Walking Horses

One of the most desirable and valuable gaits for a horse is a walk, and it of an examination by a coroner's jury, should be the aim to first develope this where the coroner desires to show the gait in the handling of the colt. Toads Eating Bees.

A Missouri correspondent writes: I have read that toads do little or no damage to bee keepers, but I lately found several on the front board of my hives, and one I watched, and within fifteen minutes saw him eat four Italians and two flies, then I executed and dissected him. and found his stomach perfectly crammed with Italian workers. Butter and Cheese Statistics.-- In 1873 90,000,000 pounds of cheese were exported. There are over 2,000 cheese factories now in operation throughout the country employing \$5,000,000 capital and using the milk of 750,000 cows. New York State heads the list in this industry.-Last year the average price of butter is a bound in New York, and that of cheese from a fraction below to a little over 15 cents. Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Newada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEDAB BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEDAB BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no exhartic for the purpose equal to Da. J. Walken's Visegal Bitters, as they will speedly remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restorsecretions of the liver, and generally restor-ing the healthy functions of the digestive

Ayer's Cherry Pectoral;

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitts, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all discases of the Throat and Lungs. A vast throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that Chenty Performance will and does relieve and turns the afflicting disorders of the Throat and turns the afflicting disorders of the Throat and turns the spound any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of Consumption, cured by this preparation, are publications, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. may rety for full protection. By curing Coughs, the forerunners of more serious disease, it areas unnumbered lives, and an amount of suffering, not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily most effert, but which become incurable, and too often fain, if neglected Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, Chenny Pecronal is invaluable; for, by its timely use, multi-tudes are rescued from premature graves, and saved to the love and affection centred on them, it acts speedily and surely against ordinary colds, securing sound and health-restrring sleep. No one will suffer troublesome Influenza and painful Bronchlits, when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toll is spared in making every bottle in the utmost possible perfection. It may be confidently relief to the product of producing cures as memorable as the greatest it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.
