The ice gorge in Jone's lake remains unmov

who ought to know, that this lake may be set back up to the Fair Ground, and thus be made to flood the whole of our town ; that there is a sufficient surplus of water to do this without the assistence of any other agency. Now if the

capitalists of this town want to get a head or the DEMOCRAT in "ruining the town" let them not only pray for this flood but use the"means" to bring it about It would "ruin" the insurance companies by taking away a large amount of revenue from their coffers and making the property of the town more secure from
