An Offer in good Faith.

The downfall of corruption, and the certain defeat of men who so long subsisted upon pubhe office, is so inevitable, that, nothing but one continued howl of despair goes up from their subsidized organs all over the district. The Independent Republican a bitter partizan sheet published at Montro-e, Pa, contains a in favor of Prohibitory Legislation, if so, how isbored article of talse accusations, unwarranted assertions, and disreputable insinuations against Joseph Powell, in which they class him with shylocks, coyotes, and usurers, and endeav or by bearing falls, witness against their neighbor in a remote portion of the district, to influence the role of those who do not know, how utterly deroid of every vestige of truth are every one of ed ? Mr. Watson may wish to know why I ask these base fabrications.

We desire to make to the people of Susape hanna, this simple remark, that if there is one you have been 1st, a Democrat, 2d, a Republirespectable business man in the Republican can, 3d, a Liberal Republican, and 4th, and last party, who will say over his own signature that he ever knew Joseph Powell to tave unlawful interest, to take advantage of the necessities of any poor man, or, to in any matter distress a single individual in his business intertourse of trenty-five years, we will withdraw his name from the chavass and permit Mr. Laporte who roted money out of the public Treasury into his own pockets to make this race alone and without opposition .- Towandu Argus.

----Election Decisions.

The following decisions of questions were words to that effect. Again do you remember made by Judge Ludiow and Allison, in Phila- of saying to your Democratic friends during delphia, recently.

it was so, that he did then and doth now know to my knowledge, said a word about Mr. Boyd saying it is the first time "I have heard any ous men, and attend to their own business. Now as a Republican and temperance voter, I would like to ask Mr. Watson a few questions and have him answer, then I may vote long have you been of that opinion and whether you are firmly fixed in that matter ? 2d. Are work of this magnitude, I leave for the public you beyond a reasonable doubt a Republican firmly fixed in the faith? I want to ask Mr. Watson if he remembers a prominent Democrat of New Milford, when he (Watson) was working to be County Superintendent, saying to him, how about your politics, and he replied, I didn't suppose any body doubted my politics, you know
