for and efficiency of those voluntary military organizations. For a full account of these disturbances of the peace, and the operations of the volunteers ordered into service, you are referred to the aport of Major General Edwin S. Osborne, commanding the Ninth division of the National Guard, which will be found in the report of the Adjutant General From this document and other facts daily communicated to meduring the existence of the Scranton troubles, it is evident that our citizen soldiery cannot be too highly esteemed for their services on that occasion; and their usefulness is demon-strated should similar, or any other civil

listurbances, hereafter occur. But for the prompt appearance and judicious management, of the National duard on the occasion of these riots, one of our most prosperous cities might have been reduced to ashes, millions of property destroyed, many valuable lives sacrificed, and scenes of general ruin and devastation produced.

The history of the volunteers in the late war is completed and ready for distribution. It embraces five royal octavo volumes, and bears evidence of being a work of much labor and research; Activate will receive the final chasing a small piece of land at the east chasing a small pie report of the Historian.

WRITS OF ERROR IN CRIMINAL CASES. At the session of 1870, the Legislature passed an act, entitled "An Act to allow write of error in cases of murder and voluntary manslaughter," the first section of which provides that a writ of error "shall be of right, and may be sued out upon the oath of the defendant or de-

been committed by the court on the triat, and to show cause, within thirty days, why the writ of error should be granted; but this law gives a writ; whether any error is alleged or not, and allows the defendant seven years in which to issue it, according to the practice in civil cases. Heretofore to the practice in civil cases. Heretofore beneficial results. Yet there are defined to the practice in civil cases. Heretofore beneficial results. Yet there are defined in order to fully

A STATE BOARD OF HEALTH.

Many eminent medical and other sci entific gentlemen have suggested that the organization of a State Board of Health, under the auspicies of the Legislatue would be greatly conducive to the general welfare of the people of the Common-wealth. After mature deliberation I thoroughly accord in this opinion. Local boards of health may answer the purpose for which they are established; but their fields of operation are limited, and they cannot accomplish the objects contem plated by the appointment of a general State Board. The prevalence of yellow fever in former years, which spread beyond chasing a small piece of land at the east corner of the Capitol grounds, necessary to complete the square. I recommend that further efforts be made to secure the object indicated, and that the iron fence fact that farming the grounds be completed, marching over its old track to our very unprejudiced scrutiny in order that merdoors; and the many other influences cy and justice may alike be satisfied. which constantly threaten the health of This demands much time and no small The expense of the State need be no greater, while the benefits to be derived are intice of his profession, while the Board might consist of five or more medical men, resident in different parts of the State, who would perform the duties, if
