We have in our possession an egg; the product of pairing on his saw mill this spring, and will be this fowl, which measures 8 by 61/2 inches. Midland Ballroad. The grading of the Midland Railroad will be completed from Franklin, Sussex county, to Unionville, Orange county, N. Y., in three weeks. The ties have been distributed along this section, and the work of laying the rails has commenced between Hamburg and Fraklin. In the vicinity of Munsons Gap 1,000 men have been added to the working force. The superstructure of the high bridge over the Wallkill at Ogdensburg is completed. The work on the eastern section, along the mountain side toward Jersey City, is rapidly pushed, and the Wallkill and Bloomingdale sections will be connected by the close of Autumn, which will complete the road from Unionville to Jersey City. By the first of July it is expected to run cars from Unionville over the Midland Road to Franklin, and thence by the Sussex and Morris and Essex road to Jersey City.-N. J. Herald.
