Plano Fortes.

Our Last new addition to our different styler is attracting the admiration of both critics and populace. We mention specially, some of the claims of this new Plano. Believing the exterior should be as beautiful to the eye as melody is to the ear, we have paid great attention to getting them up in a style that is conceded by all who have seen them to be the handsomest Plano Forle made. They are an entirely new style, with four full round corners, heavily carved legs and lyre, baserichly moulded, and contains our latest improved are scale and action. The tone is melodious, and its stappiability to passages of every shade of expression, from the softest murmurs, the Cressendo, and the F. F. gives the performer every advantage of the Concert grand.—Price \$500.
