention and conference, and if it cou'd it would bring certain defeat, or what is

one who has been a "no-party man," "loyal leaguer" or radical in disguise for half the time in the last six years; one half the time in the last six years; one who is not afraid to face radical abuse; one, too, who can stand up in Congress and before the people and defend our rights. This is what we farmers want.

Notice.

No. 1 Grocery Stand on the Susq'a Co. Agricultural Fair Ground will be rented to the highest and best bidder, on Friday Ang. 23d, at 10 o'clock, a. m. at the office of J. E. Carmalt. No intoxicating liquors to be sold on the premises.

By order of Executive Committee. Montrose, Aug. 13, 1867.

Conversion of 7-30 Bonds.

The Secretary of the Treasury announces that the privilege of converting seventhirty notes, falling due on August 5, into five-twenties bearing date the 1st of July, 1867, will be extended to September 15. All notes of this issue which shall not have been presented for conversion, by the day last named, will be paid on presentation at the Treasury of the United States, and at the offices of the Assistant Treasurers at Boston, New York and Philadelphia, in currency.

A New Invention.

Albert Truesdell, of Great Bend, has a new invention for laying down Carpets, called the "Keystone Carpet Stretcher," which is decidedly a good thing. It can be adapted to any sized room, from 6 feet to 20 feet. It is something every housekeeper who has carpets to lay down needs. HIRAM BARNEAL

Great Bend, Pa., Agent.

SPECIAL NOTICES.

The Greatest Pain-Reliever IN THE WORLD. Warranted superior to any other, or no pay, for the cure of Chronic Rhemmatism, Toothache, Headache, Sore Throat, Humps, Burns, Cuts, Insect stings, Pains in the Back, Chest, and Limbs, Sprains, Old Sores, Swellings; also, to take internally for Diarrhea, Dysentery, Colic, Spasms, Sca Sickness, Vomiting, and Croup. It is perfectly innocent to take internally, if used according to the directions, and never fails, as thousands can attest; It was first introduced in 1847, and new millions of bottles are annually sold. Every one who has once used it, continues to do so, and recommend it to their frie-ds as the most valuable medicine extant. Certificates enough to fill a dozen newspapers have been received by Dr. Tobias. His medicine, the Ventian Liniment, will do all that is stated, and more. No one will regret trying it. Those residing it c distance from a physician, will find it a reliable medicine to have on hand in case of accidents. Ask for Dr. Tobias' Ventian Liniment, and take no other. Price, 50 cents and \$1. Sold by all Druggists. Depot, 56 Cortlandt Street, N. Y.

Dr. SCHENCK'S PULMONIC SYRUP. This great medicine cured Dr.J. H. Somenou, the Propri-

May, 28 1867.—1ysmp12

This great medicine cured Dr.J. H. Sonenou, the Proprictor, of Pulmonary Communition, when it had assumed its
most formidable aspect, and when speedy death appeared to
be inevitable. His physicians pronounced his case incurable,
when he commenced the use of this simple but powerful
runedy. His health was restored in a very short time, and
no return of the disease has been apprehended, for all the
symptoms quickly disappeared, and his precent weight is
more than two hundred pounds.

Since his recovery, he has devoted his attention exclusively to the cure of Communition, and the diseases which sively to the cure of Consumption, and the diseases which are usually complicated with it, and the cures effected by his

are usually complicated with it, and the cures effected by his medicines have been very numerous and truly wonderful. Dr. Schence makes professional visits to acveral of the larger cities weekly, where he has a large concourse of patients and it is truly autonishing to see poor consumptives that have to be lifted out of their carriages, and in a few months healthy, robust persons. Dr. SCHENGE'S PILLMONIC BYBUP, SEAWEED TONIC, and MANDRAKE PILLS are supersily all required in capture Company. are generally all required in curing Consumption. Full directions accompany each, so that any one can take them without seeing Dr. Scurron, but when it is convenient it is best to see him. He gives advice free, but for a thorough examination with his Respirementer his fee is three dollars. Picase observe, when purchasing, that the two likenesses of the Doctor—one when in the last stage of Consumption, and the other as he now is, in perfect health—are on the

Government stamp.
Sold by all Druggists and Dealers. Price \$1.50 per bottle,

Sold by all Druggists and Denlers. Price \$1.50 per bottle, or \$7.50 the half dozen. Letters for advice should always be directed to Dr. Schenek's Principal Office, No. 15 North 6th Street, Philadelphia, Pa.

A CARD FROM THE AMERICAN WATCH COMPANY

Waltham, Mass.

THIS Company beg leave to inform the public that they commenced operations in 1850, and their factory now covers four acres of ground, and has cost more than a million dollars, and employs over 700 operatives. They produce 75.000 Watches a year, and make and sell not less than one-half of all the Watches sold in the United States.

The difference between their manufacture and the European, is briefly this: European Watches are made almost entirely by hand, and the result is of necessity a lack of that uniformity, which is indispensable to correct time-keeping. Both the eye and the hand of the most skillful operative must vary. But it is a fact that except watches of the higher grades, European watches are the product of the cheapest labor of Switzerland, and the result is the worthless Ancres, Lepines and so called Patent Levers—which soon cost more in attempted repairs, than their original price. Common workmen, boys and women, bny the rough separate peris of these watches from various factories, polish and put them together, and take them to the nearest watch merchant, who stamps and engraves them with any name or brand that may be ordered.

