Local Intelligence.

Township Statements. According to the provisions of a law passed by the Legislature of 1878, Township Clerks are required each Spring to make out and publish a full and complete statement of the financial condition of their respective townships, under a penalty of fifty dollars.

Obituary. C. L. Ward, Esq. of Towanah, died at his residence in Towanah on Saturday morning last of paralysis. He was 64 years of age. His health had been failing for some time.

A Remarkable Case. On the 13th ult., there died in Polk township, Wayne county, Mrs. Ann Kunkle, aged nearly 97 years. She was the wife of Mr. John G. Kunkle, with whom she lived 61 years and 1 month in the bosom of matrimony. They had fourteen children, 133 grand children, 415 great-grand children, 350 great-great-grand children, and a large number of great-great-great-grand children.

Medical Society. The Susquehanna County Medical Society will hold their next semi-annual meeting at Hopkinton, Wednesday, June 1, 1879. A general invitation is given to all regular practitioners. A clinic will be held at one o'clock, P. M., all cases treated free of charge. E. L. GARDNER, Secretary.

May 19.—In. Pennsylvania State Convention of Universalists. This body will hold its annual session in Brooklyn, Susquehanna county, Pa., on Wednesday and Thursday, 1st and 2d of June, next. It is expected that Rev. A. C. Thomas, M. Ballou, Dr. Brooks, and H. C. Leonard, of Philadelphia will be present on the occasion, together with many other clergymen from various parts of the country. There will be held, during the session, a centenary meeting, and it is hoped that the Convention will be one of great interest and profit. The friends in Brooklyn extend a cordial invitation to every lover of the cause to be present. H. BOGNOUX.

Sabbath School Convention. The annual Convention of the Susquehanna County Sabbath School Association will be held at the Congregational Church in Harford, on Wednesday the 8th day of June next, commencing at 10 o'clock, A. M. It is hoped that every Sabbath School in the County will be represented, and the district secretaries are requested to send their reports to A. C. Purple, the corresponding Secretary, at Great Bend, at least one week before the meeting of the Convention, in order that he may be prepared to make a full and complete report of the number and condition of the Sabbath Schools in the County.

The annual address will be delivered by Rev. J. G. Miller, of Montrose, at 10 1/2 A. M. All are invited. G. B. ELDRED, Sec. Secy.

The law of evidence in this State has been so amended as to allow the testimony of either husband or wife to be given in his or her own behalf in any proceeding in divorce where either personal service of the subpoena is made on the opposite party, or where either may appear and defend.

Borough Items.

A new firm under the name of Webb & Gere have opened a Grocery and Provision store, and also purchased the news office of Geo. C. Hill.

The ladies of St. Paul's church have appointed the next social at the residence of H. J. Webb, on Friday evening next.

We are glad to notice that our new Borough Council are taking measures to have additional side walks built in different parts of our village.

We are sincerely hoping that some of the old which is in such a dilapidated condition in a few sections as to actually make it dangerous to travel over in the night time, will receive their early attention.

The day dawned bright on Thursday last—the "Rubicon" was crossed—those "colored troops" celebrated.

Mr. O. D. Boman who has long been identified with the musical interest of this place, is about to leave for Munich, Germany, where he intends to re-enumerate in the music and jewelry business. Many regrets are expressed at his departure. His family are to remain until fall.

We were informed that one of our noted Radical reformers on Thursday last, practiced what he preaches and was seen first and foremost in the ranks of the procession that paraded our streets in honor of their "new birth."

Was he the only one that dared to face the music? Where were those prating "loyalists" who have shed so many crocodile tears over the poor down-trodden African? are they ashamed to recognize and embrace their new born progeny, and those of colored sprigs on the day succeeding the grand celebration, visited the barber shop kept by Mr. Louis Knoll, our very popular white German barber, and very much puffed up with the dignity of their newly acquired position one demanded a shave, when Mr. Knoll referred him very properly to the colored barber just up the street. He said he knew that he was not going to have a nigger shave him, he was going to be shaved by a white man, but Mr. Knoll said "not so" and prepared to shave him out into the street when he concluded to leave. Mr. Knoll thinks the Radicals can drive the Germans out of their party, but they cannot compel them to shave their adopted brethren. This also furnishes further evidence that what John Stout said to us was correct.

Important Decision. A question of considerable importance was lately decided by Judge Chapman, on a case in Montgomery county. It was whether the town council of the borough of Patterson had authority under their charter to make a valuation of real property in order to make a view to taxation for borough purposes, irrespective of valuation placed on such property by the assessors for State purposes. The case was decided negatively by Judge Chapman, in an able and extended opinion, in which the ground is taken that the regular assessor chosen by the people for that special purpose, has alone the right to assess property for city and borough, as well as State and county purposes.

Levy Delegation. The vote on this question, in the Conference of the Methodist Episcopal Church has been, so far, in favor 708, against, 1,540. Three conferences are yet to vote on the question. The assumed vote of these three conferences is rated at 220. This would increase the whole ministerial vote of the Church to 6,328, three-fourths of which, or 4,746, must be for Levy Delegation, in order that the plan may succeed. It will be seen, therefore, that unless 122 of the remaining 230 votes stand in its favor, the present measure will fail. The vote is an exceedingly close one.

