Notice

To our Susquehanna Friends:—A Strawberry Festival will be held daily at 5 o'clock, for four weeks to come, at Houston Station, to which we invite our Northern friends. Strawberries free, sugar, cream, and short-cake thrown in. Object: To enjoy the good things of Delaware, and to show our friends what it is to have plenty of fruit.

Made our first shipment to New York to-day—45 quarts; expect to increase that number daily, until we can multiply it by 10 and that from less than one acre of ground.

Strawberries will be succeeded by dewberries, whortleberries, cherries, and some peaches. DAVID SCOTT.

Robbery at Lenoxville.

A very bold robbery is reported to have occurred at Lenoxville, in Susquehanna county, ten miles west of our town, on Wednesday morning of this week.

The victim was a Mr. Coon, now living in Gibson, but said to have formerly lived in Lenox, and to have been now on a trip to purchase a horse. He was suddenly attacked by a young man on the public highway, not more than fifteen or twenty rods from dwellings, though not directly in sight of them, and the old alternative of "your money or your life" presented, with a loaded pistol to enforce it. A wallet containing \$4 was presented, but the young robber insisted that he had more, and he must have it. While he was searching for more in Mr. Coon's pockets, the latter snatched his pistol from him. He is said then to have compromised the matter by desisting from further efforts on condition of getting his pistol back, which he did and left. The bold perpetrator, strange to say, is believed to have been a young man named Hobbs, residing in that vicinity, and one that has heretofore borne a good character. —Carbondale Advance.

Unstamped Cigars.

Dealers should not purchase Cigars unless each box has a whole stamp around it. If the stamp be cut or broken, it is prima facie evidence of fraud—that a box has been refilled without being inspected and stamped, and that the tax has not been paid; and both seller and purchaser are liable to penalties. We quote from the law:

"That if any person shall sell, or consign, or remove for sale, or part with the possession of any manufactured tobacco, snuff, or cigars upon which the taxes imposed by law have not been paid, with the knowledge thereof, such person shall be liable to a penalty of one hundred dollars for each offence. And any person who shall purchase or receive for sale any such tobacco, snuff or cigars, which has not been inspected, branded or stamped as required by law, or upon which the tax has not been paid, with knowledge thereof, shall be liable to a penalty of fifty dollars for each and every offence."

Medical Meeting.

The Susquehanna County Medical Society held its Semi-annual meeting on the 31 day of June at Phinney's Hotel, New-Milford. A pleasant day brought together thirteen members. Business, and not pleasure, being the order of the day, the Society was promptly organized with Dr. Halsey, the President, in the chair.

Several practitioners were proposed for membership. After attending to unfinished business and the customary reports of committees and delegates, an able report on New Remedies was read by a member from Susquehanna Depot, which elicited a good deal of discussion, and received a vote of thanks. Such discussion by those who have tested the merits of remedies which have but recently been brought to the notice of the profession, are well calculated to stimulate the practitioner, whether old or young, to avail himself of the best means that can be obtained for the benefit of his patients, and to avoid a mere routine of practice which seldom leads to any improvement.

An hour was devoted to the discussion of the good dinner of nine host of the "Eagle," and to that part of the object of the Society, which in the language of our constitution, is to foster and encourage friendly feeling between the members of the profession.

At the afternoon session the Society proceeded to the investigation of charges of "gross professional misconduct, and consultations with known quacks," which had been duly presented against Dr. Samuel Birdsell, of Susquehanna Depot. After a full and patient hearing on both sides, a vote was taken, which, with a single exception, was unanimous for the acquittal of the accused on both charges. Several important cases were presented at the Clinic, the examination of which, and the discussion of medical subjects so completely occupied the time that it was nearly six o'clock before the Society adjourned. We of Montrose were fortunate enough to reach home in season to escape a drenching shower.

Thus passed the pleasant and profitable day, and may the future bring us many more like it. E. L. GARDNER, Secretary.

The appended section of the Internal Revenue Law, is published for the information of cigar dealers and others:

[Sec. 32. And be it further enacted, That any person who shall sell, give away, or otherwise dispose of, any empty cigar box or boxes which have been stamped, without first defacing or destroying such stamps, or shall refill any cigar box without first destroying such stamp, shall on conviction of either offence be liable to a penalty of one hundred dollars or to imprisonment not exceeding sixty days, or both, in the discretion of the court, with the costs of the trial, and it shall be lawful for any cigar inspector or revenue officer to destroy any empty cigar box upon which a cigar stamp shall be found.]

THE ECONOMY RAKE AND GLEANER.

A BOY'S WORK EQUAL TO THAT OF A MAN!

\$200 a day Saved!

Combining the old revolving rake with the independent action of the teeth.—ENTIRELY SELF DISCHARGING. This Machine is manufactured by L. BEACH, one and a half miles North of Montrose, near Mott's woolen factory, and is offered by him to the Farmers of Susquehanna County as the best Hay and Grain Rake now in use. I fully guarantee this Machine to gather the hay easier, and to leave it in better shape for pitching than any other Rake in the county, or no sale. I invite every responsible farmer wishing a hay rake to come and get one, take it home and try it for two or three days and if not satisfied to return it, and no charge will be made, unless the machine is broken. I save a large quantity in operation, at 12 years old, able to guide a horse, can do all the raking on a large farm just as easily and quickly as a man. By referring to the above engraving, you will see that each Rake is provided with TWO FULL SETS OF TEETH, which work alternately, churning at each windrow—first one set then the other. The teeth are so arranged that they cannot break. During the whole of last season, not a tooth was broken, while the machine was tried and tested in the hardest manner. Farmers, look to your interest. This machine will have the difference between a boy's and man's wages. It will gather your hay and grain free from dust and dirt. It is made at home, where any part can be repaired at a small cost. This machine was patented last year, and is nothing like any other Rake, and is a far superior to any other. The first premium was awarded this machine at our County Fair last year. Remember that this Rake is sold for less than any other 0000 wheel Rake in the county. Price of rake, complete, with wheels, \$35.00—without wheels, \$25.00. All those who have wheels just four feet wide, have them changed by bringing them to the factory, and save \$10. None but just four feet wheels will answer. Call and see it and you will have no more.

EX XXV, NUMBER 26.

Greeley vs. Chicago.

There seems to be a difference of opinion between the Tribune, the life of the Republican party, and the Chicago platform builders, on the question of suffrage. Greeley believes, if the ignorant millions of negroes of the South are entitled to the elective franchise, then the intelligent, "educated thousands in the North" are. We are willing to let these nigger worshippers settle this question among themselves, but in order to show the difference of opinion between the platform builders and the Tribune, we copy the second plank and the Tribune's comments thereon:—

[From the Tribune.]

The guaranty by Congress of equal suffrage to all loyal men at the South was demanded by every consideration of public safety, of gratitude
