Natural Curiosity. Mr. Edmon: Your Local columns have been ornamented from time to time by your patrons with descriptions of Claws, big Lambs, tall Horn Vines, etc., as the Lawyers say, but Mrs. J. H. McCall has recently come in possession of a natural curiosity which we believe goes ahead of all not excepting the Mammoth Cave of Kentucky, or old Graham's speckled hen. (She raised a Polled this year, which commenced laying a short time since, and about the 4th laying laid a fine double yolk egg, but what sets all in the shade, the second day after this event, came another similar egg with 3 perfect yolks.) What sort of double yolk is this.

Montrose County.

Items from the Argus. A man by the name of Michael McManus, was killed while at work on a Threshing Machine, his right arm was caught by the belt and carried around the driving pulley of the cylinder, and broken twice below the elbow. The accident happened at Mr. Abram Buchanan's in Columbia. Moore was killed a short time ago.

A man by the name of Michael McManus, dropped dead on Friday night, on Tuesday morning last. He was in the employ of the Towing and Gas Company as a laborer. His age was about 60 years. It is thought Dropsy was the cause of his sudden death.

The barn of Mr. Harry Benjamin, in Asylum township, was entirely destroyed by fire, on Sunday night last, together with all its contents consisting of hay, grain, &c. We are informed it was the work of an incendiary.

A County Soldiers' Monument.

The Soldiers' Monument Association have appointed Mr. J. B. Simmons as their agent for the county, to solicit subscriptions in the different townships for a Soldiers' Monument, to be erected upon the grounds belonging to the County. We hope he may meet with that success which will merit the noble soldiers whose lives were sacrificed on the field of battle, &c. of our County, and who were innocent of the cause that brought about this unhappy struggle, many of whom went to the tomb to save us from the same fate; and we believe it our imperative duty, to erect a suitable memorial to their memory.

Let the response to Mr. Simmons' appeal, as he shall call through the different townships, be free and general; for we consider it a cause that should not go begging.

Dr. Warner.

The numerous friends and patrons of Dr. Warner will be glad to learn that he visits this village again for two days only, Tuesday and Wednesday, Sept. 27th and 28th, stopping as usual at the Tarbell House. A Man Confesses to Having Killed Nathan.

MILWAUKEE, September 17.—A probable clue to the murderer of Nathan in New York was obtained this evening. A man called at the office of the Daily News and asked for a pencil, and upon paper and pencil being furnished, and when he had finished he handed the paper to the clerk, saying, "Do not read that until I am gone," and then ran out. The paper read as follows:

"To the editor of the Daily News:—Please publish the following: I am one of the murderers that murdered Mr. Nathan in New York some time since. Oh, God! have mercy on me, as I am haunted by the crime as I go through the world with uplifted hands.

(Signed) JAMES B. A.—

The man could be recognized by the person who took in his note, but, as yet, has eluded all attempts of the detectives to secure him.

Eighteenth District.

In Harry Sherwood, our candidate for Congress in this District, we have a man whom all delight to honor—a worthy citizen, and a lover of constitutional liberty. He has strong claims on the voters of the District—and ought, by every consideration of justice and policy, to be elected by Congress. He is opposed to military despotism everywhere, especially in our own country where it is forbidden by the Constitution. He is likewise opposed to the stamped paper system of excise duties which has ruined our country. Mr. Sherwood, when elected, will propose every species of fraud and corruption. His votes will go for an economical administration of the Government, and to lighten taxes. And as to his election, we beg to no one has a doubt.—Williamsport Sun.

Are you registered? Are you registered? See the list at once and if your name is not upon it, have it placed there immediately. After the first of October, it will be too late for you to register, and ask your neighbors.

In view of the frantic efforts now making by the Radicals to gain German votes on the European war question, it is proper to ventilate some of their homocentric notions, and to show to our rights in this country. In Schuykill county, recently, several coal operators made arrangements to displace German and Irish laborers by Chinese. The workmen, of course, object, and we here append the sympathy, the Radical organ of that county, "The Irish Journal," gives them. It says: "The Irish and German elements are the prominent opponents to the Chinese, and are asking Congress to prohibit the emigration entirely, we believe if any class of emigrants are to be prohibited by our government, the best interests of the country demand that Irish and German emigration, instead of Chinese should be prohibited. If the Chinese are allowed to come to this country, it is to Christianize them, and to give them a more demoralizing effect upon the country than the crime and pauperism of Irish and Dutch." When the Dutch of this country seek to protect their rights, they are "criminals" and "paupers," by such transparent humbug.

Gold is quiet and weaker: \$50.00 sold at the Board on Saturday at 112 1/2. During the earlier part of the day the range was between 113 1/2 and 113 1/2, but later it receded still further, and closed finally at 112 1/2 lower. Sterling exchange, 123 1/2 at 124.

Why was Robinson Crusoe's man Friday like a rooster? Because he scratched for himself and crew so (Crusoe).

Butter. The extreme scarcity of strictly fine butter has again raised the price of that quality up 5 cents per pound, but all other grades are dull and instead of advancing, we might almost say have declined in value. The quantity of fine butter which comes to market is so limited that the advance of what really is choice cannot be wondered at, and the remarks we made in our last issue are so truly applicable to the present time, that we can but refer our friends who reserve it, to its re-appeal, and to those who do not, we must repeat that the quantity of all lower grades is accumulating and reasonable offers are not often alleged to pass by unheeded; but we cannot help thinking that there is more than ordinary complaint with the quality of the butter this season from sections of the country, where we usually receive our best butter.

Those of our friends who have any fine butter, we advise to send it to market without delay, we may see shall throughout the season, all grades of course must be sold on their merits, and as a general remark, we would say, that the best butter to our care shall receive our best attention, and our friends may rely on receiving the full market value for it.
