THE AND HOUSEHOLD.

ING CISTERNS.—Care should be have the cistern thoroughly ont at least twice a year, as well troughs upon the building supply- the water.

STAINS ON MAHOGANY.—To remove stains on mahogany furniture use oxalid acid and water. Rub with a cork till the color is restored, wash well with water afterward, and polish with linseed oil.

TO REMOVE STAINS.—If you have been pickling or handling any acid fruit and have stained your hands, wash them in clear water, wipe them lightly, and while they are yet moist strike a match and shut your hands around it so as to catch the smoke, and the stain will at once disappear.

SWEETENED DOUGHNUTS.—One pint of sour milk and seven tablespoons of sour cream; soda to sweeten; one teaspoon salt; one coffee cup of sugar; one egg well beaten with the sugar; nutmeg, or other spices, to suit the taste; flour to knead well and hard. Will make a heaping six-quart pan of doughnuts.

TO MAKE BROWN BREAD.—Take three parts of second flour and the fourth of rye, lay it one night in a cool place, and the next morning work it up with a little milk added to the water. Set it a proper distance from the fire to rise, and then make it in to loaves and bake. Time, one or two hours, according to weight.

TO COOK APPLES AND RICE.—Core and pare as many apples as will fill a pudding dish, stew them so that they are nearly soft, add sugar, salt and a pint of milk.—Place the apples in the pudding dish, turn the rice over them, filling up the core of each apple with sugar before putting in the rice. Bake until it is a nice brown. Serve with cream, or without any sauce.

POTATO SOUP.—For family of six, grate five good-sized potatoes, add two quarts of water, and place over the fire and boil slowly half an hour before wanted for the table; ten minutes before taking up add half a cup of sweet cream, a large spoonful of butter, and salt and pepper to taste. To those who are fond of onions a small one grated with the potatoes adds much to the flavor of the soup.

SPONGE PUDDING.—Butter a mold thickly, and fill it three parts full with small sponge-cakes soaked through with wine; fill up the mold with a rich cold custard. Butter a paper and put on the mold; then tie a floured cloth over it quite close, and boil it an hour. Turn out the pudding carefully, and pour some cold custard over it. Or bake it, and serve with wine-sauce instead of custard.

BUG POISON.—A strong alum water is a sure death to bugs of any description. Take two pounds of pulverized alum and dissolve in three quarts of boiling water, allowing it to remain over the fire until thoroughly dissolved. Apply while hot with a brush, or, what is better, use a syringe to force the liquid in the cracks of the wall and bedstead. Scatter also the powdered alum freely in all the places, and you will soon be rid of these insect nuisances which fill one with disgust.

TOMATO CATSUP.—Take ripe tomatoes (the small red ones are preferable,) wash, but not skin them, and thoroughly boil for one hour, and then put them through a hair sieve, and to one quart of juice add one tablespoonful of cinnamon, one of black pepper, half a nutmeg, one of good mustard, two thirds teacupful of salt. Boil three hours, and then to one quart of juice add one pint of pure cider vinegar. Boil half an hour longer, bottle and seal up. This catsup will keep for years, and requires shaking before using. A porcelain kettle should be used.

PERMANENCY OF ORCHARD GRASS.—A writer says that he has had a field in orchard grass over 30 years that still gives bounteous crops, "breast high at maturity." The soil is a strong sandy loam. It was originally seeded in connection with red clover and timothy, which were long run out, and the crop is now annually some white clover and blue grass, which adds to make a thick and nutritious bottom growth; but the orchard grass maintains the supremacy, and we know of nothing—lucerne excepted—which will yield annually so much cattle food. But it is even superior to lucerne, because better adapted to the climate of the North.

BAKED SWEET POTATOES.—Put the larger potatoes on the hotter side, though even then the smaller ones will be likely to cook much sooner than the larger.—Sweet potatoes differ curiously from Irish potatoes in that respect. Small ones will cook in fifteen minutes, while very large ones may require an hour. Try the potatoes to find if they are done with the fingers—through a towel, if necessary—but do not prod them with a fork nor break them open. Serve as soon as they are done, in a dish. If they must wait some time before serving let them remain in the oven with the door open. When cold, if not overdone, they can be made quite palatable by warming again in the oven.

