A Mother-in-law's Fast Ride.

J. S. is the fortunate possessor of a mother-in-law, and, what he probably thought more of, among his horses was one known as Quaker. Now Quaker was a great roader, and would jerk a wagon with two in it, in 2:51 on the road, and the harder he was pulled in, and the more he was yelled at, the faster he meant to go. In fact, when a competing horse ranged alongside and a strong pull was taken, accompanied with yells, he thought he must do his level best on trotting, and he did it. Not many years ago, when the county fair was held where Master Joe then lived, he had old Quaker hitched up to a hundred pounds three-quarter-seated wagon, and, as he was getting in mother-in-law wished to go with him. He informed her that he was going to the town clerk's office at the lower end of the village (about a mile,) and if she was in a hurry to return she would have to drive back alone, and then cramped the wagon for her admittance; and with head drooping and slouching gait old Quaker walked along, taking the ill-assorted pair to the town clerk's office. Now, be it known, Joe dearly loves fun, and will have it as often as possible, while mother-in-law is a rigid, old-fashioned, sky-blue, undoubtedly good, but unfortunately possessed with the idea that to laugh is to sin. It so happened that every team at that time was going to the fair grounds, or else was walking; so Quaker had no chance to "score up," but just as they arrived at the office of the town clerk, S. saw Jack Barnes coming on his way to the fair. Now Jack's mare had the reputation of being four or five seconds faster than old Quaker. To turn Quaker around jump out, and advise mother-in-law to drive slow in going home, was but a minute's work; and then holding up his hand to attract Jack's attention, he told him he would pay chicken-fixings and etceteras if he would range alongside Quaker at speed, yell, and spurt the old horse up the street to Fair Grounds Entrance. A nod, and Jack touches Lady Cutler with his whip, sings out git! and lays for Quaker, who, hearing the stepper coming, grabs at his bit. Mother-in-law takes hold of reins in front of the buttons, puts her feet against brace iron in front, and as the lady ranges alongside, Jack yelling lively, mother-in-law takes her strongest pull, screaming whoa to stop her animule." But he didn't stop—not much—he didn't. The pull was just enough to steady him good; whoa he evidently considered to be meant for a sell to the other horse, and squatted to go his level best, and just did it. Barnes was actually getting left behind, and warming up to his work he commenced in right good earnest to sing out, Hi Yarr! Go er long! What are you about? Git, won't yer? and they did git—nice—"Both on em." The people they passed seeing their speed and the old lady's hat on the back of her neck, her shawl streaming out behind, and the courage with which she hung on to the lines, clapped their hands encouragingly sung out, "Good, old Gal!"—"Gay old bird!"—"2.40!" "Bully for old Quaker!" And as they passed the two hotels the fast boys on the piazzas gave them three cheers with a vim—in fact, with several extra vims.

Joe's mother-in-law took the first evening train for her Green Mountain home. His parting words were "he should not dare allow her to drive Quaker again, as she had gone and beat one of the fastest horses in town."

Violets all Winter.

A SUPPLY of violets—fresh, fragrant and beautiful—can be had during all the dreary winter months, at no cost whatever, beyond the original expense of a cold frame and the plants. The work should commence at once. Dig a pit three by four feet and twenty inches deep; provide abundant drainage. Fill with six or eight inches of coarse gravel, broken pots, or other loose material. Cover this to within two or three inches of the surrounding surface with good rich garden soil. Have ready a frame of inch and a half plank, the size of the bed, twelve inches high in front and eighteen inches high at the rear, with the ends sloped to match. Fit the frame into the pit so that the lower edge shall be four inches below the surface of the ground outside. In setting the frame place the lower or front side to the south as nearly as may be. Now fill the bed with the plants, set in clumps eight inches apart, Water well and shade for a few days, by which time they will have become well established. The frame must be banked up on the outside with earth nearly to the top.

Nothing more is to be done until just before severe frosts come, when the frame is to be covered with an ordinary hot bed sash. This is removed during each pleasant day and replaced at night until winter begins to set in. Then the inside of the frame, around and over the plants, is to be entirely filled with dry forest leaves, and the sash placed. Care must be used to see that everything is secure from the incursions of mice, or they will revel in the nice warm nest provided.

In January, when the lengthening days come, remove the sash carefully, take out all the leaves, lightly sprinkle the plants and replace the sash. Cover carefully every cold night with mats, giving sunshine during the day. In short time the frame will be filled with violets which may be cut *ab lib*. All the future care that is necessary is to keep the frame well covered with mats; water lightly whenever the plants need it, and on warm bright days, lift the sash sufficiently to give a little air.

As to variety, the double blue Neapolitan is the one almost universally cultivated in frames. The "Schoenburn" is a single blue variety. The "Queen of Violets" is very double, of a beautiful flush white and very fragrant, but a somewhat shy bloomer. The same is true of the double white Neapolitan.

