A panic conundrum-"How many mills make a dollar ?"

The Montrose Manufacturing Compa ny commenced runting on eight bour time, on Monday last. Mr. J. P. Bowman, of Meshoppen, sent

us a turkey for Thanksgiving. He has our thanks for the giving.

Since the new-fangled buckles came in vegue, it is extraordinary how door-plates in the rural districts have disappeared. Services will be held at the Catholic

church, the Second Sunday of December. Father Morphy, of Auburn, will officiate. The meetings at the M. E. Church, are still in progress, and will continue during the week. Quite an interest is manifested.

The Festival for the benefit of the M. E. Church, will be held on Wednesday, December 10th, at E. Bacon's Saloon. See notice elsewhere.

"Ye Oble Folks" will drink tea, December 16th, the centennial anniversary of the cup of tea made by our Revolu-tionary Fathers in Boston Harbor. See notice e sewhere.

F. G. Wonder, of the "Bakery Saloon," killed a turkey on Monday last, which weighed, when dressed, twenty three pounds. Tout gabbles up all other turkeys we have heard of.

Michael Mevlert was at the Tarbell House, last week. He went to Tunkhan nock by way of Montrose. Railway, and some anxiety has been expressed, as to whether he succeeded in retting into one of the "narrow gage" cars. He only weighs 390 pounds.

Some one told us the other day that he had so large a lot, that he couldn't afford to keep his sidewalk clean. Our advice to him was, to survey off what he could afford to keep clean, and give the balance to the poor. It is strange to us the men will suffer such burdens, when it is so easy to be rid of them.

Thanksgiving offering to the Montrose Education al Fund for Freedmen: From Mrs. Frances Morton Drinker, \$50. Miss Blackmar, Union Collection, taken at the Methodist Church, \$12.41. Total, \$62.41. Paid to Yardley Warner, Superintend-ent of Friends' Schools for the Freedmen, in Kentucky. Tennessee, etc., \$62.41. Mrs. H. J. Webb, Treusurer.

Thankegiving day was observed by Union Services at the M. E. Church, and we suppose some union turkey eating at home. The sermon by Rev. J. G. Miller. was very highly commended. Rev. J. E. Chesshire, D. D., of the Baptist Church, of Meshoppen, Wyoming country applied moved that the sermon be published in the Montrose Republican. Senator Fitch run of wheat burrs. The result of the moved an amendment, by substituting first trial was 4374 lbs. of good flour, from "Montrose papers" for Montrose Republi- ten bushels of rather inferior wheat. can. Dr. Cuesshire accepted the amendment, and inouried if the name of the other paper was "The Denocrat." This does not speak very well for the Dr.'s memory, so long as he has had a copy of our paper gratts, on his own application, ever since he has been here. We would advise him to acquaint himself with the other paper was the results of the papers he rest. It is not to be provided by the papers he results of the papers have a results of the papers hav of the papers he reads, or some heretical doctrine may creep into his mind unawarea.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native berbs found made chiefly from the native herbs found on the lower ranges of the Siorra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of Vinchas Britans?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world have a medicine been compounded possessing the remarkable qualities of Vincoas Britans in healing the sick of every disease man is heir to. They are a gentle Purguive as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

Watkens's Visgoda Burters, as they will speedily remove the dark-colored Bilious, Remittent, and Intermitthey will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restor-ing the healthy functions of the digestive

Janudice.—In all cases of jaundice, rest assured that your liver is not doing its work. The only sensible treatment is to promote the secretion of the bile and favor its removal. For this purpose use VINEGAR BITTERS. Cieanse the Vitiated Blood when-ever you find its importities bursting through the skin in Pimples, Emptions, or Sores; deanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
