The boulding house, hear the stone quarry,
occupied by an English family who have recently
moved there, was the scene of a stabbing at
a few nights since. We have not learned
all the particular, but it is said that the husband
in a fit of jealousy, stabbed his wife with a
butcher knife, and left for parts unknown.
The woman is not considered dangerous.

There seems to be a great need of dwelling
houses in New Milford. Many of the houses
are now occupied by two families, and nearly
every tenable room over shop or store is bro-
ken up for a dwelling.

A horse, belonging to A. E. Sweet, of Scranton,
was stolen the night of January 17, from the
stables adjoining Church's Hotel. The thief
went as far as Pittston, where he tried to
sell the horse, but was suspected and arrested.

The authorities upon seeing the hand-bills with
a description of the horse and the offer of a re-
ward, telephoned to Mr. Sweet who came and
identified the horse and received his property.

The Luzzu's Legal Register, is the title of a
new law publication, in pamphlet form, which
has just made its appearance in Wilkes-Barre,
under the editorship of George D. Kulp.

Michael Vonauvinckel, whom we mentioned
last week, as having been sentenced to the
Eastern Penitentiary, one year and nine months,
for stealing a brass kettle, has since died in
prison.

The next regular meeting of the members
of the Monroe Reading Room, and Library
Association, will be held at the Reading Room,
on Thursday, February 15, at 8 p.m. A general
attendance of the subscribers to the fund, is so
desirable, as business of importance will come before
the meeting. C. C. HALSTED, President.

At the quarterly meeting of the Anti-Secret
Society Association of North Eastern Pennsylvania,
held in the Court House, Monroe, on
Wednesday and Thursday evenings, February
7 and 8, the following resolutions were passed:

Resolved, That we hold ourselves ready to
meet the fraternity in a fair and honorable
discussion of the sentiments of the above resolu-
tions, and to do all in our power to secure future time,
which may be agreed upon.

Our knowledge of this "Religion" is that
whatever may be its doctrines, it is differ-
ent from some "sects," in that it never attempts
to proselyte. So far as we know, extends
no man who was ever asked to become a member,
but each does of his own free will and
accord; otherwise he is not admitted. As it is
asserted to be a "Religion" and its lodges
"churches," under the principles of religious
tolerance, those who wage an intolerant war
against it, must be "sectarian bigots." If
it is wrong, that God, who alone has the
providence to judge of the consciences of men, is com-
petent to pass sentence upon it.

—Hon. Wm. M. Elly, of Blairstown, late Re-
publican Assemblyman, from that district,
died last week, after a somewhat protracted ill-
ness. He had served three terms in the
Legislature and was elected for the fourth.

The negro murderer, Lewis Junior, a call
for whose arrest was published last week, over-
taken at Scranton, and arrested by Deputy
Sheriff John Dwyer, of Ontario County, N. Y.,
and lodged in jail in Canandaigua, on Wed-
nesday of last week. He had been staying in
Monroeville some two months with a white female
about 16 or 18 years of age, who now elopes to
him in his absence and followed him to
Canandaigua, and even asked to be imprisoned
with him which was denied her. He is accused
by his wife, living in Canandaigua, of murdering
a white girl whose body was found in the canal,
and that he gave her (his wife) poison before he
left supposing he had killed her, so that she
could not expose him, but by medical aid she
recovered. It is said that he has been
guilty of other murders also. May justice be
administered.

The Wild Tea" Swindle.

Our readers will remember that a short time
since we exposed what we believed a swindle,
of a "cancerous confidence man," who attempted
to impose upon us, and our patrons, by asking
us to publish "how he cured a cancer on his
nose with Wild Tea." Instead of publishing his
advertisement, we denounced him as a swindler,
and as a proof of the correctness of our conjecture,
we gave the following from the Greenville
Argus, which, among a large number of journals,
was decoyed into publishing the "card" to
assist him in his nefarious business:

"In December we received and published,
as many other local journals in this section of
the country, a printed article on the 'Great Cancer
Cure' purporting to be a bona fide discovery,
the object having been the fame of it a benevolent
look. 'Wild Tea,' was the agency
through which said article represented many to
have been cured, and we were assured that this
had grown in most of the States and is well
known. Dr. H. H. Harrington, of Pittsburgh,
Penn., affixed his name to the communication
as a guarantee of good faith. A friend wrote to us, Williams concerning this 'Wild
Tea,' and in turn referred to a party named
Smith, who was in the Wild Tea business and
was apparently the author of the various
communications. We have been writing to him
to answer thousands of letters for the said W.
and recommended that our friend should remit
ten dollars, which for paltry consideration
would send him a quart of dried wild tea.
We have written to him, remitting to Smith,
but he has ignored it. Will you exchange
them the benefit of a free notice?"

We do not know Mr. Williams, but the ex-
pects we have printed lead one to suppose that
he has allowed the use of his name, innocently,
and for a specious purpose. He is a
gentleman, and may be a man of wealth.
Ten dollars a quart is rather a high price for "Wild Tea."

The recent heavy fall of snow made slightly
difficult.

There has been considerable sickness here
this winter. A number of cases of scarlet fever
are reported, three of which proved fatal.

Donations and lectures are the most favored
of subjects at present.

The friends of Rev. J. S. Thompson are invited
to attend a donation andyster supper, at
Phineas' Hall, on Thursday evening, February
15. A general invitation is extended.

The friends of the Rev. Ass. Brooks paid
him a donation visit at the home of S. E. Williams,
Thursday, January 25th, to the amount of
\$100.

The Rev. A. D. Barber is giving a series of
lectures on miracles, at the Presbyterian church.

The fourth lecture, by the Rev. J. S. Thompson
was delivered before an appreciative audi-

ence last evening, at Phineas' Hall. Subject
will it pay? The proceeds of these lectures is
appropriated toward the payment of a new organ,
purchased by the society of which Mr.
Thompson is pastor. Through the efforts of the
Mite Society, (now discontinued) and Mr.
Thompson's disinterested labors, the organ is
growing beautifully less.

The choir, under the leadership of Mr. G.
Terwilliger, showed a marked improvement.

Wm. H. Chapman sold his farm to a
Mr. Shoup for \$3,000. Mr. Chapman intends
to spend a year in visiting and travel before
permanently locating.
