Attention: We hope every member of the Democratic County Committee, will be in his place at the meeting at Montrose, on Monday next. Business of great importance will be brouggt before

We are pleased to notice that Samuel G. Lines, son of P. Lines, Montrose, who for some time has been a student in the Divinity School of Philadelphia, was a short time since. admitted to the order of Deacons, in the Protestant Episcopal Church, at an Episcopal Visitation

### A Fine Auroral Display.

Large numbers of our citizens gathered at the vast sheets of crimson, blue, green and golden lights flashed over the sky at different points, both north, east and west. The display lasted over an hour.

### Rearful Family Fatality.

Diptheria recently plucked five members from the family of John Kurtz, of West Perry town ship, Snyder county, within ten days. On the 29th of July three of Mr. Kurtz's family were attacked by the disease—a boy aged six years, another eighteen years, and a girl four years. They lingered until the Thursday following, when they all died. The little boy expired at one o'clock in the morning. Two hours after ward the little girl prose from her bed and laid beside her dead brother. A brief interval clasped, and she, too, was a corpse. At six o'clock the same morning the cldest brother's dissolution took place. The three were huried in one grave. The Friday afternoon following all the rest of the family were confined to bed by the same disease, and on Sunday last a daughter aged fourteen and on Monday one aged sixteen years dfed. On Tuesday the sisters were interred tegether. The only surviving children are a son and a little girl, and the recovery of the latter is very improbable. Mr. and Mrs. Kurtz are also ill with diptheria. Ten children have now been taken from this family by death.

## A Terriff e Flood.

A very terrific and damaging flood, was caused by showers, on Friday last, which pass-on or near Snake Creek, this county. A very dark, heavy cloud hung over the mountains to under the intense excitement and agony of his ward Silver Lake for a long time, about noon of that day, causing all the streams from that direction to come tearing into the valley in a that he spoke more plainly than he had before manner, never known before, and swelling generally. His intellect had not been impaired Snake Creek into proportions unprecedented causing an unwonted scene of death and deion. Two dwelling houses and two barnes were swept away at the junction of Riney's creek with Snake creek, near the Acid factory. One of these dwellings was occupied by Mrs. Washburn and family, who fortunately, were absent and escaped. The other was occupied by Mr. Owens. Mrs. Owens and four children were in the house at the time, and two of the children, one a daughter about fifteen, the other a child of four or five years, were drowned. Mrs. Owens and Jacob Chalker, were rescued from the flood, both in an insensible condition and it was with difficulty that they could be recussitated. Mr. Chalker, thus perilled his life n attempting to rescue Mrs. Owens, who caught hold of him in such a manner, as to cause them both to be drawn under. Families were separated on each side of the creek, each frantic with doubt, as to the safety of the other, and all were almost wild with terror and excitement. Every bridge on Snake creek and most of its tributaries, from Franklin Forks to where 1 flows into the Susquehanna river at Corbetts-ville, was swept away. Six bridges were destroyed in the township of Liberty. The loss in crops, washed land, fonces and other farming ly destroyed. Nothing of the kind, within the memory of the present generation of that vicinity, has ever visited them, that is comparable that it in terror and destruction. with it in terror and destruction.

Let all interested remember the Greeley svening, at the basement of the Court House.
