The American Artizan gives the process of Mr. Lewis Kirchofer for preserving milk without alteration except in the rising of cream, whether it be kept at rest, or in motion, as at sea. The undulated milk, fresh drawn from the cow, is placed in perfectly clean cans or bottles, which are filled as nearly full as possible, and hermetically scaled. These cans are which are filled as nearly full as possible, and hermetically sealed. Br. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the fise of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of Vinegan Bitters" Our answer is, that they remove the cause of discassa, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Benovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of Vinegal BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Infammation of the Liver and Visceral Organs, in Bilious Diseases. Dr. J. Walker's California Vinegar in Bilious Diseases.

If men will enjoy good health, let

them use VINEGAR BITTERS as a medicine, and avoid the use of alcoholic stimulants in every form.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair. Grateful Thousauds proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannab, Ronnoke, James, and many others, with their vast tributaries, throughout our entire country during the Sammer and Antuma, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organa, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. Walker's Vikegar Bitterns, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs. Bilious, Remittent, and Intermit-

ing the healthy functions of the digestive organs.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofuln, or King's Evil, White Swellings, Ulcers, Erysipelus, Swelled Neck, Guitre, Scrofulous Inflammations, Indelent Inflammations, Walkers's Viveous Britzens have shown their great carative powers in the most obstinate and intractable cases,

THE GREAT REMEDY FOR CONSUMPTION which can be cured by a

timely resort to this stand-

ard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever in-troduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Sore-ness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.

Every year increases the corners ty of this valuable Hair Preparation, which is due to merit alone. We ean assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY on FADED HARE to its youthful color, making it soft, instrous, and silken. The sealp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out as it stimulates and nourishes. out, as it stimulates and nourishes out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baidness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old ago. It is the most eco-nomical HAIR DRESSING eyer used, nomical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitts, Asthma, and Consumption.

Cough, Bronchitas, Asthms, and Consumption.

Among the great discoveries of modern science, few are of more real value to markind than this effectual remedy for all disenses of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that Chenry Precroat, will and does relieve and care the afficting disorders of the Throat and Lungs beyond any other medicine. The most designous affections of the Pulmonary Organs yield to its power; and cases of Consumptions, cared by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a reme by it is adequate, on which the public may be yef full protection. By caring Coughs, the foretramers of more serious disease, it saves unanumbered lives, and an amount of suffering not to be computed. It clindlenges trial, and convinces the most sceptical. Every family should keep it on lead as a protection against the early and unanerovived attack of Pulmonary Affections, which are easily met at first, but which become incrutable, and to often fatal, if neglected Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Guest of children, the properties of the love and affection centred on them. It acts specify and surely against ordinary colds, securing sound and leather-teoring sleep. No one will suffer troublesome Influenza and painful Bronchitis, when they know how easily they can be curred.

Originally the product of long, labortous, and successful chemical investigation, no cost or told is parcel in making every bottle in the utmost possessing all the virtue it has ever excibited, and capable of producing cures as memorable set the greates it has over effected.
