This depot was located at the junction of the Pa. & N. Y. and Southern Central railroads, about one mile north of Athens depot. It was built of wood, and considered a very comfortable and well arranged depot. Nothing was saved, as there was no fire apparatus or water near by to furnish aid No doubt but it will be immediately rebuilt.- Towanda Argus

One of the begrimed little toilers, an Irish lad named Henry welsh, was standing on a step above one of the screens, and desiring to pass to the opposite side set his foot on the screen which was revolving slowly, intending to step off at a convenient distance, but unforturately his foot caught in the screen, and when he endeavored to step off he was held fast .-Knowing his late, he cried out to his comrades. His cries brought to his assistance a Welsh lad about thirteen years of age named John Owens. The little hero, never thinking of his own life, rushed forward to pluck his companion from the laws of death. He did not realize the danger in the excitement of the moment, did not hesitate to realize it, but when he saw the other lad's terror pictured in his face he ran to his help, and in an unthinking moment set his foot on the fatal screen and sought to pull his companion from his perilous position. way they stick to them.

barre between 9 and 10 o'clock on Tuesday night, and the back water flooded Pittston. It ose two feet higher than in 1865, and reached West Pittston. At half past 1 Wednesday morning the ice broke up with a terrible crash, and moved past Wilkesbarre. Another gorge was formed at the island, a mile below, and in ten minutes the river rose five feet, and con-Kingston bridge. The ice cakes were four teet thick, and all communication with the opposite side of the river was stopped. Later in the morning the river fell about a foot, and remained stationary during the day, the weather growing colder towards night, and freezing the entire mass. The cellars of the houses on Riv er street and the gas works, were flooded, and there was no gas in the city that night. Communication between Wilkesbarre and Kingston remained suspended, owing to the submergence of the flats on either side of the river, and the perilous condition of the bridge. The damage at Kingston was much greater than at Vilkesbarre, the iron bridge of the Lackawanna and Bloomsburg Railroad, and the wooden wagon bridges have been swept away. The railroad bridge cost \$120,000, and the county oridges nearly \$50,000 each. These bridges

The Lehigh Valley Railroad, both above and below Pittston, is covered in places with huge blocks of ice, and no trains runs above Wilkesbarre. At Nanticoke dam, eight miles below Wilkesbarre, the ice moved on Wednesday, but it remained solid above the dam. A gorge also formed between Danville and Sunbury, causing a great flood, and cutting off railroad communications. The bighway bridge at Catawissa was carried away and part of the bridge at Danville. A dispatch from Scranton on Wednesday night says many of the stores and the banks at Pittston were closed on Wednesday, owing to the stoppage of communication with the opposite side of the river. On each side of ice studded with immense boulders West Pittston was caught between two floods, one of nountains at 1 o'clock on Wednesday morning The losses by the flood and by the obstruction f railroad travel are estimated at \$1,000,000. The catastrophe of the anticipated flood a Port Jervis occurred on Wednesday morning, but the damage, though great, fortunately proved less than was apprehended. At 6 o'clock in the morning the people were warned, by the sounding of a steam whistle, of the sweep of ce and water from above. At 7 o'clock the

About twenty small houses and a number of shanties were demolished, but owing to the warning given there was no loss of life, except in the case of one man reported killed. . 5, 6's (1881 New York Produce Market.

Reported Every Week Expressly for THE MONTHO
DENOCHAT by Rhodes & Server, Produce Commission Merchants, 20 Whitaball Street, New York. New York, Friday, March 19, 1875. Receipts for the last six days, 22,100 pkgs.— There is a fair business doing in the butter trade at about steady figures except for rolls.— These are very dull and still tending downward.

CHEESE. Receipts for the last six days, 11,820 boxes. —
The market remains without change since our yesterday's report. The shippers have filled the most of their orders for the week. Shipments will be larger than last week. It is through home trade dealers are buying about the usual quantity.

State Frequency fine. 1846.

EGGS. Receipts for the last six days 6,687 packages. Receipts were quite liberal to-day and prices ruled easier. Most holders asked 33c. for good marks, but others were willing to sell at 32 4c. and a few at 32c.

DRIED FRUITS. Heavy packed quartered apples continue firm hough the export demand is not quite so free. POULTRY.

Receipts continue light and with a good demand. The tone of the market is perhaps firmer, without however being quotably high-Turkeys, State, good to prime. 18 to 20c Chickens, Jersey prime......22 to Control Ducks, Jersey, prime......23 to 25c

MEATS AND STOCK.

Calves are in good demand to-day, and sell-ng at about a steady range of price. POTATOES.

Centaur Liniment. There is no pain which the Centaur Liniment will not relieve, no swelling

they will not subdue, and no lameness which they will not cure. This is strong language, but it is true. They have produced more cures of rheumatism, produced more cure of requirements, neuralgia, lock Jaw, palsy, sprains, s welfings, caked breasts, scalds, burns, and rheum, ear-ache, &c., upon the human frame, and of strains, spayin, galls, etc., upon animals in one year than have all other pretended remedies since the world than have all other pretended remote as the table who spears. They are counter-irritant, all-healing, pain relievers. Cripples throw awaytheir crutches, the lame walk, poisonous bites are rendered harmiers, and the wounded are besied without a sear. The recipe is published around each bottle. They sell as no articles ever sold before, because they do just what they pretend to do. Those who now suffer from rheumatism, pain, o do. Those who now saner from returnation, pain, or swelling deserve to suffer if they will not use Centaur Liniment, white wrapper. More than 1000 certificates of remarkable cores, including frozen limbs, chronic heumatism, gout, running tumors, etc., have been received. We will send a circular containing certificates.

the recipe, etc., gratis, to any one requesting it. One bottle of the yellow wrapper Centari Liniment is worth one hundred dollars for spavined or sweenied horses and mules, or for serve-worm in sheep. Stock-owners—theseliniments are worth your attention. No family should be without them. "White wrapper family use Yellow wrapper for animals. Sold by all Droggists.—
