Treasury, which show that the expenses of the Government for the last fiscal year are half a million dollars in excess of the expenses for the previous fiscal year, what are we to think of the statesmen and administration orators who announced a reduction of twenty-five milhons of dollars and fought through the late canvass on cause, whatever that may be, by those TENTHS of his capital to invest at " Bank this false assumption of economy?

The recommendation of an increase of ten per cent, on whisky tax in the report of the secretary of the treasury is believed to have had its origin with the whisky interest itself. Such disinterested zeal in behalf of the public interests is explained by the fact that some shrewd dealers have large quantities of whisky on hand on every gailon of which they would realize an extra profit of ter cen's. Some of the Bourbon constituents of Mr. Secretary Bristow, with heavy stocks of whisky for sale, would make a handsome speculation by this increase of tax .- Pat-

The other day some members of congress were having a talk over matters and things, when one referred to the Pacific Mail steamship Company scandal, and compared it with the Credit Mobilier, and Colfax, and Wilson, and other lights in volved. "Yes," said another, "things are bad generally; there's Beecher, Moulton, Glendenning, and now Fisk, all mixed up in scandal of another sort." Whereupon Mr.Randall remarked, Well, last year was bad for 'Christian statesmen,' but this is worse for 'Christian ministers.' The Speaker's gavel went down and stopped the upproarous laughter.

Recommendation for the repeal of the stamp tax on checks, made by the Secretary of the Treasury and Commiss ioner of Internal Revenue, will meet with general commendation for various reasons Deposits in banks are taxed in cross. A tax on checks is a constantly recurring tax in d-tail, a tax on business exchanges and payments, levied with the utmost inequality and disregard of justice. A cheek of five dollars pays the same tax as a check of five thousand or fifty thousand a national bank charter could be obtain-The tax is constantly evaded.