"A DISGRACEFUL act of vandalism," says the *Allgemeine Zeitung*, "has just been committed in the Royal Gallery of Berlin. Five of the finest pictures in the museum, the 'Andromeda,' of Rubens, 'Mary Magdalen,' of Gerard Dow, two gems; a Cornelius de Harlem, a Verkolje, and another not specified, were found pierced with cuts as from a knife. The perpetrators of these attacks, as odious as insensate, carried out their criminal projects on several successive days, for every morning a fresh picture was found to be damaged. The guardians saw nothing, and the investigations have not yet produced any result. The mutilated canvases were submitted to a minute examination, and their restoration was immediately proceeded with."

A Lecture on the Nature, Treatment and Radical Cure of Spermatorrhœa, and Seminal Weakness, involuntary Emissions, and Impediments to Marriage generally; Nervousness, Consumption, Epilepsy, and Fits, Mental and Physical Incapacity, resulting from Self-Abuse, &c.—By ROBERT J. CULVERWELL, M. D., Author of the "Green Book," &c.

The world-renowned author, in this admirable Lecture, clearly proves from his own experience that the awful consequences of self abuse may be effectually removed without medicine, and without dangerous surgical operations, bougies, instruments, rings, or cordials, pointing out a mode at once certain and effectual by which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically. THIS WILL PROVE A BOON TO THOUSANDS and THOUSANDS.

Sent under seal, to any address, in plain sealed envelope, on the receipt of six cents, or two postage stamps. Also Dr. Culverwell's "Marriage Guide," price 50 cents. Address the Publishers,

$1,000 REWARD!

BRIGGS' ALLEVANTOR is composed of Ammonia, Chloroform, Spirits of Camphor, Tincture of Tupaline, Oil of Juniper, and Alcohol. This compound is unequalled in the annals of medicine for the cure of Sick Headache Neuralgia, Trembling or Twitching of the Nerves, and all Nervous Diseases. It will counteract all poisons, banish pimples, cure scaly eruptions, itching humors, &c. It equalizes the circulation, invigorates the system, increases the action of the heart, without exciting the brain, cures Heartburn, Palpitation and Fluttering of the Heart, Dyspepsia, &c. Briggs' Allevantor absolutely possesses more curative properties than any other preparation. Physicians, chemists and others are requested to examine and test the remedy and $1000 will be paid if found different from representation.

COUGHS. Much has been said and written, and many remedies have been offered for the relief and cure of throat and lung disease; but nothing has been so eminently successful or obtained such a wide celebrity, as Briggs' Throat and Lung Healer.

CORNS. The excruciating pain produced by Corns, the unceasing twinging from Bunions, the piercing, distressing pain from ingrowing Nails, cannot be described. Thousands suffer, not knowing there is a cure. Briggs' Corn and Bunion Remedies are no acid or potash compounds, but are reliable soothing, and effectual, and just merit the success they have earned from an appreciative public. The Curative is a healing ointment; immediate relief is obtained by its application, and it will positively cure the worst cases of Festered Corns, Inflamed and Ulcerated Bunions, the severest kinds. The largest and severest Blisters, the most extensive Callosities on the soles or heels of the feet, unequalled in the cure of Chilblains or Frosted Feet. The Allevantor for ordinary corns and ingrowing, their formation is absolutely unexcelled by anything known.

PILES have been a terror to mankind for centuries, and almost every attempt to cure them has been baffled. By unceasing study and experimenting, Dr. Briggs has discovered and absolute cure for internal, bleeding, external, and itching piles. Briggs' Pile Remedies are mild, safe and sure.

Corns, Bunions, Bad Nails, Ulcerated Joints and all diseases of the feet, also, Piles, Cancers and Scrofulous Humors, skillfully treated by Dr. J. Briggs & Co., 697, Broadway, N. Y.

GRAND GIFT CONCERT!

Postponed to December 7, 1872.

THE SECOND GRAND GIFT CONCERT in aid of Soldiers' Orphans' Institute, Louisville, Ky., will positively take place on Thursday, December 26, 1872, because the accumulation of orders the few days before the drawing made it physically impossible to fill them without a few days delay, and as a short postponement was inevitable, it was determined to defer it to a time that would make a full drawing sure by the sale of all the tickets.

The money necessary to pay in full all the offered gifts is now upon deposit in the Farmer's and Drover's Bank, as will be seen by the following certificate of the Cashier.

FARMERS' AND DROVERS' BANK, Louisville, Ky., Sept. 26, 1872.

This is to certify that there is now on deposit in this Bank over half a million of dollars to the credit of the Gift Concert Fund, $500,000 of which is held by this bank, as Treasurer of the Public Library of Kentucky, to pay off all gifts awarded at the drawing

will be awarded, the highest prizes being $100 000, $50,000, $25,000, and down in regular gradation to $10, which will be the lowest.

