A Disgusting Exhibition.

In Chestnut street this morning, upon the Promenade where all was brightness and beauty.conspicuouslyamong the throng on the north side of the street, walked a male negro, upon whose arm leaned a beautiful and richly dressed white woman. The Lancaster Intelligencer says that on Wednesday morning as that attractive colored female, familiarly known as rs. She states her loes to be as follows: \$100 in greenbacke, three Mexican sliver dollars, one diamond breastspin, a safekey, a bunch of household keys, and free passes over the ralifoads from Lancaster to Washington. What is this country coming to when even she who presides over the honechold of Thaddeus Stevens is robbed in a railroad depot in the city of Lancaster. Oregon will vote Democratic.

The Democratic gain in Oregon from 1863 to 1865 thrushes good grounds for a boiler that at the next election we will carry that State. In 1863 the radicals polled 7,039 votes; the Democrate 3,450. In 1864 the vote stood, radical, 8,719; Democrate, 6,293, while in 1866 the Democrate reached 10,343, and the radicals 10,439. The Democratic increase in three years was 6,859. The radical increase for the same time was 2,420. The democratic increase from 1864 to 1866, 4,251. The radical increase for the same time was 2,740. The same rate of increase for the same time was 2,740. The same rate of increase for the iwo years, from 1860 to 1809, would give the Democratis at the next election a handsome majority; and as the Democrate have been gaining in all the States for the past two years, Oregon may be safely counted as sure for a Democratic candidate for President in 1863.
