There is not much trouble about John Scott's successor now. He will be a Democrat.

Silver spoons have advanced fifty p cent. in Washington since the receipt of the news from Ben. Butler's District. The people of Washington now feel that they can safely afford to set their tables in respectable style.

The forest fires in Ohio are likely to destroy millions of dollars worth of the finest timber in the State, as they are raging in the great oak and poplar forests of Fairfield, Perry, Hocking, Athens, and adjoining counties. The same districts were subject to a very general conflagration in 1844, and again in 1854.

The Montrose Republican rejoices over the election of W. W. Wutson in this district, and heaps its usual amount of pet (?) names upon the editor of this paper, and at the same time publishes the returns of this county. Womer is like Artemas Ward, who surrounded a whole regiment of Rebels, during the late war. and took them prisoners, but in settling the terms of capitulation they insisted of Jeffersonian Democracy seem to have upon his going with them and he concluded to do so. At this time we simply point to the returns in this county, which will be found in another column, in vindication of E. B. Hawley at home, where he stands side by side with Homer & Watson. We may have a word or two more to say in relation to this, hereafter. Mr. Watson is elected by the action of the Wayne County Democracy and we the Wayne County Democracy and we leave the matter in their hands, for the tain proof of the old maxim that, "Truth present, to explain.

She stood on a Fairbanks scale and weighed 83 pounds the first time and 65 the next. He turned the full force of a powerful battery upon her without producing any apparent effict. Nearly all the phenomena attending the appearances of "Katte King" in London and in Phinadelphia have been sepeated in or around the Eddy home stead. Very many persons have winnessed them. Since Colonel Olcott began his investigation he has received innumrabie letters from all over the country asking him to procure information on different points from the spirits.
