

Wednesday, Nov. 4, 1874.

Gold closed in New York, on Saturday night last, at 110 1/2.

This week we go to press a day or so later than usual, so as to enable us to get in the Election returns, which came in very slow, but were good enough to make up.

Fewer Americans have visited Europe this summer than usual. Still the number of Americans in Europe is very large. The American colony in Paris numbers from fifteen to twenty thousand.

The large falling off in emigrants this year has been variously commented upon by the press of the country. The German authorities are doing their utmost to check the stream of population that has been rolling towards this country with increasing volume for the last dozen years.

Death from starvation in Nebraska—within twenty hours travel of Chicago—is a fitted fact. General Ord, commander of the Department of the platte, in a letter to the Board of Trade of Chicago, states that several cases of actual death of children have already taken place.

Articles of the kind named by General Ord, can be sent to Chicago to the Board of Trade, and they will be sent to the proper locations. People starting in the United States, when an unprecedented larceny has been garnered!

past two years alone, by fearlessly attacking and showing up the machinations of debauched men in high places.

Of course such a profligate, utterly useless newspaper press should be silenced. Of course the people should not stand by such an outrageous newspaper press which is working them such great and incalculable harm.—Milford Journal.

Thanksgiving Proclamation. President Grant has issued the following:

By the President of the United States of America.

A PROCLAMATION. We are reminded by the changing seasons that it is time to pause in our daily avocations and offer thanks to Almighty God for the mercies and abundance of the year which is drawing to a close.

It is fitting that at all stated periods we should cease from our accustomed pursuits and from the turmoil of our daily lives and unite in thankfulness for the blessings of the past and in the cultivation of kindly feelings toward each other.

Done at the city of Washington this 27th day of October, in the year 1874, and of the independence of the United States the 99th.

By the President. HAMILTON FISH, Secretary of State.

A Word for the Cow. The Elmira Gazette speaks a good word for the cow as an animal entitled to distinguished consideration, especially in the hands of news gatherers. It says: "From time that frisky member of her race leaped over the moon till today she has been the friend of the newspaper."

Those Horrible Newspapers. Look at that "horrible newspaper" that has been doing in bitter antagonism to the best interests of society.

A New Order. The President of the Pennsylvania Railroad Company has recently issued an order to all its employees, setting forth that the company pays fair compensation for the time and services of its employees, and in return demands that they shall devote their entire attention to the duties of their respective positions;

They held up to the full gaze of the people in all its native hideousness, the "Sanborn contract" perfidiously.

They attacked the wicked "money system" with "war to the knife and the knife to the hilt," until Congress, almost uninvitedly, wiped it from the national statute-books.

es after a few years enjoyment of salaries that scarcely sufficed to pay their whiskey bills. We trust these things are to be changed, but as we do not believe that the leopard can change his spots, we will not be here too readily in their being a radical change for the better, nor will we hasten to confide in the strict observance of the lately issued order, while certain gentlemen occupy high positions in the company, who by years of steady practice have acquired fixed and profitable habits with which it will come into severe collision. The Philadelphia Ledger says:

If something of this kind had been put effectually into practice years ago, the financial condition of the Pennsylvania Railroad Company, it is believed, would be much better than it is to-day, and it is quite certain some men connected with its business would not be as rich as they are now reported to be.

REJOICE! HONESTY & CAPABILITY IS OUR MOTTO. TAKE NOTICE—The Superintendents of Springville township, Susquehanna county, hereby give notice that they have received from the Pennsylvania State Board of Health, for the enforcement of a law...

LET US HAVE PEACE. A Democratic Sweep! TERRIBLE OUTRAGES. Both North and South.

"Carry the News to"—Homer. MASSACHUSETTS ELECTS A DEMOCRATIC GOVERNOR. Tilden's Majority in New York, 40,000.

GAINS EVERYWHERE. Pennsylvania in Line. A DEMOCRATIC CONGRESS ELECTED.

The election returns up to the time of going to press show that the Democrats have gained an unprecedented victory. New York leads the column by electing Tilden over his popular competitor, by 40,000 majority.

It is too soon to speculate about actual results in the mass of telegraphic intelligence pouring in from twenty-three states, but not too soon to see a general average. The drift is remarkable.

The Democrats have undoubtedly secured a working majority in the forty-fourth congress, and a popular endorsement at the polls which it cannot count on to be materially modified by the action of the Republican majority of the present congress upon the questions at issue on the 3d day of November.

This State has gone Democratic by probably 4,000 or 5,000 majority. The Legislature.

The State ticket in this country goes Republican by 650 majority. Wayne county gives Watson a majority of 20, electing Watson by 326 majority.

The "Pencil condition" of things in Bradford county, gives Powell 130 Democratic majority. Powell carries the district by 110 majority. G.ory Enough!

Special Notices. SCHEENK'S PULMONIC SYRUP, FOR THE CURE OF CONSUMPTION, COUGHS, AND COLDS. The great virtue of this medicine is that it ripens the matter and throws it out of the system, purifies the blood, and thus effects a cure.

These Pills are alternative, and produce a healthy action of the liver, without the least danger, as they are free from calomel, and yet more efficacious in restoring a healthy action of the liver.
