PRECAUTION AGAINST SICKNESS.

The ability of the human body to resist the cause of disease depeads upon its vigor and upon the regularity with which the several organs perform their functions. In the winter the most prolific sources of sickness are damp and cold, and it is therefore wise and prudent to fortify the system against them by wholesome stimulation. Hence it is that Hostetter's Stothach litters prove such an admirable sufeguaring against the complaints most common at this season. The ingredients of this powerful vegetable invigorant comprise three essential medicinal elements which acts simultaneously uson the digestion, the circulation, the secretions, and the nerves, infasing strength and regularity into all. In this way the Bitters put the body in the best possible condition to escape an attack of rheumatism, or intermittent lever, or indigestion, the circulation, the secretions, and the possible condition to escape an attack of rheumatism, or intermittent lever, or indigestion, the circulation, the secretions, and the possible condition to escape an attack of rheumatism, or intermittent lever, or indigestion, the circulation conditions are seed to that the secretic possible condition to escape an attack of rheumatism, or intermittent lever, or indigestion, the circulation, the secretions, and the secretic possible condition to escape an attack of rheumatism, or intermittent lever, or indigestion, the circulation, the secretions, and the products, a quantity of chothes, to floor oil the secretic possible condition to escape an attack of rheumatism, or intermittent lever, or indigestion, the circulation, the secretions, and the products, a quantity of chothes, to floor oil took, it is a silver bands, lot from oil took, it is silver bands, lot from oil cloth, i set silver bands, produced by Hostetter's Bitters. Their first result is succeeded by a reaction which deviatizes and prostrates the system; while, on the ether hand, the tonic and vitilizing operation of the great vegetable invigorant, Is not only immediate but permanent. There is no revu'sion, no reverse nervous action. The physique is strengthened, the appetite increased, the bowels regulated, the stomach reinforced, and these conditions continue. If dyspepsia or rheumatism, or billiousness, or intermittent fever, or general debility, or nervous weakness, is present in the system, expel it with this pure and harmless antedote, which is not only invaluable as a preventive of sickness, but also a remedy for a large class of disorders.

KIND WORDS.

The Associated Reformed Presbyterian says
—For years Perry Davis' Pain Killer has been
known as a most useful family inclicine. For
juins and nelies we know, nothing so good as
the Psin-Killer. For many internal diseases it
is equally good. We speak from experience,
and testify to what we know. No family ought
to be without a bottle of Davis' Pain-Killer.

MESSES. PHERY DAVIS & SON, Prov., R. L. Gents:—Although a stranger to you I am not to your invaluable medicine, Pain-Killer. I formed its acquaintance in 1847 and I am on no men us acquaintance in 1847 and 1 am on most institute terms with it still, my experience in its use confirms my bellef that there is no medicine equal to Pain-Killer for the quick and sure cure of Sammer Complaints, Sore Throat, Croup, Bruises and Cuts. I have used it in all and found a speedy care in overveness. found a speedy care in every case.
Yours Truly, T.J. GARDINER, M. D.

Judging by our own experience whoever once makes a trial of Perry Davis' Pain-Killer, will not full to recommend it widely as an unequalled liminent, and valuable internal remedy for colds and various other complaints.—*Every*

The efficacy of Perry Davis' world renowned Pain Killer in all discuses of the bowels, even in that terrible scourge, the Asiatic cholera, has been simply attested by the most convincing au-thority. Missionaries in China and India have thority. Missionaries in China and India have written home in commending of this remedy in terms that should carry conviction to the most skeptical, while its popularity in communities nearer home is amply proof that the virtues claimed for it are real and tangible. Among amily medicines it stands unrivaled .- Bos

The Saturday Erening Gazette of Boston anys: It is impossible to find a place on this broad land where Perry Davis' PAIN-KILLER is not known as a most valuable remedy for physical pain. In the country, miles from physician or apathocaty, the Pain-Killer is cherished as the exclusive panacea, and it never-deceives.

"Penny Davis' Pain-Killer is really a valuable medicament, and, unlike most of the ar-ticles of the day, is used by many physicians. It is particularly desirable in locations where phy-sicians are not near; and by keeping hat hand, tandlies will often save the necessity of-sending out at uninight for a doctor. A bottle she kept in every house."—Boston Traveller.

"We have tested the PAIN-KILLER, and assure our readers that it not only possesses al. the virtues claimed for it, but in many instances surpasses any other remely we have ever snown."-Herald of Gospel Liberty. January 14th, 1874.
