Montrose Pemocrat.

Prospectus for 1875.

A NEW ERA IN THE LIFE OF THE "DEMO CRAT"-WHAT IT PROPOSES FOR THE FU-TURE-ITS ADVERTISING AND JOBBING FACILITIES-WHAT THE PEOPLE THINK OF IT.

The DEMOCRAT for 1875 is very much enlarged and improved, making it one of the first papers in size and appearance in this section of the State. The only Democratic paper in the County. Is particuthe rights of the masses. Pure and Old pendent of all cliques, rings, or jobs. Will stand by the right "though the Heavens fall." Those not of its political faithadmire its honest independence. Has more than doubled its circulation in the last five verys WITHOUT ANY CANVASSING. people of the county. Will contain interesting matter for ally the Merchant, Me chanic, and Farmer-poetry and miscellanv. Increased in size but not in price:-Will be sent postage free, to any sub-

vasser who will visit all parts of the Coun-ADVERTISING.

The DEMOCRAT as an advertising medium is indispensable to business meniof whatever class, and in many sections of the County, the only medium through which they can reach a large class who need but the proper information to bestow their valuable patronage. Local Advertisers should take into consideration that a circulation, outside of those who are in the County or the vicinity where they may expect patronage, is of no value to them, if it was, the New York Herald or some such paper would be the best medium. The cry of "large circulation" is often used when it is of no advantage to the advertiser. We do not make the assertion that our paper is the only medium of value, but that it is the only one by which the advertiser can reach a very large number of families which it is for his advantage to reach. This is frankly acknowledged by some of the best-business men of the County, who know from experience. We respectfulty request an examination of our rates, as they are reasonable.

JOBBING DEPARTMENT. The Jobbing Department of the DEM-OCRAT is a specialty. We are constantly adding New Material to our Jobbing Department and intend to keep doing so .-We have power and jobbing presses of best recommendations for it is the contheir patronage if we deserve it. 3

KIND WORDS.

The DEMOCRAT is an ever welcome visitor, a real household necessity always containing the local and general news .-We particularly admire it for its independence in advocating the rights of the masses. It deserves the success it is meeting with .- J. B. & A. H. McCollum, Att'ys, Montrose, Pa.

The best way to compliment the DEN-Octian is to let the people read it for them-selves. The people like the DÉMOCRAT the boldest champions of the back-pay because it exposes wrongs wherever they may be found. We have found it a firstclass advertising medium .- Griffis & Saure, Merchants, Montrose.

Upon the arrival of the Dimocrat, (the best paper in Susquehanna County,) all other papers are laid aside antil it i perused from first to last .- E. T. Stephens, $Brooklyn_{\bullet}$

We consider the DEMOCRAT's first-class medium for advertising. Its advertising columns always appear fresh and clean, and are read by all.—Isbell & Melhuish, Jewelers, Montrose.

We have had the DEMOCRAT several years. It grows better each week. couldn't keep house without it -Mr. of Mrs. Jerre Kane, Little Meadows.

We get the same quality of Job Printing at the DEMOCRAT office, at New York city prices, and save express .- A. Lathrop, Prop r Fork Factory, Montrose,

In order to inspire the people of Louisiana with a proper degree of dread and alarm it is announced in radical circles in These aims are all obviously opposed to House in such plain terms as to make a them over twice !" Washington that Gon. Sheriden is to be sent among them.

The Hon. Francis Kernan, of Utica appears to be the favorite of the democracy of New York for United States Senator. When a candidate before the people two years ago his worth, ability and services to the state were generally acknowledged, but through a narrow and his membership of the Catholic church to cause his defeat. The democratic majority in the New York legislature will repair this wrong to him personally and at the same time rebake, the spirit of religious bigotry by sending him to the senate of the United States.

The Radicals at Washington have discovered thut Gens. Emory and Trobriand are rebels and on good terms with the White Leagues , in New Orleans, and that they refuse to train with the carpet baggers. Nothing remains for them but death by sentence of court martial.

This is Radical teaching Time Democracy, its tallisman, but inde; and must end in mischief. Local home rule is to be replaced by contralization and despotic rule.

A leading Republican congressman, speaking of his colleagues, said: "There is nothing on our side of the House but Is devoted to the interests of the whole the dead and the dying." This was the finishing touch to a picture in which he tried to portray the utter demoralization of the dominant party. They must submit to this vile and infamous conspiracy. And yet, when the people of that unhappy serfdom raise fheir voices to protest against robbery and injustice, Grant sends his bayonets there to uphold the criminals who rob them .-The milts of the gods grind slowly, but Grant will tumble into the hopper after awhite.
