The Farm and Fireside.

EXPELLING WORMS FROM HORSES.—Take one quart of alum, one part saltpeter, one part copperas, pulverize, and mix four parts fine; give three times a week, a tablespoonful at a time.

ASTRINGENT POWDER FOR SHEEP.—Take prepared chalk, a quarter of an ounce; ginger, half a drachm; catechu, powdered, half a drachm; powdered opium, two grains. Give this in a little gruel once or twice daily until the purging abates.

OINTMENT FOR ANIMALS.—Take white pine pitch, rosin, beeswax and honey, one ounce each; fresh lard, one-half pound; melt well together over a slow fire; stir quite thick, so that the parts may not settle and separate. This makes an excellent application for harness galls, cuts, and sores of all kinds, on horses and cattle.

TO TEST a horse's eyes, look at the eye carefully, when the horse is in rather a dark stable. Note the size and shape of the pupil, carry this carfully in your mind while you turn the horse about to a strong light. If the pupil contracts and appears much smaller than in the first instance, you may infer that the horse has a good strong eye; but if the pupil remains nearly of the same size in both cases, his eyes are weak, and you had better have nothing to do with him.

TO STOP BLEEDING.—It is said that bleeding from a wound on man or beast may be stopped by a mixture of wheat flour and common salt, in equal parts, bound on with a cloth. If the bleeding be profuse, use a large quantity, say from one to three pints. It may be left on for hours, or even days, if necessary. The person who gave us this receipe says in this manner he saved the life of a horse which was bleeding from a wounded artery; the bleeding ceased in five minutes after the application.

WORMS IN HOGS.—The most efficient means of combatting worms is by the use of drastic purgatives, which, however, to be successful, requires caution in their administration. Common salt mixed in their food will, in some instances, speedily exorcise worms; should it not do so, turpentine may be given which will eradicate them. It must not be supposed from the fact that no worms are seen to come away from the hog that the medicine is not doing its proper office, as many of them die in the intestines and go through the same process of digestion as the food.

HUMANITY TO HORSES.—One of the most cruel things done is putting a hard frozen bit into a horse's mouth. Thus a horse's mouth becomes frozen by the cold iron several times a day put into it, each time causing those freezings to go deeper and deeper, to end at last in extensive ulceration. Thinking and humane people avoid this by first warming the bits, but this is much trouble, and sometimes impossible, as in night, work, like staging and physician's work. Now, all this is avoided by getting leather bits so made that no iron substance can touch the flesh. Don't fail to try it. Dipping the bits in cold water will take out the frost.

THE *Kansas Farmer* says: There is one variety of stock raising which is causing quite a stir in the agricultural world. We refer to bee keeping; not simply the keeping of two or three, or even a dozen hives, but three, five or ten hundred. That our broad prairies with their countless thousands of flowers will afford an abundance of forage, there is no doubt, but bee keeping, like cattle raising, or cheese making, or in fact, any other branch of farming, requires much skill, tact and judgment—more in fact than every man can bring to his disposal. Still there are some who will be benefitted by investing in bees here in Kansas.

PREMIUM FOR CULTIVATING THE PUBLIC LANDS.—Mr. C. C. Andrews writes to *Hearth and Home*: "A bill is now before the senate committee on public lands which provides for the payment in each of the seventy districts of the United States of two classes of premiums. The first, of $500, for the best farm and crops, the latter to be at least of the value of $1,200. For the second premium, $250. The premiums are to be paid to homestead settlers on awards made by the registers and receiver of the land office, with appeal in case of contest to the interior department, the warrants for the money in all cases to be drawn by the secretary of the interior.

SORE EYES IN CATTLE.—Cattle are liable to suffer from opthalmia, from chaff, or other foreign substance, getting into their eyes. The symptoms are irritability of the eyes, watery discharges, and when the foreign substance becomes impact in the corner, that part becomes inflamed and ultimately opaque. In early stages the eye should be examined, and the foreign substance removed, which can be done by inverting the eye-lids, if the substance is not visible, and removing with a pocket-handkerchief. The result of such an accident should be treated by hot water fomentations, and the occasional application of a lotion composed of a drachm of tincture of opium, to four ounces of water.