The drawing will positively and unequivocally take place December 7. Agents are peremptorily required to close sales and make returns November 25, in order to give ample time for the final arrangements. Orders for tickets or applications for circulars should be addressed to Gov. THOS. E. BRAMLETTE.

SMYTH'S

REVOLVING CARRIAGE GATE.

[PATENTED, OCTOBER 31, 1871.]

Is claimed by our best Judges, to meet the necessity for a PERFECT, a Convenient, Practical, Durable Gate, as indorsed by the highest authority in America. Is entirely different from and has many advantages over any other Gate ever invented. Is Cheap and easily constructed and for convenience cannot fail to please all. Can be opened and closed without the opperator changing his position, lifting or pulling a pound, and if desired can be easily arranged to be opened and closed without dismounting. It occupies no more ground when opened than two posts would cost gate, this making it very desirable over any other Gate to farmers and those living in Villages and Towns. Is in order every day in the year, no straw to shovel in winter. It cannot sag or get out of repair.

For further particulars I address the undersigned, who will as far as possible visit the several Counties in Pennsylvania and adjoining States for the purpose of exhibiting and introducing the same.

I extend to everybody a cordial invitation to call and see it, as it is the first of its kind ever introduced in this section of the country, and I feel confident it will give universal satisfaction. Persons wishing to purchase State or County rights will find it to their interest to call on me.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its powers, and cases of **Consumption**, cured by this preparation, are publicly known, so remarkable as hardly to be believed were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing **Coughs**, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing a sound and health-restoring sleep. No one will suffer troublesome **Influenza** and painful **Bronchitis**, when they know how easily they can be cured.

Originating the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.

Ayer's Cathartic Pills,

For the relief and cure of all derangements in the stomach, liver, and bowels. They are a mild aperient, and an excellent purgative. Being purely vegetable, they contain no mercury, or mineral whatever. Much serious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the *Pills* with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by *Ayer's Pills*, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and for any length of time, so virtues, unsurpired for any length of time, so perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion, Listlessness, Languor** and **Loss of Appetite**, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice** or **Green Sickness, Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa**, but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings**, they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression**, a large dose should be taken, as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

INVESTMENTS.

Municipal Bonds for Sale.

These bonds are issued by virtues of the State Constitutions granting the legislatures the right to enact laws authorizing Cities, Counties and Towns to issue securities in accordance with such laws for certain internal improvements, and when so issued there is no power that can legally defeat them. States may repudiate; Municipalities cannot. These Bonds are a first lien upon all the property of the municipalities. Including Railroads and mortgaged for miles. Shrewd, far-seeing financiers are changing their Government and other Securities into these desirable bonds. Any explanation will be cheerfully given, and Bonds in denominations of $100, $200, $500, $1,000 each, for sale by

DR. RADWAY'S

SARSAPARILLIAN RESOLVENT

HAS MADE THE MOST ASTONISHING CURES; SO QUICK, SO RAPID ARE THE CHANGES THE BODY UNDERGOES UNDER THE INFLUENCE OF THIS TRULY WONDERFUL MEDICINE, THAT

Every Day an Increase in Flesh and Weight is Seen and Felt.

THE GREAT BLOOD PURIFIER.

Every drop of the SARSAPARILLIAN RESOLVENT communicates through the Blood, Sweat, Urine, and other fluids and juices of the system the vigor of life, for it repairs the wastes of the body with new and sound material. Scrofula, Syphilis, Consumption, Glandular disease, Ulcers in the Throat, Mouth, Tumors, Nodes in the Breast and other parts of the system, Sore Eyes, Strumous Diseases, Erysipelas, Acne, Blind Spots, Worms in the Flesh, Tumors, Cancers in the Womb, and all wasting and painful discharges, Night Sweats, Loss of Sperm, and all secret diseases, are within the curative range of this wonder of Modern Chemistry, and a few days' use will prove to any person using it for either of these diseases the potent power to cure them.

If the patient, daily becoming reduced by the waste and decomposition that is continually progressing, succeeds in arresting these wastes, and supplies the same with new material made from healthy blood—and this the SARSAPARILLIAN will and does secure,

Not only does the SARSAPARILLIAN RESOLVENT excel all known remedial agents in the cure of Chronic, Scrofulous, Constitutional, and Skin diseases; but it is the only positive cure for

Kidney & Bladder Complaints,

Urinary, and Womb diseases, Gravel, Diabetes, Dropsy Stoppage of Water, Incontinence of Urine, Bright's Disease, Albuminuria, and in all cases where there are brickdust deposits, or the water is thick, cloudy, ropy, or has a milky like the white of an egg, or threads like white silk, or there is a morbid, dark, bilious appearance, and in all cases where pain exists, and when there is a
