SOSQUENANNA REDEEMED COUNTY SURVEYOR ELECTED BY 2,000 MAJORITY

Que Righteous Man in Office.

The Country Will be Spared "Yet a Little" From Threat-Fire, Hail and Brimstone, for His Sako, Landon

GLORY ENOUGH FOR ONE DAY.

The Democracy of this County have covered themselves all over with glory, where to lay their heads or get anything cape by electing Oren S. Beebe for County Surveyor, by at least 2,500 majority!

But fellow Democrats we must take on triumph with Temperance and moderation, for we must attribute much of our dan issue provisions and clothing to the success as arising from corruption, and it sufferers from the supplies he has at his is boldly talked by many of our defeated disposal, and, if these prove insufficient, Radicals that bribery of the Radical press to call on the military authorities at St. with the door separating him from them aided in bringing about their present Louis for the same purpose. Mayor humiliation, which we confess is not without color of truth. Mr. "Blank" who the people of this County well know has been the only successful Democratic candidate for a term of years past, became disaffected this fall with his party and secure the support of M. "Blank's" on the regular Radical Ticket hoping by so doing to determined to run as an independent plan to print Mr. "Blank's" on the regular miles west of here, being last in the vicin-Radical Ticket hoping by so doing to ity of Darwin, and is slowly sweeping secure the support of Mr. "Blank's" friends burns more slowly than on the prairie, in the Democratic party and thus save an owing to some dampness which has con utter rout of the whole "concern." They timed there through the long drouth in the first place printed the name of in the first place printed the name of cinders. Exaggerated accounts are rife Mr. "Blank" in place of the regular of the loss of life and property. Doubt Radical nominee for Commissioner but less the loss of property is great but so far but one life is positively known to that officer discovering the ruse, came have been lost, that of a Swede named down upon the "Republican" office "like Conneaut at Dossel, Minnesota, who was fully convinced of his insanity, that he awakened to find his house in flames, and would be obliged to send him back to the a wolf on the fold" on Saturday last, and who, after saving his family, attempted to hospital from which he had escaped. This the editor was thus timely foiled in his save his furniture and was overpowered the lunatic did not relish, but after a few on which are transcribed the four deep laid plot but Mr "Blank" still retaining some zeal in the matter, and insign some zeal in the matter deep laid plot, but Mr "Blank" still re- by the flames and perished. Surveyor. The villanny (?) became generally known on the morning of election, and there was such a general burst of St. Paul and Pacific appearance. His loss of reason is attrib- and pictures, and splendid editions of of popular indignation at this treachery railro that it resulted in the election of Mr. cars in attempting to pass through the fire last night came near suffocating all Beebs by a majority at least of 2,500. the passengers. The cars were filled with We are informed that this is not all the cine editor of the Republican did to distract his party. He secretly introduced a sec- may go either above or below that figure ond candidate upon his ticket for the befo office of Anditor, Mr. M. L. Catlin, the losses very high. It is, however, certain that there never before has been such a Frazer's candidate, which it is now believed has elected Mr. L. C. Smith, Demo-and they have been glad to escape with the fives of themselves and families. The fire is now within a hundred miles authorities intend to probe this ignoramas of St. Paul, and as I write the smoke is defaulcation to the very bottom, and that the most improved "Evans Geary" plan

is to be adopted. Whatever shall be the termination of this affair, Mr. Frazier is held responsible,

don us if we lay down!-(the pen!)

Cold water, as a beverage, is pro-hibited by the Brunges Temperance So-c.ety, except occassionally with salt in it.

Chicago in Flames.

A fire broke out about 9 o'clock Saturday evening last, and continued burning until Tuesday morning at 11 o'clock with miles, and ten thousand buildings were in ruins, including all the banks, express, railroad depots, water works, gas house, etc., etc. St. Louis, Cincinnati, New York,

The Lake Shore and Michigan South-Crosby Opera House, &c., are among the building destroyed.

A dispatch state at 11 o'clock, Monday morning that more than one-half the population are now rushing through the streets, in vehicles which are obtained at enormous prices, on foot, and in every ened Destruction by Radical other way, with the choicest household treasures in their arms and on their backs, in utter confusion, not knowing where to go. Fearful suffering must follow, and almost immediately. Full one hundred and fifty thousand people are at this moment homeless and houseless, not know to satisfy the cravings of hunger.

On reading the accounts President Grant requested Secretary Belknap to telegraph to General Sheridan, saying it was the President's wish that General Sheri Brown, of St. Louis, received a message from Chicago asking food for the suffering people of that city. He called a mass bite. He pulled and drew up his par

200 miles in extent. Houses, barns and id have been burned, and a train of

ders and pieces of burning wood. The amount of damages done thus far rumor puts at \$2,000,000; the actual loss the fire is subdued. Every one fire in Minnesota

Hundreds of farmers have been ruined, The fire is now within a hundred miles now blowing strongly from the west.