LOOK AFTER YOUR STABLEMEN.—When a man looks after his horses himself, he knows whether they are properly groomed, fed and cared for, but when he leaves this important matter to others, he may be generally sure it is neglected. It requires no little resolution this cold weather for a coachman, after coming from a long drive, to see that his animals are carefully looked after before he attends to his wants; and yet if horses are allowed to stand in their stalls all day and night, with the accumulated dirt of a long journey frozen on them, or clotted in their hair, they are sure to suffer. Do not go to bed until you are sure your beasts are well fed, housed and cleaned, and you will most probably have no sick horses to doctor.

SALT FOR SWINE.—Swine are such greedy feeders that not a few farmers pay very little attention to their feeding. The swill barrell is often very little better than a sink, and the poor hogs are expected to eat anything and everything which is refused by the other animals, human and and brute alike. This short-sighted treatment, however, works its own cure, or punishment rather, for swine thus treated make poor pork, and often die before killing time. Others, who are particular about feeding their pigs, forget to supply them with salt, as they do other animals. They require to be salted, however, just as much as other cattle, horse or sheep, and suffer as much when neglected as other animals. If the food be not regularly salted, there should be a trough or box in every sty, in which salt may be deposited regularly for the use of the animals. Salting the food judiciously would be much the best way.—*Hearth and Home.*

For 1871.

Will be ready for mailing by the middle of January, notwithstanding our great loss of type, paper, engravings, &c., by fire, which destroyed the Job Printing Office of the Rochester *Democrat and Chronicle*, 25th December, 1870. It will be printed on a most elegant new-tinted paper, and illustrated with nearly

Five Hundred Original Engravings,

And two finely executed Colored Plates—specimens for all of which were grown by ourselves the past season from our stock of Seeds. In the originality, execution and extent of the engravings it is unlike and eminently superior to any other Catalogue or "Floral Guide" extant.

The Catalogue will consist of 112 Pages, and as soon as published will be sent free to all who ordered Seeds from us by mail the last season. To others a charge of 15 cents per copy will be made, which is not the value of the Colored Plates. We assure our friends that the inducements we offer to purchasers of Seeds, as to quality and extent of Stock, Discounts and Premiums, are unsurpassed. Please send orders for Catalogues without delay.

Our Colored Chromo For 1871.

Will be ready to send out in January. The Chromo will represent Forty two Varieties of showing and popular Flowers of natural size and color. We design to make it the best Plate of Flowers ever issued. Size 19x24 inches. The retail value would be least Two Dollars; we shall, however, furnish it to customers at 75 cents per copy, and offer it as a Premium upon orders for Seeds. See Catalogue when out.

Ayer's Sarsaparilla,
FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this *Sarsaparilla* is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this *SARSAPARILLA*: *Ulcers, Anthony's Fire, Tetter or Erysipelas, Tetter, Salt Rheum, Scald Head, Blotches, Sore Eyes, Sore Ears*, and other eruptions or visible forms of *Scrofulous* disease. Also in the more concealed forms, as *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia*, and the various *Uterous* affections of the muscular and nervous systems.

Syphilis or *Venereal* and *Mercurial Diseases* are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. *Leucorrhœa* or *Whites, Uterine Ulcerations*, and *Female Diseases*, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. *Rheumatism* and *Gout*, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also *Liver Complaints, Torpidity, Congestion* or *Inflammations of the Liver*, and *Jaundice*, when arising, as they often do, from the resulting poisons in the blood. This *SARSAPARILLA* is a great restorer for the strength and vigor of the system. Those who are *Languid* and *Listless, Despondent, Sleepless*, and troubled with *Nervous Apprehensions* or *Fears*, or any of the affections symptomatic of *Weakness*, will find immediate relief and convincing evidence of its restorative power upon trial.

A LECTURE
TO YOUNG MEN.
Just Published, in a Sealed Envelope. Price six cents.

A Lecture on the Nature, Treatment and Radical Cure of Spermatorrhœa, or Seminal Weakness, Involuntary Emissions, Sexual Debility, and Impediments to Marriage generally; Nervousness, Consumption, Epilepsy and Fits; Mental and Physical Incapacity, resulting from Self-Abuse, &c.—By ROBERT J. CULVERWELL, M. D., Author of the "Green Book," &c.

