Callings. More thorough examination of the sub ject strengthens me in the conviction that the State must adopt some mode to compel the attendance of those children whose parents are unwilling or anable to allow the offspring to avail themselves of the behefits our school system affords-The solution of this important question presents grive difficulties, but I expect to see them all surmounted. Some plan chuist be devised to snatch these children from the cateer of idleness and crime to which ignorance will consign them. - By far the greater portion of our inmates of our pententiaries never attended schools. for had the advantages of education. -modern civilization unequal to to the task of rescaing the children of the indigent and the criminal from such a fate? The views expressed in the report of-