A Snake Story.

The Rev. Dr. Hankins, of Ridgeway this affair, Mr. Frazier is held responsible, and will arise in his place and explain.

Up to this writing, (Wednesday, 2 p. m.), Bridgewater and Montrose have been heard from; and the indication is that they have "gone for Beebel"

There are some minor telegrams to the effect that the State has gone Republican.

The Rev. Dr. Hankins, of this place the particulars of the following frightful story, and to the last named gentleman we are indebted for the same. Dr. Hankins was the attending physician, and is a man for responsibility, and as the story, unreasonable as it may seem; comes through only one person of trustworthness, we can safely vouch for its truth: Mrs. Sarah sonable as it may seem; comes through of missma.

There are some minor telegrams to the effect that the State has gone Republican, by about 10,000 majority, but nothing is certain until Susquehanna is heard from!

It is also reported that Ohio has given a Taulcal majority of 35,000, and that a sale was troubled with same a Radical majority of 35,000, and that a sale was recovering from one of these fits, while suffering very deem it best for us to go to press at this same Ranges Temperance Party! last evening.

conducted him to prison. About streets homeless, and the loss of property past nine o'clock yesterday morning the is estimated at over \$50,000,000. The man was brought before the mayor, the rope, and attempted to get in He factory, Stewart's scale works, Ostrom's livery office, hotels, banks; and apparently every concept before the major, the reasons which impelled him to the course pursued. He said that if March thing within half a mile west of the Court Lattended a temperature meeting in the air, and apparently every less the attended a temperature meeting in this perilous position started apparently every less the attended a temperature meeting in this perilous position started apparently the reasons which impelled him to the course pursued. He said that if March the surface and free dangling in the air, and insurance, \$20,000. When about fifteen or twenty feet from and probably west of State street, and spoke. After the discourse he approached the ground the car came in contact with perhaps east of that, are all destroyed his reverence, took him by the hand and one of the ropes that held the balloon. The Joke Share and Michigan South, called him an "ignorant mountebank," while being inflated, and threw Mr. Knapp out, who fell to the ground, sustaining considerable injury. The balloon being lightened of the weight, shot up ward almost with the swiftness of an ar-Prof. Wilbur still clining to the ascended to the height of about one mile as near as could be guesed, and when a that attitude the spectators were horror stricken to see him fall to the earth

It was truly a heartrending spectacle, and one which we may hope to never see again. Men and women shouting, shrick ing, screaming and falling upon: their knees, and in the anguish of their bearts imploring heaven to protect him. But prayers and sympathy were unvailing The professor was seen high up in the air with face down, arms and legs extended, his body in a circular notion descending cape. His first move was to smuggle it at a fearful speed. He was about one case kuife into his apartment (which was minute in falling, and struck the earth with his head first, bursting it open. The sound of the fall was heard by the citizens of Paoli a half-wile from the place fore he started, fell within four feet of him shortly after he reached the ground, he

having passed it about midway down.

The balloon rose to an immense height and taking a northwesterly direction landed some three miles from the scene. His body was taken to the Alberthous in Paoli, and cared for by his wife, who

witnessed the terrible tragedy. It is stated by forge persons present that Mr. Knapp gare—the word to "let go" before Mr. W. gained the car.

The Birthplace of Shakspeare, You pay a shilling to see the house and museum. The flightage of the kitchen, occupied up to the list half of this century by a butcher, is of enormous capacity, and not unlike those of the miners in the Sierras. There is nothing in any of the four or five rooms, up and down stairs, that is worth seeing, save the name of Walter Scott out on the street window of the room above the kitchen where Shakspeare was born. I looke out of this broad window, made up of little six inch lights, and saw that the postoffice of the town was opposite. I also saw an old woman, with a grey little hammer. A redfaced baker passed by with a basket of bread on his head, sing-ing to himself, and that was all I could which the light first came to Shakspeare.

of names. In a room below hangs a card

U. N. Tiffany. Woolen Blankets Mrs. R. Sterling. O. N. Tiffany. upon the question. Sould feach that candy is an evirto be avoided; others, who like it firm selves, my that white candies are at least harmless, and may be caten at discretion. Neither side is quite right. The chief injury candies do is that of spoiling the appetite for other food When housestly made, colored candy is quite harmless in itself. Thus the red candies are with best fuller. But it is safer on the whole with the safer on the white heat that of spoiling the appetite for other food with the safer on the whole was the safer of the safer on the whole was the safer on the safer of the safer on the safer on the safer on the safer on the safer of the safer on the safer on the safer on the safer on the safer of the safer on the safer on the safer on the safer on the safer of the safer of the safer on the safer of the safer
