Judge Woodward's Record.

The Montrose Republican, for want of reasonable cause to oppose Judge Woodward's election to fill the vacant term of one year in Congress, resorts to gross misrepresentation, &c. The editor actually attempts to induce the people to believe that Mr. Woodward is opposed to foreigners being allowed to vote according to our present laws. That is a rather impudent undertaking, when it is noted that the editor of that sheet is a bitter and unrepentant Know-nothing-one of the stripe that skulked about in obscure places under foreigners out of their vested rights. Proofs of the Superior Quality OF THE AMERICAN WATCH MADE AT Waltham, Mass.

The American Watch Company, of Waltham, Mass, respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more aesily kept in order and reparted than any other watches in the market They are simpler in structure, and therefore stronger and less likely to be injured than the majority of foreign watches, which are composed of from 125 to 300 pieces, while in an old English watch there are more than 700 parts.
