## Heavy Robbery at Muncy.

The office of the Lycoming Fire Insurance The ones of the Lyconing Fire Insurance Company at Muncy was entered by burglars last week and one of the safes blown open. Over \$20,000 in registerfd bonds and stocks were abstracted, \$10,000 of which lichonged to the Company, and the balance to private parties. Two suspicious characters have been Brrested in connection with the robbery.

## A Correct View.

A lady writer asserts that if women were as particular in choosing a virtuous husband as men are in selecting a virtuous, wife, a moral refer mation must soon ensue. Women have a right to insist that men should be as pure as them selves, but, so long as in so called "society" gentle men pay no penalties by being kicked out from the family circle as soon as crime is discovered no reform will ever take place. It is the ladies' duty to be firm on this point, and if they only use their powers at every opportunity the change would soon be visible.

## Niggardly.

The Hagerstown Twice a Week relates the following : "A day or two since a gentleman (?) whilst on his way to this town with a pocket book containing ten thousand dollars, lost the aged 77. same somewhere on the road, and in going back to search for it, met a MAN, (the word deserves to be capitalized,) and a poor one, to boot, who handed him his lost treasure, every cent in tact. Now, how do you sappose this delighted, and grateful, and joyful, and generous person ated him the pitiful sum of ffly cents, which was promptly refused.

We venture the assertion that this ten thous-and dollars gentleman was, or has been a "curbstone broker," for we know of no one else whose conscience is sufficiently seared to have " cheek" enough for such a niggarily action.

### Jumping the Rope.

There is no ansusement indulged in by children that calls for louder denunciation than that of jumping the rope. It is fraught with the most dangerous results, and every effort should be employed to totally abolish the practice. Our exchanges frequently contain obituarjes of children who have died from over exertion in endravoring to eclipse their playmates in jumping. In our own County, within the past year, there have been serious cases resulting from the same cause. Parents should forbid their children from indulging in this dangerous pastime, and see that their orders are enforced ; | teachers of our public schools should also be instructed to exercise vigilance, and see to it that jumping the rope forms no part of the school vard plays. Hy so doing, the rising generation vill be improved, and many a parent relieved of nights of watching over a thoughtless child who has fallen a victim to this juvenile enstem.

We answer, "I tean," and would advise you to read a treatise on the hair, which is published by R. P. Hall & Co., Nashua, N. H. who send it free, upon application. Their are the proprietors of Hall's Vegetable Sicilian Hair Renewer. We learn from it, the hair, in a perfect sate of health, is constantly falling out, and new hairs grow from the same tubes; but, in case of any disease of the scalp, or by the use of alchelic preparations, the hair-tube becomes contracted at its month, and prevents the new follicle from reaching the surface. Their preparation will crente a perfectly healthy condition of the scalp, and, by its tonic properties, will preserve and strengthen the roots of the hair...Stateman, De Moined, Jozca.