The world-renowned author, in this admirable Lecture, clearly proves from his own experience that the awful consequences of Self Abuse may be effectually removed without medicines, and without dangerous surgical operations, bougies, instruments, rings, &c. especially, pointing out a mode of cure at once certain and effectual by which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically. THIS LECTURE WILL PROVE A BOOK TO THOUSANDS AND THOUSANDS.

Sent under seal, to any address, in a plain sealed envelope, on the receipt of six cents, or two postage stamps. Also, Dr. Culverwell's "Marriage Guide," price 25 cents. Address the Publishers,

TO PHYSICIANS.

New York, August 18th, 1869.

Allow me to call your attention to my Preparation of

COMPOUND EXTRACT of BUCHU.

The component parts are Buchu, Long Leaf, Cubebs, Juniper Berries.

MODE OF PREPARATION.—Buchu, in vacuo Juniper Berries, by distillation, to form a fine gin. Cubebs extracted by displacement with spirits obtained from Juniper Berries; very little sugar is used, and a small proportion of spirit. It is more palatable than any tonic to use.

Buchu, as prepared by Druggists, is of a dark color. It is a plant that emits its fragrance; the action of a flame destroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates; the smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection, it will be found not to be a tincture, as made in Pharmacopœia, nor is it a Syrup—and therefore can be used in cases where fever or inflammation exist. In this you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor us with a trial, and that upon inspection it will meet with your approbation.

With a feeling of confidence,
I am, very respectfully,
H. T. HELMBOLD,
Chemist and Druggist of 16 years experience.

[From the largest Manufacturing Chemists in the World.]

NOVEMBER 4, 1854.

"I am acquainted with Mr H. T. Helmbold; he occupied the Drug Store opposite my residence, and was successful in conducting the business, where he had also a very good trade. I have been favorably impressed with his character and enterprise."
WILLIAM WEIGHTMAN.
Firm of Powers & Weightman, Manufacturing Chemists, Ninth and Brown Streets, Philadelphia.

HELMBOLD'S FLUID EXTRACT BUCHU.

for weakness arising from indiscretion or excesses of powers of Nature which are accompanied by so many alarming symptoms, among which will be found indisposition to Exertion, Loss of Memory, Wakefulness Horror of Disease, or Forebodings of Evil—in fact, Universal Lassitude, Prostration, and inability to enter into the enjoyments of society.

The Constitution, once affected with Organic Weakness requires the aid of Medicine to strengthen and invigorate the, which

HELMBOLD'S EXTRACT BUCHU

invariably does. If no treatment is submitted to, Consumption or insanity ensues.

HELMBOLD'S FLUID EXTRACT OF BUCHU, in affections peculiar to Females, is unequalled by any other preparation, as in Chlorosis, or Retention, Painfulness or Suppression of customary evacuations, Ulcerated or Schirrus State of the Uterus, and all complaints incident to the sex, or the decline or change of life.

Helmbold's Extract Buchu and Improved Rose Wash

will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely superseding those unpleasant and dangerous remedies, Copaiva and Mercury, in all these diseases.

Use Helmbold's Fluid Extract of Buchu in all diseases of these organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any preparations of Bark or Iron.

Those suffering from broken down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers.

All the above diseases require the aid of a Diuretic.

HELMBOLD'S EXTRACT BUCHU

Is the Great Blood Diuretic.

A GREAT MEDICAL DISCOVERY
Dr. WALKER'S CALIFORNIA
VINEGAR BITTERS

Hundreds of Thousands
Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal. ☞ Read for a circular.

They are a Gentle Purgative as well as a Tonic, possessing also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

THEY ARE NOT A VILE
FANCY DRINK,
Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

$100 will be given for an incurable case, provided the bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia, or Indigestion, Bilious, Remittent and Intermittent Fevers Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effect.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish.

J. WALKER, Proprietor. R. H. McDONALD & CO., Druggists and Gen. Agents, San Francisco, Cal., and 32 and 34 Commerce Street, New York.

☞ SOLD BY ALL DRUGGISTS AND DEALERS.
