Receipts for the last six days, 32,145 pkgs.—Very choice half firkin tubs are not plenty,still the demand is not so briek as a few days ago, and the market does not present as tavorable in appearance. In Western butter we hear of a sale of 100 firkins of sound early packed Iowa butter, to go to San Francisco. I be per pound. This will relieve the market a trifia, and causes a shade firmer feeling in solid packed Western.

CHEESE. CHESSE.

Receipts for the last six days, 8,896. boxes. —
The export demand seems principally confined
to second and third rate cheese. The home
trade are buying goods worth 16 to 16½ c. with
some degree of freedom, especially is thus true
of the Eastern trade. The stock in the Boston
market is very low, also in other Eastern markets, and it is thought the home demand will be
sufficient to take the ballance of the fine stock
without being obliged to depend on exporters
at all. at all.

EGGS. Receipts for the last six days, 3,104 packages, The market is about bare of stock this morn-ing of fresh eggs, and very exeited with prices-irregular and uncertain. We hear of sales early as low as 35 cents, but 'later few, if any, could be obtained below 50 cents.

DRIED PRUITS.

The demand for quartered apples continues pricks and prices held very firmly. Sliced are doing a shade better. Peeled peaches quiet and steady. POULTRY.
