Farm and Household.

Winter Treatment of Horses.

Laberal feeding is now needed. No ... slock should be allowed to loose now what they have made in the summer.—
On the contrary, they should be kept
"frowing. And they may be by proper
feeding. "He becometh poor that deal;
eth with a slack hand," is very true, inthis respect. There must be close attenthis respect. There must be close attention to this matter, or money is lost in feed and in weight of stock. Don't trust when the feed and in weight of stock. Don't trust was much to hired men or boys. Have been the feed. A box to hold three quarts should be in every feed him. This makes a tair allowance for the days or horse or for two days or for one ox or horse, or for two gows, or four calves, at each feed. A bushel basket of time cut hay is an average for one There should be no waste, but as much about the brilliancy of the morning star. I'd given as will be eaten up clean .-Orve salt regularly, in small quantities, or have it necessible to the animals.—

Tall and spring Manuring.

American Aericulturist.

A writer in the Garden argues that i bind has clay enough to retain marital partiels, manure does best applied in autumn but it sandy and open, a garden-erior farmer had better delay the application of manure till nearly planting time in the spring. For garden purposes go without clothes all summer before she'll all manure had better be rotted, before it take in washing to rig him out again. is used, and it is desireable to heat the mass with lime when it is slacking, or in some other way to kill the seeds of the weeds, and the eggs and young of many insects. Never plant in manure or elsewhere a germ you do not wish to multi-

To Keep Herbs.

When herbs are hung up to dry in loose bundles, they lose their oder. They should be thinly spread out, shaded from the sup, and when dried pressed together slightly, and put into paper bags. It is an excellent plan to strip of the leaves, tub them fine, and put the into wide-monthed bottles, labeled. Equal propormonthed bottles, labeled. Equal proportions of sweet majorium, tarragon, and sage, dried, and rubbed together, and kent in a wide-monthed bottle. kept in a wide-mouthed bottle, make a wedding day. good seasoning for soup and stuffings.-

Celery.

The A correspondent of the Germantown Telegraph says: A friend of mine, has kep: his celery through the winter now for several years by standing in the spring water about an inch in depth: and kept thus it continues to grow and send up fresh branches, so that he has cut nicely blanched, tender tops two and three times in a winter. My trouble with the trench system has been mendow mize Miss Cwhich appear to be as fond of the plant proper that a lady should like good as I am, and make sad havoc with it.-Otherwise, it was the best way to keep it which I had opportunity of trying.

Worms in Horses.

For worms in the bowels, give daily for a week a ball made of sulphate of iron (green coperas) two drachms pulver zed ginger, one drachm. Wet up with oilmeal and boiling water, sufficient to physic the animal. Repeat another striking, is said to be greatly overdone. week if necessary. A drachm of tartar lt is literally one mass of gold, bronze, emeric may be substituted in place of the coperus, but it is not so safe a remetic hard only and only and only and huge dy. For ascardes of pin worms in the rectum, give an injection of linseed oil, one quart daily for two or three days and repeat after a week.

How to Cure a Sore Throat.

"One who has tried it" communicates the following seasonable item about curng sore throat: Let each one of your half million readers buy at any drug har minion reacters only against an intercept of camphorated oil and insecent's worth of chlorade of potash. Whenever any soreness appears in the throat, put the potash in half a tumbler of water, and with it gargle the throat thoroughly, then rub it gargle the thoroughly then rub it neek thoroughly. with the camphorated oil at night be fore going to bed, and also pin around throat a small strip of woolen flannel This is a simple, cheap and sure remedy.

Cribbing to Horses,

thing getting between them, acting as are getting mroe expert every year.

a wedge. The horse feels relief by pula wedge. The horse feels relief by pulling with his teeth on any hard substance line the sides of a plank. Dr. C. saws between the teeth with a very thin gaw, Island, had met with four accidents, was unthe car that was turnwhich removes the presure and pain and cures a bad habit.

in the plates, resemble slate, and is covered with designs in silver. M. Morin has lately analysed and examined the properties of the alloy, and finds that it properties of the alloy, and finds that it bright fireside, with happy children sitting around it, haven't you?" said the Judge. "Yes, sir," said Mr. Thompson, who thought he saw a way out of the diffusion to copper, from 4 to Judge. "Yes, sir," said Mr. Thompson, who thought he saw a way out of the diffusion to copper, from 4 to Judge. "Yes, sir," said Mr. Thompson, who thought he saw a way out of the diffusion to copper, from 4 to Judge. "Yes, sir," said Mr. Thompson, who thought he saw a way out of the diffusion to copper, from 4 to Judge. "Yes, sir," said Mr. Thompson, who thought he saw a way out of the diffusion to copper, from 4 to Judge. "Yes, sir," said the Judge. "It the same a The plate is then plunged in a silver bath to send you up for that time." when the silver is deposited on the un-protected portions. Lastly, the plate is placed in a mulle furnace, when the cop placed in a musile furnace, when the cop called a Marquette, Michigan, mother to per blackens and the silver remains her boy who was on the street. "Am I

A Husbandman says: "As the leaves then he happened to see his father commits they are swept by the winds into heaps against fences, in the ditches or pectfully and lovingly, "Why, of course depressions, where they may be gathered, I am, ma—I didn't think you needed it up with kery; little trouble. Two men will gather a wagon load in a few minutes. will gather a wagon load in a few minutes. They are convenient for many purposes besides making one of the best ingredients in any compost. They make an excellent material to bank up the cellars with, to put around tender shrouds and plants, to place between the rows of strawberry plants—not on the plants and to cover the garden ground with."

APPLE POMACE.—Apple pomace may be given to a cow in small quantities as a relish only. It is not suitable for feed, and should not be given in large quanti-tus It will help to mercuse the flow of forbidden as reflecting on Catharine II of ties It will help to increuse the flow of milk only by stimulating the appetite, and causing a larger amount of other thors was referred to the Russian Minis-

By J. Walker's California Vinegar Bitters are a purely Vegetable preparation; made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What-is the cause of the unparalleled success of Vinegals Britishs?" Our answer is, that they remove the caure of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the world his a medicine been compounded possessing the remarkable qualities of Vinegals Birtishs in healing the sake of every disease man is heir to They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

in Bilious Diseases. A homesali de execute.

If men will enjoy good health, let

them use VINEGAR BITTERS as a medicine, and avoid the use of alcoholic stimulants

in every form.

No Person can take these Bitters necording to directions, and remain long nawell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Grateful Thousands proclaim Vissoan.

Bitters the most wonderful Invigorant that ever sustained the sinking system.

Bilious, Remittent, and Intermit-

Billous, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great fivers thronghout the United States, especially those of the Mississippi, Ohio, Missouri. Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Antuma and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. Walker's Vincoan Burrans, as they will speechly remove the dark-colored
