Ayer's Hair Vigor, For restoring to Gray Hair its

A dressing which is at

color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and from turning gray or falling off, and consequently provent baldness. The restoration of vitality it gives to the scalp arrests and prevents the forma-tion of dandruff, which is often so un-cleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambrie, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co., Practical and Analytical Chemista, LOWELL, MASS.

Ayer's Sarsaparilla

Is widely known as one of the most effectual remedies ever discovered for the discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its constantly growing reputation, but the growing reputation and grow

stantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so scarching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilito contamination. Impurities, or diseases that have lurked in the system for years, soon yield to this powerful antidota, and disappear. Hence its wonderful cures, many of which are publicly known, of Scrofulla, and all scrofulous diseases, Ulcers, Eruptions, and cruptive disorders of the skin, Tumors, Blotches, Bolls, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, and internal Ulcerations of the Uterus, Stomneh, and Liver. It also cures other complaints, to which it would not seem especially adapted, such as Dropsy, Dyspepsin, Fits, Neuralgia, Heart Disease, Female Weakness, Debility, and Leucorrhoea, when they are manifestations of the scrofulous poisons.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and viger of the digestive organs, it dissipates the depression and listless languor of the season. Even where no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.