Amended Game Law. The last Legislature made the following amendments to our present game law, to which we would call the attention of all sportsmen: That in section first of the act, providing for the taking of game approved April first, one thousand eight hundred and sixty-nine, the word "cherry" be stricken out, so that the section shall read "the twentieth day of December, in any year, and the first day of September in any year following."

Sec. 2. That in section fourth of the act, providing for the taking of game, approved April first, one thousand eight hundred and sixty-nine, the words, "fourth day of July" be stricken out, so that the section shall read "the fifteenth day of November and the first day of September in any year."

Sec. 3. No person shall kill, capture, take, or have in his or her possession, any gray snipe or English snipe, between the fifteenth day of November and the first day of September, under a penalty of five dollars for each and every bird so killed or had in possession, or exposed for sale.

Sewing Machines. The Act of the Legislature of 1869 exempting sewing machines belonging to seamstresses from levy and sale on execution or distress for rent, by a late act has been extended to all sewing machines used and owned by private families, except to persons who keep them for sale or hire.

Some individual proposes that instead of licensing liquor dealers the persons who drink should be made to take out a license. His idea is, at least, original. Hear him: No man should be entitled to drink unless he first gets a license; and any barkeeper who should sell liquor, when he has no such license, should be fined and imprisoned. The license should be annual; and the sum charged should be from twenty to one hundred dollars. No young man should be allowed to drink till he was sixteen, and then until twenty-one years of age only beer license at a moderate charge, and after twenty one he should pay for the whole liquor on payment of license, and the same privilege should be extended to strong minded women.

Protection of Married Women. The following bill passed by our late Legislature at Harrisburg, will protect divorced wives and bring erring and careless husbands to their senses: SEC. 1. That whenever any husband from drunkenness, profligacy or other cause what-soever, shall for two successive years desert his wife or neglect or refuse to live with her and provide for her, she shall at any time and at her own option, have a divorce granted, and the description of property, whether real personal or mixed, owned by or belonging to her, have all the rights and privileges of a feme sole, to purchase or sell and convey the same as if she were single and unmarried.

SEC. 2. That if she is lawful for any married woman as aforesaid, and to be sued in her own name upon all such contracts as aforesaid, heretofore made or to be made, and to sue in her own name her husband, to recover the possession of her real estate, or the value thereof as if she were sole and unmarried.

The Knights Templar. On the 14th of June the Masonic Knights Templars of this State will hold a grand encampment on the grounds of the Harle House, at Williamsport. All of the prominent commanderies of the State will be present, together with a large concourse of visiting Knights; and from the magnitude of the arrangements now being made, there can be no doubt but that the affair will be one of the most imposing spectacles that has ever taken place in this country. The lakes, trout-ponds, groves and avenues, in the vicinity of the Harle House, have been leased and laid out expressly to accommodate the fraternity; and, we may judge, a future by the great, no pains or expense will be spared to make the whole affair a grand success.

Young couples between whom negotiations looking to matrimony are pending, are reminded that this year has fifty-three Saturdays for work and only fifty-two Sundays for courting.

DEATHS. CORNELL.—In Fairbairn, April 19, 1879, after an illness of 5 years, in hope of a blessed immortality beyond the grave, L. Chomides L., only son of Dr. N. P. and Amanda Cornell, of Jessup, Susquehanna county, Pa.

Raw Parsnips Poisonous.

About three weeks ago a young woman, named Ann Harkins, residing at Altoona, was preparing some parsnips for dinner, thoughtlessly ate portions of the raw vegetable. Her child who was standing by, also put a portion in its mouth, but swallowed none. In the course of a week or ten days both mother and child were taken fearfully sick, manifesting every symptom of being poisoned. The child was soon brought out of danger, however, but the mother, who had eaten a whole parsnip, became worse from day to day, until her life was despaired of. Fortunately she possessed a strong constitution, and this, together with the unceasing attention of friends and the administration of proper antidotes, at length gained the upper hand of the poison. This incident may prove valuable to those who may not have known heretofore that raw parsnips are dangerous food.

Note Shavers and the Internal Revenue.

Persons who shave men are liable to special tax of broker. A man may have an office where he does business, B. having none, but buying an opportunity offers, upon the street or elsewhere. If they make it their business—and it is not necessary that it should be their sole business, or even their principal one—they are each liable to be assessed in respect thereof to special tax of broker. The pay of no other special tax, excepting that of banker, covers the business of a broker. A broker pays a special tax of \$50, and, in doing business, the penalties of the law apply as in all cases of neglect to pay special taxes.

Blot in Cattle.

H. Bowen, of Medina, N. Y., at the New York Farmer's Club, addressed to Prof. Law's advice to "puncture bloated cattle with a large pocket knife," and further said: "I heard the learned gentleman lecture before our State Agricultural Society at its last annual meeting, at which he referred to the bad custom of boring the horns for 'blotting.' I consider the puncturing the horns for 'blotting' quite as barbarous. Take around stick of soft wood, two or three inches in diameter, fasten a cord or strap at each end and tie over the head; it will give instant relief in the worst cases." Try it!
