2. Iritible Invalida, Indigestion not only effects the physical health but the dispositions and tempers of its vettims. The dyspeptic becomes, too, in a measure demoralized by his sufferings. He is subject to fits of irritation, sullenness, or despair, as the case may be. A preformatured sensitiveness which he cannot control, leads him to misconstruct the words and acts of those around him, and his intercourse even with those nearest and dearest to him is not unfrequently marked by exhibitious of testiness foreign to his real native. These are the mental phenomena of the disease, for which the invalid can not be justly held responsible, but they occasion much homechold discomfort. It is to the interest of the home circle, it is essential to family harmony as well as to the rescue of the principal sufferer from setate not as to the rescue of the principal sufferer f far removed from includent insanity, that these symptoms of mental disturbance be promptly removed.
