A Card.

To the Democratic Committee and Voters of Susquehanna County:

The subscriber having been nominated by the late Democratic Convention as a candidate for the office of County Commissioner, tenders to the Democrats of the County his sincere thanks for the confidence reposed in and honor done him, and respectfully begs leave to withdraw his name from before the people as a candidate for that office; with the assurance that while he considers it a privilege at all times to assist in bearing the banner of the Democracy, he believes he will more effectively serve the interests of the party and of the country at this time by retiring from the contest, to hold the hats of the other two candidates for that office, and see fair play. Trusting that this course will meet the approval of the Committee and voters of the County, I re-Yours, Respectfully, C. C. Mills.

Fire in Lathrep.

The barn and sheds attached, of John Aney, were yesterday (Sept. 16) burned with all their contents, hay, wheat, rye, and oats. The loss to Mr. Aney is about \$1200. Pickering & Green lost a threshing machine, a self-cleaner; their loss they estimete at \$500. They had just unloaded their machine and were setting it up when the barn was discovered to be on fire; they barely saved their horses. Several men were in the barn when it took fire, but the wind swept the flames through the whole barn, filled with straw, grain and hay. The fire was caused, they suplose, by smoking a pipe in the stable, or trom matches dropped there. There was no insurance. The loss to Mr. Aney is a severe one, as it is also to Messrs. Pick-three bottles of Peruvian Syrup have rescued me from the fangs of the field Dyspepsin." ering & Green. E. M. T. ° Lathrop, Pa., Sept. 17, 1867.

Public Roads.

MR. EDITOR:-The opinion, I think, is very generally entertained, that our public roads are in a very poor state of repair, lic roads are in a very poor state of repair, considering the amount of tax levied for road purposes. That our road tax is worked out in a manner that is next to useless, no one will, I presume, deny.

Men and teams that are able to, and do good days work, get no more, generally, than those that lazy away their time on a has benefile or road tax is worked out in a manner that is next to useless, no one will, I presume, deny.

Men and teams that are able to, and do good days work, get no more, generally, than those that lazy away their time on a has benefile or road to good days work, get no more, generally, than those that lazy away their time on a has benefile or road to good days work, get no more, generally, the state of the most astounding results may be anticipated the most astounding results may be anticipated when lodine can be dissolved in pure water.

Dr. H. Anders, after fifteen years of ecientific research and experiment, has succeeded in dissolving one and one quarter grains of lodine to each fluid dissolving one and one quarter grains of lodine to each fluid dissolving one and one quarter grains of lodine to each fluid dissolving one and one quarter grains of lodine to each fluid dissolving one and one quarter grains of lodine to each fluid dissolving one and one quarter grains of lodine to each fluid dissolving one and one quarter grains of lodine to each fluid dissolving one and one quarter grains of lodine to each fluid dissolving one and one quarter grains of lodine to each fluid dissolving one and one quarter grains of lodine to each fluid dissolving one and one quarter grains of lodine to each fluid dissolving one and one grain tied. A good assortment of unguarantied. A good assortme hoe handle, or are too "lame and lazy" to do but little. That our roads are notoriously poor, no sober man will deny. How shall we remedy the matter? I will propose a plan:

1st. Our levy for road purposes shall be a cash levy, levied by the supervisors of the townships, and collected by a collector by them appointed, and paid to the proper township treasurer.

2d. The roads in the several townships to be divided into convenient sections of not more than one mile each, to be let to the lowest responsible bidder, to be by them kept in repair for a term of not less than three or five years.

3d. The supervisors to be inspectors of the roads, and in case they disagree as to the repairs, &c., the township auditors to be judges.

The above plan, though simple, is, I think, one of merit. It creates no new offices nor abolishes old ones. It leaves the roads in the hands of the tax-payer, if he wishes to work a section or more of the roads, and yet gives the township authorities sufficient power to keep the roads in repair. You that are interested in good roads, let us hear from you in both Montrose papers, as all are interested. Propose some plan; condemn, if you please, or approve this one. Agitate this subject, and if possible bring it before the next Legis-E. M. T.

Fatal Accident.

A boy named Brown, aged about 17 years, was killed by a freight train on the D. L. & W. R. R., at Nicholson station, on Monday afternoon. We learn that he was not employed by the company, but was engaged (as too many boys are,) in jumping upon the care as they passed.— Let other boys take warning by this unfortunate lad, and keep away from the trains when in motion. - Seranton Journ-
