Saving Manure and Labor.

Almost any one has it in his power to keep up the fermity of his soil, if he deriake to do more than his tim of money will permit him to do well. It is because a man is poor that his farm runs down, and there is no surer way to get poor and keep poor than to occupy more had than you can work well.—When one has so much land that he cannot work it well, and has not morey enough to employ others to work it for him, hundreds of things which could be dore to a profit are not done; and thus one-half often of that they ll never sleep again until they of things which could be dot e to a profit mad. Some men terraround and declare are not done; and thus one-half often of that they II never sleep again until they went the land might yield does not come from it. Then he has but half manure can ugh to raise crops from somuch ground properly, and so but half a crop results.

Thus he loses at both ends, and gets poortand proper each year.

After the third yell, I wonder if it wouldn't be just as well if some bad boy should have an onnee of arsenic, a pound

Nothing helps a farmer so much as to of meat, and distribute the two around have a full relief from being "driven" at this season of the year. If the dutches Some men jump out of bed and yell; are all cleaned out, the surface water "When, in tunider is that boot-jack—which injures creps so much in spring "where, a club?" And they rush to the will have a better chance to drain away. door and sing clubs and yell "seat?" and So also will it help his reads. The water wake every body on the block.

passing off, the frost will not peretrate! After the fifth yell, I wonder if I had as deep, and thus there will not be so not better raise the window and ask the much contrary min the strong. But hest custon adjoint around the block, on an

er and poorer each year.

Nothing helps a farmer so much as to of meat, and distribute the two around

as deep, and thus there will not be so much cutting up in the spring. But best of all the ditch chanings are about the best top dressing for griss land and creciard trees that one can possibly have.

Then there is always about an inomines amount of waste vegetable matter in odd corrers where the plow cannot get at, it at it would pay well to get together and put in the stock vard to rot up and gets to waste when one has no time to attend to it at this senson. Where there is any opposition commences velling him down.

to it at this season. Where there is any opposition commences yelling him down woodlard, leaves in profusion be around H-yells back, and I get up to see what hose which would serve the double pur-pose of warm litter for stock and subse-be us well for me to go out there and ex-

pose of warm litter for stock and subsequent manure as well. All this the man who lets his work drive him instead of leading it along has to loose; and no one can calculate the great loss every year from all these things added together.

We do not know that we could suggest a better subject for a farmer's winter study than how to avoid being "driven" with work or "minched" for money. Whenever one gets to this condition there is assuredly some Thing wrong which needs righting; and which must be righted before much money can be made.

The lazy man nevel makes money; but the one who "nevel i as any time," or who is "al, befound with its work," is in about as bed a fix, if not worse, for very ofter he is no better off than the lazy fellow.

I just close my eves to sleep when old Maltese offers an amendment to some mo-A correspondent of the Germaniown like years paper about corn fodder. The every paper about corn fodder. Iron in the Blood

MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is to combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "athousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and twasic, scurching out morbid sceretions, and leaving nothing for disease to feed upon.

This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronie Diarrhoza, Boils, Nervous Affections,

rhœa, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, and all diseases originating in a bad state of the blood, or accompanied by debitity or a love state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infuding strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.

Thousands have been changed by the use of this remedy, from Diseases of the Kidneys and

thousands have occar changed by the use of this remedy, from weak, sickly, suffering crea-tures, to strong, healthy, and happy men and women; and invalids cannot reasonably kosttate to give it a trial.

See that each bottle has PERU-VIAN SYRUP blown in the glass. Pamphlots Free. SETH W. FOWLE & SONS, Proprietors, No. 1 Milton Place, Boston.

Drugs and Medicines.

Dr. J. Walker's ('alifornia Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs (cund on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of Vinega Bitters?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of Vinega Bitters in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases. Dr. J. Walker's California Vinegar in Bilious Diseases.

If men will enjoy good health, let

then use Vinegan Bittens as a medicine, and avoid the use of elcoholic stimulants in every form. McDGNALD & CO.,

* Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchuss, Asthma, and Consumption.

Among the great discoveres of modern sequere, lew are of modern more real value to markind than this effectually remarked from the first and Lungs. A vast trad of its virtues, throughout the and other countries, has shown that it deasures of the Throat and Lungs of all classes, establishes the fact, that Greatty Pecroact, will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerons affections of the Pulmonary Organs yield to its power; and cases of Consumption, cured by this preparation, are publicly known, so remarkable as harily to be believed, were they not proven beyond dispute. As a remely it is adequate, on which the public may rely for full protection. By curing Coughs, the foreruners of more serious disease, it suves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected Tender lungs need this defence; and it is unwise to be without it. As a safegnard to chaire, amid the distressing diseases which beset the Throat and Chest of childhood, Cherker Pectoria, invaluable; for, by its tradey use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and beatth-restoring sleep. No one will suffer troublesome turfluenza and pain-fully the product of long, laborious, and successful chemical investigation, no cost or toil termed.

Digitally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected. PREPARED BY Dr. J. C. AYER & CO., Lowell, Mass.,

Practical and Analytical Chemists.

SOLD BY ALL DRUGGISTS EVERYWHERE. Ayer's Hair Vigor,

For restoring to Gray Hair its natural Vitality and Color.

gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or fulling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the forma-tion of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustro, and a grateful perfume.