HOW AMERICAN WATCHES ARE MADE.

Any name or brand that may be ordered.

HOW AMERICAN WATCHES ARE MADE.

The American Waitham Watch is made by no such uncertain process—and by no such incompetent workmen. All the Company's operations, from the reception of the raw materials to the completi's of the Watch, are carried on under one roof, and under one skillful and competent direction. But the great distinguishing feature of their Watches, is the fact that their several parts are all made by the finest, the most perfect and delicate machinery sever brought to the aid of human industry. Every one of the more than a hundred parts of every watch is made by a machine—that infallibly reproduces every succeeding, part with the most unvarying accuracy. It was only necessary to make one perfect watch of any particular style and then to adjust the hundred machines necessary to reproduce every part of that watch, and it follows that every succeeding watch must be like it.

The Company respectfully submit their Watches on their merits only. They claim to make

beir merit only. They claim to make

A BETTER ARTICLE FOR THE MONEY

by their improved mechanical processes than can be
made under the old-fashioned handicraft system. They
manufacture watches of every grade, from a good, lowpriced, and substantial article, in solid silver hunting
cases, to the finest chronometer; and also ladies'
watches in plain gold or the finest enameled and jeweled cases; but the indispensable requisite of all their
watches is that they shall be GOOD TIMEKEEPER.
It should, be remembered that, except their single lowest grade named "Home Watch Company, Boston,"
ALL WATCHES made by them

ARE FULLY WARRANTED by a special certificate, and this warrantee is good at all times against the Company or its agents.

THE HOWE MACHINE CO'S SEWING MACHINES.

699 BROADWAY NEW TORK.

THESE WORLD RENOWNED SEWING MACHINES

Were awarded the highest Premium at the World's Fair in London, and six first premiums at the New York State Fair of 1866, and are

Celebrated for doing the best work, using a much smaller needle for the same thread than any other machine, and by the introduction of the most approved machinery, we are now able to supply the very best machines in the world. These machines are made at our new and spacious Fuctory at Bridgeport, Conn.,

under the immediate supervision of

the President of the Company, Elias Howe, Jr., the ORIGINAL INVENTOR OF THE SEWING MA-CHINE.

They are adapted to all kinds of Family Sewing, and to the use of seamstresses, dress makers, tallors, manufacturers of Shirts, collars, skirts, cleaks, mantillas, clothing, hats, cape, corsets, boots, shoes, harnes, Saddles, linen goods, umbrellas, parasols, etc. They work equally well upon silk, linen, woolen and cotton goods with silk, cotton or linen thread. They will seam, quilt, gather, fell, cord, braid, bind, and perform every species of sewing, making a beautiful and perfect stit, alike on both sides of the articles sewed.

The Stitch invented by Mr. Howe, and made on this Machine, is the most popular and durable, and all Sewing Machines are subject to the principle invented by him. SEND FOR A CIRCULAR.

Patent Atmospheric

CHURN DASH!

Patented May 7, 1867.

The most Important and Valuable Inven-

tion of the 19th Century.

1. This Disher's superior to any other, by being ad simple as the old Dasher, and combining the atmospheric principles therewith, and the Butter Gatherer 2. It is superior to all others, inasmuch as the same power applied to this in like mechanical operations will make one fourth more reciprocations.

3. It is superior to all others, inasmuch as it produces the Butter in a much shorter time.

4. It is superior to any other, inasmuch as it produces a much better quality of Butter.

5. It is superior to any other Patent Churn, inasmuch as it is 500 per cent, cheaper than any other.

If is well known to Dairymen and others, that Butter is contained in minute globules or eachs, covered with a membrane, and requires the action of air to prepare the covering to be removed by friction. The Scientific American says:

American says:

"If cream is dashed against a hard substance, or mashed between hars or rollers, it breaks the globules and becomes oily, by destroying the grain. It should be thrown into currents and counter currents by the action of air, causing a friction by the action of the currents against each other, removing the covering without breaking or bursting the globules."

This is the principle which the inventor of this Dash endeavored to keep in view, and the result shows a much larger yield of Butter obtained in less time than by any other Dasher.

Experiments have proven that any other method except pumping air through the cream, will not penetrate sufficiently to expegnize all the globules preparatory to concentrating the Butter. Throwing it into the air by chappers or old fashloned Dashers, does not sufficiently expose it to the air to bring out the Butter.

The above Patent Dasher has been purchased for Susquebanna County by the undersigned. The process of churning can be seen at any time, in a Glass Churn, at Baldwin, Allen & McCain's store. An agent will canvars the county soon as possible, to sell the Dasher for individual rights; also township rights will be sold. Montrose, July 23, 1867,-41 A. BALLWIN.

New Firm.

Baldwin, Allen, & McCain

Flour, Feed, Salt, Pork, Butter, Chiese, Dried Beef, Hams, Fish, Smoked Halibut, Candles, Tea, Coffee, Spices, Syrup, Molasses, Sugar,
