What is the Matter With Jackson ?

Gt. Bend Village, March, 1874.

We see by the returns of the late township ticket is elected, except clerk which is a tie.-What does this mean in Radical Jackson, when the usual Republican majority is 125. We can see one reason, undoubtedly, and that is in the character of the men elected. They have adop ted the true rule which is not only to advocate true Democratic principles, but also to put men forward for office who will carry them out. Let Democrats everywhere do the same.

We Rise to Explain.

H. M. Jones in a letter to the editor of the Republican, in his last issue, says we misquoted his famous speech on the Usury swindle in ou issue of the 18th ult. That he made a speech in-favor of the Shylocks, which took him ter minutes to deliver, and that he should have made it longer if the rules of the House had ardays. singhamton mail, (ria Silver Lake,) runs Tues- did not hear the orator deliver it, we had no Thursdays, and Sainrdays.

His printed speech in the Republican did not startle us, for we saw that these members of the Legislature were aping Con gress in a "Credit Mobilier" scheme, and as it is lars, hundreds of speeches have been printed in Legislative records for outside show, when, for trnyal of his constituents, as their servant, on a efit of our columns, and are willing that he should be considered the originator of all the grandilloqous eloquence and masterly rhetoric which his printed speech contains.

A Terrible Death. It would seem that Honesdale is fated to b the scene of periodically shocking accidents.-The painful deaths of one are scarcely printed before we are compelled to record the occurrence of another still more sickening in its particulars.