NICE GRIDDLE CAKES.—I have lately learned that good shorts—not the coarser kind—is better for griddle cakes than fine or even buckwheat flour. I make them as follows: Six cups rich buttermilk—loppered milk will do with a little cream—three teaspoons even full of soda to neutralize the sour milk; a little salt, two eggs. Stir into this enough shorts to make a thin batter as for other griddle cakes, and fry as usual. Rubbing the griddles with dry salt and wiping off carefully before oiling will prevent trouble in turning. Corn griddle cakes and Buckwheat cakes are very nice, made in this way, though yeast is usually perferred for the latter.—*Julia M. H.*

PREVENTING THE DECAY OF SHINGLES.—Take a potash kettle or large tub and put into it one barrel of wood ashes lee, five pounds of alum, and as much salt as will dissolve in the mixture. Make the liquor quite warm, and put as many shingles in it as can be conveniently stirred at once; stir them up with a fork, and when well soaked take them out and put in more, renewing the liquor as necessary. Then lay the shingles in the usual manner. After they are laid, take the liquor that is left, and put lime enough into it to make whitewash, and if any coloring is desirable, add ochre, Spanish brown, lampblack, etc., and apply to the roof with a brush or an old broom. This wash may be renewed from time to time. Salt and lye are excellent preservatives of wood. It is well known that beach tubs, troughs and other articles used in the manufacture of potash never rot. They become saturated with alkali, turn yellowish inside, and remain impervious to the weather.

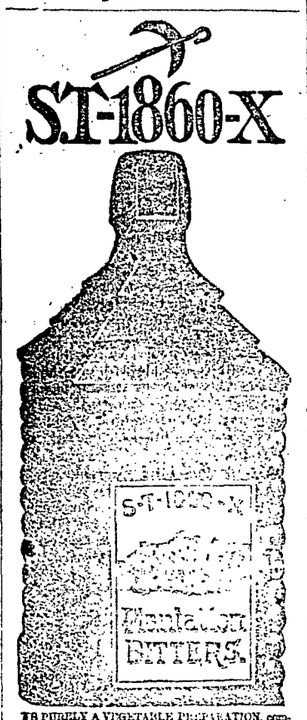
Drugs and Medicines.



IS PURELY A VEGETABLE PREPARATION, composed simply of well-known ROOTS, HERBS and FRUITS, carefully selected from the vast variety which the world affords, and so combined as to secure the best results. The whole is prepared in such a manner as to preserve the full medicinal virtues of the ingredients, rendering it the most reliable and efficacious remedy for the cure of all diseases originating from a disordered condition of the Stomach, Liver, Blood, Kidneys, Bowels, Nerves, etc., that has ever been discovered, and is in every climate, where it has been introduced, the

PLANTATION BITTERS

one of the most popular and valuable Tonics and Stimulants ever offered to the afflicted, being entirely free from all bad whiskey, rum, or poisonous drugs, and only to be used as a medicine, and given according to directions.

They are the best remedy for all old and debilitated persons, being a perfect Assimilant, and will in all cases bring about the desired effect. As a beverage by well persons they are especially recommended, possessing many other stimulants and a pleasant flavor. Taste they have no equal. They are a mild and gentle Purgative as well as Tonic. They purify the Blood. They are a splendid Appetizer. They make the weak strong. They purify and beautify. They cure Dyspepsia, Constipation and Headache. They act as a specific in all cases of disorders where a deranged condition of the bodily strength and health demands a medical agent.

Depot, 63 Park Place, New York.

Sold by all Druggists.

Plantation Bitters Tonic.

Ayer's Cathartic Pills,

For the relief and cure of all derangements in the stomach, liver, and bowels. They are a mild aperient, and an excellent purgative. Being purely vegetable, they contain no mercury or mineral whatever. Much serious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the *Pills* with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by *Ayer's Pills*, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion, Listlessness, Languor** and **Loss of Appetite**, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice** or **Green Sickness, Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa**, but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings**, they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression**, a large dose should be taken, as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

Ayer's

Hair Vigor,

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *It soon restores faded or gray hair to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so unsightly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

THE GREAT REMEDY FOR

CONSUMPTION

which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.

VINEGAR BITTERS

PURELY VEGETABLE FREE FROM ALCOHOL

DR. WALKER'S CALIFORNIA VINEGAR BITTERS

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

If men will enjoy good health, let them use VINEGAR BITTERS as a medicine, and avoid the use of alcoholic stimulants in every form.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a long-by-a-rtisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc., etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Painters, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics, will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Jaundice.—In all cases of jaundice, rest assured that your liver is not doing its work. The only sensible treatment is to promote the secretion of the bile and favor its removal. For this purpose use VINEGAR BITTERS.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

R. H. McDONALD & CO.,
